# Governor's Opinion

Bolsheviks Here, Is

Philadelphia, June 19.—"Militant Americanism is what is needed to stamp out Bolshevism." declared Governor Sproul in an address before the graduates of the Pennsylvania Military College in 'Chester, where, at the annual commencement, he was one of the recipients of the honorary degree of Doctor of Laws.

"Bolshevism is not an American product," said the Governor. "It is imported by persons who have neither love nor respect for their own countries and will have none for this, though they live here a thousand years. We have been too lenient in dealing with these conditions. I really don't believe they can be dangerous, for our people, once aroused, will not stand for such stuff. It is up to all of us to combat it with devotion and loyalty to our ideals of government and fight the propaganda of destruction with every weapon at our command."

### Famo Makes Heads Clean and Healthy

Science knows that seborrhea causes falling hair, dandruff and finally baldness.

Famo stops seborrhea by de-stroying the deadly seborrhea ba-

cilli.

It dissolves the dandruff and makes the hair and scalp clean and healthy.

The seborrhea germ attacks the hair roots and unless it is checked, kills the hair.

Famo kills the germ and makes new healthy hair grow.

It gives a new lustre and sheen to the hair and stops falling hair and itchy scalp.

No massage of the scalp is ne-cessary, as Famo is absorbed as soon as applied. All toilet goods counters sell Famo in two sizes—a small size at 35 cents and an extra large size for

Your money will be returned if the large size does not satisfy.

Seborrhea is a morbidly increased flow from the sebaceous glands of the scalp. The seborrhean excretion forms in scales and flakes and is commonly known as dandruff. Mid by The Famo Co., Detroit, Mich
