Skill in Typewriting

At the interesting exercises marking the commencement of the Institution For the Deaf and Dumb, Mount Airy, an exhibition of first-year work was given and Kathryn Frick and Grace Pearl, wards of the State, showed remarkable skill at typewriting, each producing a typed essay in view of the audience, which was read by the superintendent. Class essays were written by each of the graduates, but only three were presented to the audience. Industrial exhibits of work of the pupils during the term were shown, including specimens in printing and linotyping, baking, carpentry, chair eaning, drafting, shoemaking, painting and glazing, millinery, sewing, tailoring, weaving and dressmaking. Two beautiful dresses, in neat design, all made by the Misses Frick and Pearl, claimed especial attention, and Harrisburgers. Thomas, William Sweigart, James Roberts, Edward Moselein, J

IRIS CLUB PLANS REUNION DANCE

Event to Be Held at Willa-Villa on July 1 Second

The second of a series of dances to be given by the members of the Iris Club will be held at Willa-Villa, July 1, from 8.30 until 1 o'clock. Invitations have just been issued, and the admission will be confined to the select number who received the announcements this week.

received the announcements this week.

A previous dance held during the winter months by the members of the elub proved such a successful feature of the social activites of the season that the second dance is looked forward to by a large coterie of the friends of the club. It was planned to give a series of dances during the winter and spring, but absence from the city of members and their friends in the naval and military service, prevented the culmination of this plan. The dance on July 1, therefore, will be in the nature of a reunion.

Sourbeer's orchestra will furnish music for the occasion, and an attractive program is being arranged.
