

Union Labor Strangles Bolshevism

"For the first time in many years the extreme radical groups which have always contributed the most noise and a great deal of mischief, pitch their songs in a subdued key," according to the New York World correspondent at the American Federation of Labor Convention at Atlantic City.

While a Buffalo editor declares that every day some new strike, or bomb explosion, or red-flag

waving in this country or Canada confirms his belief that "Union labor is in the hands of unscrupulous men whose political, social and economic principles stand on all fours with those of Lenine and Trötzyk," the evidences of conservatism at the Convention are many. For instance, the President of the Boilermakers and Iron Shipbuilders Union has sent out an order to local unions which, he says, "serves notice on

all that Bolsheviki, I. W. W.'s or kindred gentry will not be tolerated."

For an enlightening account of the latest phases of the struggle in the labor world between radicalism and conservatism you should read the leading article in THE LITERARY DIGEST for June 21st. It presents the subject from all angles.

THE PEOPLE WHO READ "THE DIGEST"

The best test of any periodical is the class of its readers. Character in a magazine or a newspaper attracts men and women of standing and judgment as inevitably as a flower draws the bee, and for the same reason. It suits their taste. Glance around you in the train, on the street cars, in hotel-lobbies, wherever your fellow-humans congregate, and note the peo-

ple who read THE LITERARY DIGEST. They are the best type. They buy The Digest because they know it is accurate, impartial, wholesome, comprehensive and up-to-date, because they can take it home to their children with confidence, and because it covers the world's news as no other periodical does. Are you with them?
