S. DUNCAN WYLJE,

Next Monday morning Camp Hacoboscam, of the Scout camp of the Harrisburg Council, Boy Scouts of America is known will open at Mount Holly Springs. The lease to the amusement park has been signed and it is now the property of the boys of Harrisburg until October 1. Expérts have declared this location to be the finest camping spot in eastern Pennsylvania, and it combines the advantages of being readily accessible by train, trolley or auto, and also within reasonable distance of Harrisburg. Besides this, the water supply is perfect and the natural contour of the land makes the camp location dry even in the worst kind of weather.

Buildings on the grounds at the present time will be used to the fullest. There is a permanent mes shall with kitchen attached, a permanent assembly hall, and the old dance pavilion will be used as a wet-weather meeting place. All the grounds have been cleaned up and put in first class condition. The camp will be under the general direction of Professor J. F. Rees, of the Technical High school. Professor Rees has been quite busy during the past two weeks working with Scout Executive Virgin in making camp ready, and getting all supplies gathered, in order that nothing will be lacking when camp opens.

LABOR UNIONS TO | CENTRAL I. & S. **BEGIN CAMPAIGN INSURES LIVES** IN STEEL REGIONS

400,000 Workers in the Pittsburgh District

Atlantic City, N. J., June 17.—A Every employe of the Central Iron committee of twenty-four presidents and Steel Company will be insured at the company's expense. This was the announcement made by Robert H. Irons, president, to-day. The latter is carrying out his up-to-date policies announced sometime ago. President Irons in announcing the immediately to launch extraordinary insurance scheme issued a statement, saying in part: Atlantic City, N. J., June 17 .- A Every employe of the Central Iron of international labor unions interested in the organization of workers in the steel industry, headed by Samuel Gompers, president of the American Federation of Labor, decided immediately to launch extraordinary organization efforts in the great steel producing regions of the country, especially the Pittsburgh district, and fight there for the "right of free assemblage, free speech and a free press."

The presidents of the unions pledged themselves to "go to jail if necessary" in the attempt to organize 400,000 workers in the Pittsburgh, McKeesport, Homestead and Monongahela regions and to carry out an equally vigorous campaign in other sections, including the Alabama steel centers.

Energetic efforts in all sections were determined upon after it had been declared by some conferees that the "steel barons in the Pittsburgh region have refused to permit organization meetings to be held for the last six morths."

It was declared that the employers in the steel industry were firmly set against permitting organization of their employes, and that the time had come for organized labor to take even a firmer stand to the contrary.

Will Attempt to Organize Progressive Step Taken For Benefit of Its Workingmen

President Irons in announcing the insurance scheme issued a statement, saying in part:

"This insurance is not to be considered as a part of the wages or salary of any employe, nor does it in any way take the place of, or affect, the amount to which any one may be entitled under the workmen's compensation act of the State.

"The insurance commences with amounts ranging from \$500 for those who have been in the service six months to \$1,000 for those who have been in service for five years and increases hereafter at the rate of \$100 per year until the maximum amount of \$1,500 of insurance has been obtained.

"In the event of permanent total disability, under the age of sixty (60) years, of any member of the group, urder the terms and conditions of the contract, the accumulated insurance to which such member may then be entitled matures immediately, and becomes payable six months after the proof of such disability, upon request of the company, either in one sum or in instalments.

Summer Entertainments

Members of the Shamrock Fire
Company, No. 11, are planning for
a number of entertainments during
July and August. There will be a
lawn festival in July and a series of
street dances during August. The
Shamrock firemen are taking these
means to raise funds for a trip to
Lancaster during the State firemen's
convention. Last week rain interfered with their festival and dance,
but Company No. 11 came through
fairly well financially and used the
proceeds to entertain the visitors to
the county convention.

TO FORM LOCAL SCOUT COUNCIL

Meeting to Be Held This Evening to Further the

Plans

A meeting in the interest of forming a local council for Boy Scouts has been called for this evening at 8.15 in Trinity parish house. The meeting is to be attended by all the scoutmasters, assistants and members of scout councils as well as by those not now in any way connected but interested in Boy Scout work.

There are four troops of Boy Scouts in Steelton, with a membership of more than a hundred boys. This allows the formation of a second class council. The purpose of the meeting this evening is to elect officers and enter an application for a charter from national headquarters.

olineers and enter an application for a charter from national headquarters.

Plans are being made for a camping trip during the summer, in which all the troops would join in one large camp.

All of the local troops have been doing excellent work for the boys. Two of the troops are receiving swimming lessons regularly in the Paxtang Park pool, under the instruction of their own athletic directors, Troop 1, under C. W. McCoy, and Trinity Troop under John Gillett. Trinity troop has the use of the pool every Wednesday evening, and Troop 1 every Thursday evening.

The scout program aims to make good, healthy, moral men of the boys and has proved itself to be the most successful program as yet adopted in work for boys. As such it claims the interest and support of all.

Associated Charities Report Few Needy Cases

At the meeting of the Associated Charities of Steelton held last evening no new calls for aid were reported. Reports showed that in the past few months very few families in real need were reported. Such as were reported were promptly relieved.

Miss Georgia Winship, nurse for the Associated Charities, has completed a survey of the borough prior to starting work on child welfare. She will start on this work immediately after her return from a short vacation.

Work on the borough streets is progressing splendidly. A large portion of the blocks in Front street have been taken up and are being replaced by new blocks, laid in a manner that will do away with the trouble experienced before. Repairs on other streets are to follow immediately after the Front street repairs have been completed. Madam roads are being oiled.
