## ROBBER CAUSES BREAK OF EGGS

### In Attempted Holdup Frightened Horse Driven by Boy Runs Away at Gettysburg

Gettysburg, Pa., June 18.—A crate of eggs was the loss in an attempted hold-up on the Fairfield road shortly after the dinner hour. The eleven-year-old son of Ira Clapsaddle, living about a mile and a half from town, was sent to town with the eggs and when he crossed the bridge at Willowby Run a negro stepped to the middle of the road and made a grab for the horse's head. Instead of catching the rein he scared the horse, which started at a wild gallop up the road, breaking the entire lot of eggs. A negro was later captured by Detective Wilson who gave the name of Preston Weathers and his home as Baltimore. He was identified by the boy.

## Make Your Own Coffee at the Table

### You Need Not Bother With a Coffee Pot

How much more convenient it would be if you could make coffee right at the table. Think of the time gained, the steps saved, the extra bother and fuss eliminated! All this is possible—if you use Hires Instant Soluble Coffee. This was first made for our soldiers in France, who required food, coffee that could be easily made. And so thoroughly did Hires Instant Soluble Coffee meet every requirement, 65-2-3 per cent of all the coffee contracted for by the American Army, in the trenches, was Hires. We could not supply more because our facilities would not permit.

Hires Instant Soluble Coffee is the dried pure juice of carefully selected coffee beans of Java and Mocha blend. This clear, aromatic juice is merely converted into a powdered soluble form. The minute you add hot water you have your coffee as originally made, and if you prefer your coffee iced you can have it, for Hires Instant Soluble Coffee dissolves instantly in ice water.

And Hires Instant Soluble Coffee is the concentrated juice of the coffee bean, for by an exclusive process twice as much juice is taken from the coffee bean as is secured by the use of the coffee pot or percolator.

Because Hires Instant Soluble Coffee is so easy to make you can make it right at the table, or can have a clear, fragrant cup any hour of the day or night.

A small can of Hires Instant Soluble Coffee, containing a pound of the best Mocha and Java coffee. The low price is due to the fact that with our exclusive process we extract 100 per cent more juice from the bean than you can in making coffee in the old way. Get it at all stores.

### STOCK SALE AT HARVEST HOME

#### Franklin County Farmers and Breeders' Association Is Planning County Fair

Chambersburg, Pa., June 18.—The annual Harvest Home picnic at Red Bridge Park, near here, on October 3 and 4, which will be in the form of a county fair, will be followed on Monday, October 6, by a large sale of stock of all kinds, according to plans made at a meeting of the Franklin County Farmers' and Breeders' Association, which conducts the picnic and exhibition and which is headed by D. Edward Long, former State Superintendent of Public Printing and Binding. A committee, consisting of M. M. Kauffman, of Scotland; John E. Heckman, of St. Thomas; and S. R. Miller, of Chambersburg, has been appointed to complete arrangements for and conduct the stock sale. At the meeting of the association a committee reported that the stock exhibit building at Red Bridge Park, which had been blown over during a windstorm, had been repaired and were ready for the picnic.

### Carlisle Orders Companies to Quit Using Sidings

Carlisle, Pa., June 18.—Because of the use of a siding in the town, between West and High streets, for the loading and unloading of express and also for freight handling, the borough of Carlisle has again served an ultimatum on the Railroad Administration and American Railway Express Company to cease the practice. Ten days have been given to stop using the track, which is in the center of the town, immediately adjoining Dickinson College, or an injunction will be sought.

### GIRLS PRESENT UNIQUE AFFAIR

#### Reception Given by 400 Young Women in Honor of Soldiers and Sailors

Chambersburg, Pa., June 18.—The most novel, attractive and successful of the various wartime functions given in this patriotic community was the "Girls' Stunt Night" at Red Bridge Park last night. It was an entertainment given for the returning sailors and soldiers by 400 girls under the auspices of the women of the War Camp Community Service and brought them over to the town, with spectators, seats being especially reserved for the guests of honor and several hundred of them were there. A large open air stage was erected and the Queen City band and Chambersburg orchestra furnished music during the evening. The program included marches, tableaux and dancing by John O. Craig, of Greencastle, president of the Franklin county farm bureau. President Craig was notified yesterday by the extension department of State College that Edward Rice, of Crawford county, had been appointed to the vacancy and had accepted the post. Mr. Rice, the new agent, is a native of Adams county and a graduate of State College.

### WILL MAKES NO BEQUESTS

Waynesboro, Pa., June 18.—To make a will and yet make no will is shown to have been the unique testamentary performance of Harry E. Myers, of Peters township, this county, whose last will and testament was filed for probate in the office of Register William Stover, at Chambersburg. The will makes no bequests whatever and simply names his cousin, Ambrose Myers, as executor.

### RAILWAY COMPANY RESPONSIBLE

Hagerstown, Md., June 18.—The jury of inquest impaled to investigate the fatal accident at Funkstown Sunday evening, when Mrs. Carrie Mitchell, Baltimore, was killed, and Dr. David Reichard and wife and aged Mrs. Susan Lowman were injured when their automobile was demolished by a trolley car, returned a verdict here holding the Hagerstown and Frederick Railway Company responsible and alleging negligence.

### GASIN THE STOMACH IS DANGEROUS

Recommends Early Use of Magnesia To Overcome Trouble. Caused by Fermenting Food and Acid Indigestion. Gas and wind in the stomach accompanied by that full, bloated feeling, or that gas which causes the main evidence of the presence of excessive hydrochloric acid in the stomach, is a warning of danger. A few ounces of Bisulphate of Magnesia will drive the gas, wind and bloated feeling out of the body, loosen the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. It is the worst of folly to neglect such a serious condition or to treat with ordinary digestives which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisulphate of Magnesia and take a teaspoonful of it three or four times a day after eating. This will drive the gas, wind and bloated feeling out of the body, loosen the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain.
