

MOTOR CLUB IS READY TO ASSIST

(Continued From First Page) of the Rotary Club. This letter is as follows:

"It is with a great deal of satisfaction that we note the action taken by the Rotary Club in reference to the noise nuisance in this city. Business places in the central part of the city are compelled to keep windows closed during midday to be able to converse on the telephone, and all because automobiles and motorcycles are allowed to use their cutouts, and worse than all combined is the large army truck which goes through our streets with a roar that makes the buildings tremble. This is all unnecessary and out of place in a city the size of ours, besides being against the automobile law approved July 7, 1913, which reads: 'The unnecessary sounding of bells, horns or other sig-

nal devices, the unnecessary use of horns or other signaling devices when approaching or passing any other vehicle or animal of draft or burden is prohibited.' We wish to say that we are heartily with the Rotary Club in this movement and stand ready to assist in any manner whatsoever."

Meets General Approval General approval has followed the movement to suppress the unnecessary noises which have made life almost intolerable in some sections of the city and it is expected that other organizations will line up with the Rotary Club in this public protest against the racket which has destroyed rest and proved injurious to the health of the people all over Harrisburg. Particular emphasis is placed upon the illegal use of cutouts on automobiles and motorcycles, but there is also vigorous objection to the general use of sirens and other noise-making devices by a lot of joy riders who imagine the best evidence of power in an electric vehicle is noise of every sort. Mayor Keister will have the mat-

ter presented to him through a committee of the Rotary Club and it is believed it is within his power to greatly improve conditions by insisting upon a strict enforcement of the ordinances by the police department.

Glass and Schaffer Are Honored by Lafayette

By Associated Press. Easton, Pa., June 20. — At the eighty-fourth annual commencement of Lafayette College to-day honorary degrees were awarded as follows: Doctor of laws, Carter W. Glass, Washington, secretary of the treasury; William I. Schaffer, Harrisburg, attorney general of Pennsylvania, and the Rev. R. Bruce Taylor, Kingston, Ont., principal of Queens University.

MANY ON PLAYGROUNDS More than 3,000 children attended the city playgrounds, which opened yesterday, it was estimated by J. K. Staples, supervisor.

AMERICAN PAJAMAS ARE WORN BY THE ALBANIANS

Take Place of Rags and Tatters, American Red Cross Found on These People

Tirana, Albania, June 20.—Thousands of Albanian men and women are now proudly wearing American pajamas day and night. When the American Red Cross representatives came to Albania, the people were clothed in rags and tatters. Miles and miles of unbleached muslin sent to Albania by the American people have been cut up by native women in the Red Cross workshops and made into garments. In one of these workshops an American girl retains as a souvenir the blouse of an Albanian who now sports American pajamas. This shirt is composed of 287 scraps of cloth

and like the average collection of rags worn by Albanians looks like an old-fashioned American crazy quilt. American women are conducting welfare classes among the Albanian children, teaching them English, hygiene, providing them with a special diet and clothing them. The little victims of the war also are being taught American games and how to play, an art they seem to have lost.

Stamps to Be Sold For Wets but at Own Risk

By Associated Press. Washington, June 20.—Although foreseeing "no reason to doubt that war time prohibition will become effective July 1," the Internal Revenue Bureau, in accordance with an opinion of the Attorney General will continue the sale of stamps for intoxicating beverages after that date. Commissioner Roper said, however, the sale would be with the distinct understanding that the manufacture or sale of prohibited beverages was in no way authorized. Commissioner Roper explains that the bureau necessarily would continue to enforce the tax laws as related to alcoholic beverages until they were repealed by Congress. No provision for repeal is contained in the legislation now before Congress for enforcing war time and national prohibition.
