# STEELTON WOMAN TELLS OF FEELING RETURNING ENERGY

"Some days I would be so weak for hours that I could not start my work." My stomach was in terrible condition and often after eating my lips would get blue and I would almost faint. I saw the statement of another woman with the same suffering who told how she had been helped by Natonex, so I could see no reason why it should not help me."

This is how Mrs. Mary Bowler, of Steelton, told of her condition and how she was led to find relief and new strength.

"My kidneys were very weak and I had severe headaches," Mrs. Bowler continued. "I had tried several medicines, but none of them seemed to reach my trouble. I was miserable all the time, and when I had no real pain, I felt so tired and worn out that I wanted to sit down and rest most of the time.

"I had no energy, no pep, as my son used to say, to do my work. Headaches would come on me suddenly and last a whole day. During these headaches I would be unable to eat and sleep was impossible.
