

DAUPHIN MEN ARE REFUSED

Board of Pardons Grants Release For Helen Boyle; Refuses Clemency to Many

James White, of Dauphin county, who killed a policeman here three years ago, was refused a pardon after serving less than three years by the State Board of Pardons last night. The hearing of his application was marked by some sharp comments by Lieutenant-Governor Beldeman, who did not see why he should be set at liberty.

The Board approved the application of the inspectors of the Western Penitentiary for release on parole of Helen Boyle, who figured in the Whitla kidnaping and has served ten years. She was convicted two years ago. The Loomis first degree murder case was postponed, and the Broneslaw Bednetcki case from Beaver, was refused.

Decisions were announced as follows: PLAYGROUND OPEN City playgrounds were opened today for the summer. Instructors held a brief meeting this morning in the city council chamber to receive information from J. E. Staples, playground supervisor, about organizing their work and making reports each week, after which they went to the various playgrounds to begin their duties. Supplies for the grounds were distributed during the morning.

Teamster's Life Saved WRITES LETTER THAT IS WORTH READING VERY CAREFULLY

Peterson Ointment Co., Inc., Buffalo, N. Y.: I was afflicted with a very severe sore on my leg for years. I am a teamster. I tried all medicines and salves, but without success. I tried doctors, but they failed to cure me. I couldn't sleep for many nights from pain. Doctors said I could not live for more than two years. Finally Peterson's Ointment was recommended to me and by its use the sore was entirely healed. Thankfully Yours, William Haase, West Park, Ohio, March 22, 1915, care P. G. Reitz, Box 159.

RECORD BROKEN ON ROAD WORK

State Highway Department to Get One Hundred and Six Miles at Once

Bids have just been asked by the State Highway Department for construction of the largest amount of road ever presented at one time in the United States, if anywhere else in opinion of officials of the State Highway Department. The bids will be opened on July 8 for 106.96 miles. The department has let contracts for over 300 miles and has bids either under consideration or pending for close to 100 more with prospects that by the end of July half a thousand miles will be under contract, all on State main highway routes.

The longest strip of highway for which construction is planned and for which bids will be opened July 8, is that section of the Lackawanna trail which lies in Clark's Summit, Glenburn, Dalton and LaPlume boroughs and Abington, Clinton and Nicholson townships, in Wyoming and Lackawanna counties. The total length of this construction is 71.043 miles. This is approximately 13 1/2 miles and is a record breaker for Pennsylvania, insofar as continuous construction is concerned.

Another important piece of construction is that in Perry township, Westmoreland county, on the William Penn highway, where 32,047 feet of reinforced concrete and hillside bridge will connect Blairsville and New Alexandria. There are twenty-two projects in the letting of July 8. In Bradford county, almost nine miles of road are planned from Towanda north toward Waverly. In Bucks county a concrete road is to be put down north and south of Plumsteadville on the Easton-Doylestown-Philadelphia road. A very important thoroughfare is that between Slippery Rock and Butler, on the road north from Pittsburgh, where the program calls for about eight miles of concrete.

There are two projects in Clearfield and Curwensville and the other extending from DuBois toward Reynoldsville. Construction is planned from Coacoma, Clearfield county, south over two miles to Centre county. In Delaware county over four miles of road are to be built north from Chester. In Fayette county about six miles of concrete are planned from a point north of Smithfield to the West Virginia line, on the main road south from Uniontown. Another six-mile strip is that from Slatington south toward Allentown, in Lehigh county. A second Lehigh county job is that for three miles of concrete from Allentown south toward Emmaus. Four miles of concrete are planned for Luzerne county in the vicinity of Harvey's Lake. There are three Somerset county projects. One is from Salisbury to the Maryland line, another meanders seven miles between Berks, Lincoln and Garrett the third calls for six miles of concrete from Jennerstown north toward Johnstown. In York county it is proposed to construct six miles of concrete from York to a point south of Dallastown, on the road to Baltimore.

Enough automobiles have been promised to assure transportation for everybody. Those without automobiles should meet at the entrance to the Dauphin Building at 4 o'clock and Mr. McFarland or some other member of his committee will direct them into automobiles.

Motor Club Declares Washday Off and Plans For Big Monday Outing

"Hey, Jiggs, tell Maggie washday is declared off for next Monday, June 23," says an announcement of the Harrisburg Motor Club, in speaking of its big basket picnic, planned for next Monday at Bolling Springs Park, in the style of McManus, originator of the cartoons printed daily in the Telegraph. Everything at the park will be free, officials have announced. The entire park has been chartered by the Motor Club, including the merry-go-round, boats, and other amusements. Band concerts and dancing on the pavilion will be held during the afternoon and evening. "Bring the whole family, the wife, the kids and everything," members are told. Games and contests have been arranged for the "growups and kiddies, and a bunch of prizes for the winners. All have been told to get the old picnic basket and pack it to the brim with good things to eat. An automobile run of members in a section of the city to the city park, will be staged. A secret time will be selected and the cars that make the run in the time closest to the secret time, will be awarded prizes. Cars will check out at Front and State streets any time between noon and 2 o'clock and check in at the park."
