

### TERMS FINAL, LAW DECLARES

Leader in House of Commons  
Hopes Germans Will  
Sign

By Associated Press.  
London, June 17.—The peace terms presented to Germany are the final reply of the Allies, Andrew Bonar Law, government spokesman in the House of Commons, declared in opening the Victory loan cam-

aign at the Guildhall yesterday. The speaker said he hoped earnestly the Germans would sign the terms. "It is for them to choose within five days," Mr. Bonar Law added. "They must sign or the armistice is at an end. There must be a just peace, but a just peace must be a stern peace."  
The speaker said that the chief of the British staff had declared twenty-three different wars were now going on, and added:  
"It is not all over. It is quite possible by want of wisdom, by absence of restraint, by disunion among the Allies and by want of unity at home, to lose, not the victory, but the full force of the victory, which has been bought so dearly."

## POPULAR BOYS ARE OFFICERS OF TECH'S GRADUATING CLASS

Athletic Stars Honored by  
Classmates With Honorary  
Positions; Football and  
Baseball Teams Represented  
With Boys Who Kept the  
Ball Rolling During Winter  
Months

When the graduating class of the Technical High school entered that institution four years ago, it had an enrollment of 177, divided into seven sections. Now only about 74 pupils remain to compose the class. During the junior and senior years officers were elected to have charge of the meetings and direct the affairs of the organization.

Those who preside now are: President William Strohm Hoerner; vice-president, Victor John Augustin Bihl; secretary, Frank Joseph Fellows, Jr.; treasurer, Lester Roland Bell; historian, Peter Paul Weimer Shank, and prophet, Jay Dee Gehrett. These boys are active in all phases of school life, and have literally kept the ball rolling during the winter months at Tech.

President Hoerner is also president of the Athletic Association, a member of the Social Dance Club; has played end on the football team for three years; and was captain of the varsity team this past season. "Bihl" recently had an offer to manage the "Borax Bill" outfit, but he is of a more serious turn of mind and will likely enter the Penn Dental School in the fall.

Vice-President Bihl, the boy with the big name, has been one of Tech's stellar athletes during his career at Tech. "Vic" is also a member of the Terschorean organization. He was a "q" for two years on the football team, playing center rush. He was an all-around performer on the basketball team, and it was his great

### Nets \$2,300 on Berries From Acre and Quarter

Baltimore, Md., June 17.—To-day Lewis M. Milbourne, chief deputy collector of internal revenue, after a few days at his old home in Somerset, reported that nothing like the present prosperity of the strawberry growers had ever been known in that section.

Mr. Milbourne said that at Marion Station, which is the principal strawberry shipping point and market in Somerset, there were shipped this season 206 cars of berries, notwithstanding the short crop due to light planting last year. The cars brought an average of \$2,100 each.

Mr. Milbourne told of one man who from one acre and a quarter planted in strawberries cleared \$2,300. The average profit from an acre was \$1,000, and he knew of farmers who had cleared \$10,000 and even \$20,000 from their crops.
