Unlawful and Unnecessary Noises at Times Almost Unbearable

ASK THE MAYOR TO ACT Automobiles and Motorcycles Run With Mufflers Open

Plans for a fight to secure the abatement of the noise nuisance in Harrisburg concerning which there has been considerable complaint of late months, were outlined at a meeting of the Harrisburg Rotary Club at the summer home of James W. Barker, near Covalen, last evening.

Resolutions endorsing a movement to lessen the evil in the city at unseemly hours were adopted. It was decided to ask the committee of five visit Mayor Keister, to endeavor to enlist his co-operation in bringing about the desired results. The committee will be named later. This resolution follows:

Resolved: That the Rotary Club of Harrisburg go on record as strongly urging the Mayor of the City to exercise the power invested in him to stop the unnecessary noises that now render life almost unbearable in many parts of Harrisburg by the loud whistling of locomotives, explosions of quarry blasts at unseemly hours, and especially the unnecessary use of automobiles and motorcycle cutouts; and be it further

Resolved: That a copy of these resolutions be laid before His Honor, the Mayor, by a committee of the club.

No subscriptions, assessments and levies may be levied by the club. Any referred to the Board of Directors, under the provisions of an amendment to the Constitution, presented at last meeting. This will be acted on at the first full meeting in September, yesterday's meeting being the last of the summer.

Eighty members of the Rotary Club were in attendance at the meeting, having made the trip to Mr. Barker's home in Perry county by automobile. The members were pleasantly entertained throughout the evening and a luncheon was served. They returned home late in the evening.

American Labor Leaders Demand Burleson's Scalp

Atlanta, Ga., June 18.—A resolution asking President Wilson immediately to remove Postmaster General Burleson from office was adopted unanimously to-day by the American Federation of Labor, in convention here to-day.

The resolution regarding the Postmaster General, after alluding to President Wilson's message to Congress relating to democratization of industry based upon recognition of labor's right to participate in decisions affecting its welfare, declares that Mr. Burleson "has introduced a labor policy in direct conflict with this enunciation of principle," and that the Postmaster General "characterized as ally the rights to collective bargaining."

The resolution charges further that Mr. Burleson "has ruthlessly invaded the rights of employees and has interfered in defiance of law, with the proper functioning of their organizations" and has "refused to recognize" labor's accredited representatives.

FINES IMPOSED WHERE MILK IS BELOW STANDARD

Alderman Murray Sustains City Health Bureau in Prosecutions

Fines and costs were imposed on proprietors of a restaurant and a hotel, a retail milk dealer and a large milk products corporation by Alderman C. E. Murray to-day in the first of the hearings of suits brought by the City Health Bureau for the sale of cream said to be below the city's standard for butter fat.

To-morrow morning about eight more dealers will be heard at the office of Alderman John E. Nicholas and on Friday morning Alderman E. J. Hilton will dispose of additional suits for the same offense.

Mistake by Clerk

Frank Nicholas, proprietor of the Court Dairy Lunch, was fined \$10 and costs amounting to \$6.14; the Pennsylvania Milk Products Company, \$5 fine and \$6.14 costs in each of two cases; Bruce Taylor, \$10 fine and \$6.14 costs; J. W. Schroth, proprietor of the Plaza Hotel, \$5 fine and \$6.14 costs, by Alderman Murray. The cases against C. A. Hoak were continued until 4 o'clock this afternoon.

When the case against the Hershey Creamery was called it developed that there had been a misunderstanding about the grade of cream which was taken for the city test. After hearing the evidence, costs amounting to \$6.71 were imposed on the company.

The company contended its representative had sold a sample of Homo cream, composed of cream and condensed milk, used to manufacture ice cream, instead of pure cream, and as soon as he made the discovery a minute or two after the sample was taken, told the city food inspector.

These cases are to be heard before Alderman Nicholas: Alva Restaurant, three charges; C. W. Smith, Harrisburg Quick Lunch; Davenport Lunch, Crystal Restaurant and J. A. Rudy.

THOUSANDS OF YOUNGSTERS TO ATTEND PICNIC

Harrisburg Telegraph to Be Host to Many at Paxtang Park

The Boy Scouts are mightily interested in their relay race, which starts from the Telegraph building with at least ten teams contesting prizes, and finishes at the park. There will be competent judges of the course, and parents and friends of the gallant runners are asked to provide motor cars to pick up the lads as they finish their sprints. A splendid cup goes to the winning team, and this, with all the other attractive prizes, are to-day on view at Rothert's store, in Market street.

The Harrisburg Railway Company has arranged for cars to leave the end of each line at 8.30, stopping at the various schools for the pupils and teachers. The regular schedule may also be used to make the trip.

HOUSE WARNED WORK MUST BE DONE QUICKLY

Speaker Spangler Holds Up Threat of Extending Session

CALENDARS ARE LATE Members Seeking to Be Excused Are Told to Go to Work

Speaker Spangler to-day served notice on members of the House that unless they stay here and work it means an extension of the session beyond June 26.

This notice came when several members asked leave of absence. Most of them said they were called home because of "illness."

"If this thing goes on it may interfere with a session to-morrow and if there is no session Thursday it will mean an extension of this Legislature beyond June 26," said the Speaker. The question of leaves was put up to the House and no objections were made to any applications.

The House concurred in Senate amendments to the bill transferring the State fire marshal's duties to the State Police Department.

Calendars Delayed

Owing to the fact that the calendars for to-day's session of the House had not been delivered Speaker Spangler at 11.15 ordered the House to go to work on the calendars of yesterday as a guide.

When the House got down to work Mr. Sterling, Philadelphia, moved that his bill for an elective school board in Philadelphia and Pittsburgh, be dropped from the calendar. This was done without discussion.

The bills allowing Philadelphia to vote to transfer loans, a measure relative to transfer of the district reported. This bill was the subject of a discussion yesterday.

Redheaded Girls Come Into Their Own at Last

Redheaded girls are at last coming into their own. A show card in the lobby of the Colonial Theater, Market street, displays prominently the fact that every redheaded girl in Harrisburg and vicinity is to have a theater party in honor of Alice Brady, screen star, who is to be shown there in "Red-head" this weekend.

This card has attracted lots of attention from the public. Many people thought at first that it was merely an advertisement, but upon making inquiries to the manager of the Colonial, they were told the party was actually to take place.

The only requirement we ask is that the girls come to the box office and show their hair. If it's red or auburn as many would rather call it, they will immediately be sent into the theater free of charge.

BUYS PROPERTY

J. William Bayles, chief clerk at the County Directors of the Poor, has purchased from the John V. Artillery Is to Follow Combat Divisions

By Associated Press.

Coblenz, June 18.—The concentration of troops preparatory to advancing further into Germany if the Germans refuse to sign the terms of peace will begin on Wednesday throughout all the occupied area. Orders to this effect were received yesterday from Marshal Foch, commander-in-chief of the Allied armies, who sent similar orders to all the Allied forces on German soil.

Lieutenant General Hunter Liggett, commander of American forces in the Coblenz area said to-day, after an inspection trip of the bridgehead outposts and the headquarters of divisions along the Rhine, that the American forces were all ready to move ahead at a moment's notice.

Leaves to soldiers, permitting them to visit recreation points within the American zone have all been suspended until it is known whether the Germans will accept or reject the peace conditions.

If orders come to go ahead, the Americans will advance in combat formation prepared for any emergency, with the artillery and supply trains following close upon the heels of the infantry.

German Cabinet Spends Night on Pact

Weimar, June 18.—A statement has been received by the German cabinet on the Allied reply to the German counter-proposals.

The Associated Press learns that sentiment in the cabinet is almost unanimous against signing the Treaty, the only objection being the possibility of Bolshevism and chaos in Germany.

The cabinet met at noon yesterday and continued in session until late in the day. The Peace Commission has been deliberating on the Entente answer at 8 o'clock. In that meeting all circles here were reported weary last night, since a large number of the cabinet members and other dignitaries stayed up all last night to read the Allied terms without delay.

Indignation is said to be increasing in Weimar.

Kipona, City's Big Water Carnival, to Be Resumed

The Greater Harrisburg Navy is an organization which has for its purpose and main object the improvement of the Susquehanna Basin. Incidentally it is the association which has arranged the summer water carnival under the Indian name of Kipona. A meeting of the executive committee has been called for Thursday evening at 7.30 o'clock at the offices of the Department of Parks in the Calver building. The meeting will discuss plans for the Kipona this summer and such other business as may properly come before the association. During the war the orchestra was suspended, but the active members of the Navy now feel that the big event should be staged as heretofore with all its features and all kinds of aquatic stunts. Admiral J. William Bowman is at the head of the Navy and has surrounded himself with an active and enthusiastic staff.

NO SESSION OF COUNCIL TODAY

With Leaders Away Peacemakers Are Marking Time

By Associated Press.

While sentiment in the German cabinet, according to a Weimar dispatch, is almost unanimous against signing the treaty, official Germany has not definitely committed itself on the amended peace conditions.

The German leaders held an extended conference at Weimar Tuesday to discuss the treaty terms, on which hangs the future fate of Germany. It is expected the amended conditions will be laid before the German national assembly to-day by the cabinet. It is declared that the only thing that might persuade the German government to agree to the Treaty is the possibility of political and economic chaos in Germany afterward.

Opinion in Paris as to the eventual attitude of the Germans is divided. It is believed, however, that the Germans, knowing the certain results of a refusal to sign, will in
