NEW GUARD WILL BE FORMED SOON

Governor Will Take Part in the Preliminary Matters

As soon as Governor William C. Sprout disposes of the bill with respect to the new guard, which will be the latter part of July, he will send it to the Legislature...

Meanwhile General Price will make some visits to various places in the State and consult with the officers of experience regarding the formation of the new guard. He will handle this work in co-operation with Brigadier General Richard Coker, Jr., George C. Richards and E. J. Shaffer...

Many officers of the former National Guard are expected here on June 30 when the statute of the late Adjutant General Thomas J. Stewart, presented to the State by the officers and men through subscriptions...

Few Pardons.—The few pardons recommended by the State Board at its session on Wednesday will be issued during the coming week...

To Relieve Five.—Steps to raise the State quarantine for hog cholera from five of the seventeen counties where any shipments or sales of hogs except for immediate slaughter are now forbidden are being taken by State Live Stock officials...

Big Cases Due.—The hearing of the Public Service Commission on the complaint of the Northwest Business Men's Association against the rates of fare in Philadelphia will be held in Philadelphia by the Public Service Commission next Saturday...

Many Increases.—Notices of increase of stock or debt by public service companies have been filed at the Capitol as follows: Coatesville Trolley Co., Coatesville, preferred stock, \$100,000; Springfield Consolidated Water Co., Philadelphia, bonds, \$2,071,200...

Colors Received.—The colors of the One Hundred and Eighth Machine Gun Battalion have been received by Adjutant General Beary for deposit in the Capitol.

No Change Made.—The Public Service Commission last night issued a decision sustaining the Pennsylvania railroad sixty-trip ticket in Philadelphia.

Merger Filed.—The papers for the merger of the Dillsburg and Franklintown Light, Heat and Power Companies has been filed with the Public Service Commission for approval.

To Study Potatoes.—State officials will accompany a party of foreign authorities on potato culture to the Freeland district, where experiments against the potato wart are being conducted in conjunction with the Federal authorities.

Start Calendar.—The Senate calendar for Monday night contains only forty-five bills, an unusually small number. Only six of these are Senate bills, so that the way can be cleared for House measures.

Schaffer Given Degree.—Attorney General William I. Schaffer was yesterday given the honorary degree of LL.D. from Lafayette College.

COX AUTO BILL GETS TWISTED

Highway Commissioner Made Liable to Very Severe Penalty Clauses

The Cox bill designed to regulate the sales of second hand automobiles and trucks and to punish thefts and sellers of stolen vehicles has to be recalled from Governor William C. Sprout's desk because in the drafting of some amendments a drastic penalty was placed upon the State Highway Commissioner...

Last week as a result of a series of conferences the bill, which had been in the hands of the Governor, was recalled and amendments made in the House. When the bill was printed it was discovered that the amendments placed all the burden of non-compliance with the law upon the commissioner and that he was also subject to penalties for any omissions in recording and registration...

Just how the amendments came to be made up so peculiarly is not known here, but no time will be lost in recalling the bill when the Legislature meets.

DEAR FOLKS: LET me tell you about a Wilson & Company party given by the members of the Fellowship Club of the New York plant at the Waldorf Hotel last Wednesday night...

The New York Fellowship Club has an active membership and the members are very proud of it so they wanted to show Mr. Wilson how it measures up alongside of the other Fellowship Clubs that exist in other plants around the country.

But most of all, they wanted to show Mr. Wilson how much they appreciate his efforts in grouping his 25,000 workers into one big, happy family where all share in the generous distribution of good-will, rewards and privileges.

I think it is great that one man has the power and ability to lead so many people into pleasant paths and make them proud in his leadership.

The evening party opened with a performance by a minstrel troupe composed of workers, whose singing and acting and conversation delighted the members and their wives who were present.

It is easy enough to detect the difference between a genuine and a forced ovation; one is spontaneous; the other shows it is given because it is expected.

When, however, hundreds of men and women stand and cheer and applaud and wave handkerchiefs and do so impulsively and heartily—then there is no doubt about the spontaneity of it, nor is there any doubt about their liking and honoring the man.

Mr. Wilson talked to them very briefly, but he said what was in his heart to say, and he said it so sincerely that his fellow-workers knew that he meant every word.

The secret of Mr. Wilson's success in his great business of supplying people with his company's CERTIFIED FOOD PRODUCTS—such as hams and bacon, canned meats, vegetables and table delicacies—all backed up also by the slogan "THE WILSON LABOR CERTIFIES YOUR TABLE"—is due to the faith he has in his fellow-workers and to their faith in him.

It is out of the question for people to live in the same household and true-blue in one direction and false in another and in this particular household don't forget, there is absolute harmony as affecting the spirit, the thoughts and the action of every member thereof.

Mr. Wilson remained with his fellow-workers as one of the liveliest and most agreeable members of the party until the evening's gaieties ended.

And so goes along merrily and happily the building of a great organization in matters more important than mere cold business calculations.

Sincerely yours, William C. Freeman, 250 Fifth Avenue, New York City.

METHODISTS TO BEGIN WORK ON RECONSTRUCTION

Engineer Goes to Europe to Direct Projects in France and Italy

New York, June 21.—Upon the arrival in France of Frank E. Baker, the engineer in charge of construction for Methodist projects in Europe and North Africa, the work overseas will commence. Mr. Baker sailed from New York on June 5, on board the Lorraine.

Five years have been planned for this reconstruction work in France and Italy. In the former country eleven towns of the Chateau-Thierry battlefields have been assigned to the care of the Methodists with the aid and co-operation of the city authorities and French government.

The creation of a fine civic center in Chateau-Thierry will be the first work we shall take up," said Mr. Baker a few days before sailing.

This will have many character-

CARRYING FOOD OVER MOUNTAIN

Must Go 5,000 Feet High to Get Supplies to Sections of Montenegro

New York, June 21.—One of the most unusual features of the work of the American Relief Administration in distributing food throughout Europe is the manner in which supplies are carried into mountainous Montenegro. This is described in a report just issued at the office of the administration.

In order to get food into Montenegro it is necessary to scale a mountain 5,000 feet high by cable ways. Wagons, burros and pack horses are then utilized in moving it into the interior along roads which are almost inaccessible and again by cable over bridges destroyed during the war.

MEMORIAL FOR NURSES Ottawa, Ont. — More than 500 nurses went overseas from Ontario alone. It has been decided to establish a memorial for these heroic women and its form will be considered at the June meeting of the Dominion Nurses' Association.

The monthly program for Montenegro, Dalmatia, Bosnia and Her-

CIGARETTES ON THE SLY

London—British women who during the war have had the opportunity of studying their American sisters more closely are now asking why the American women smoke on the sly.

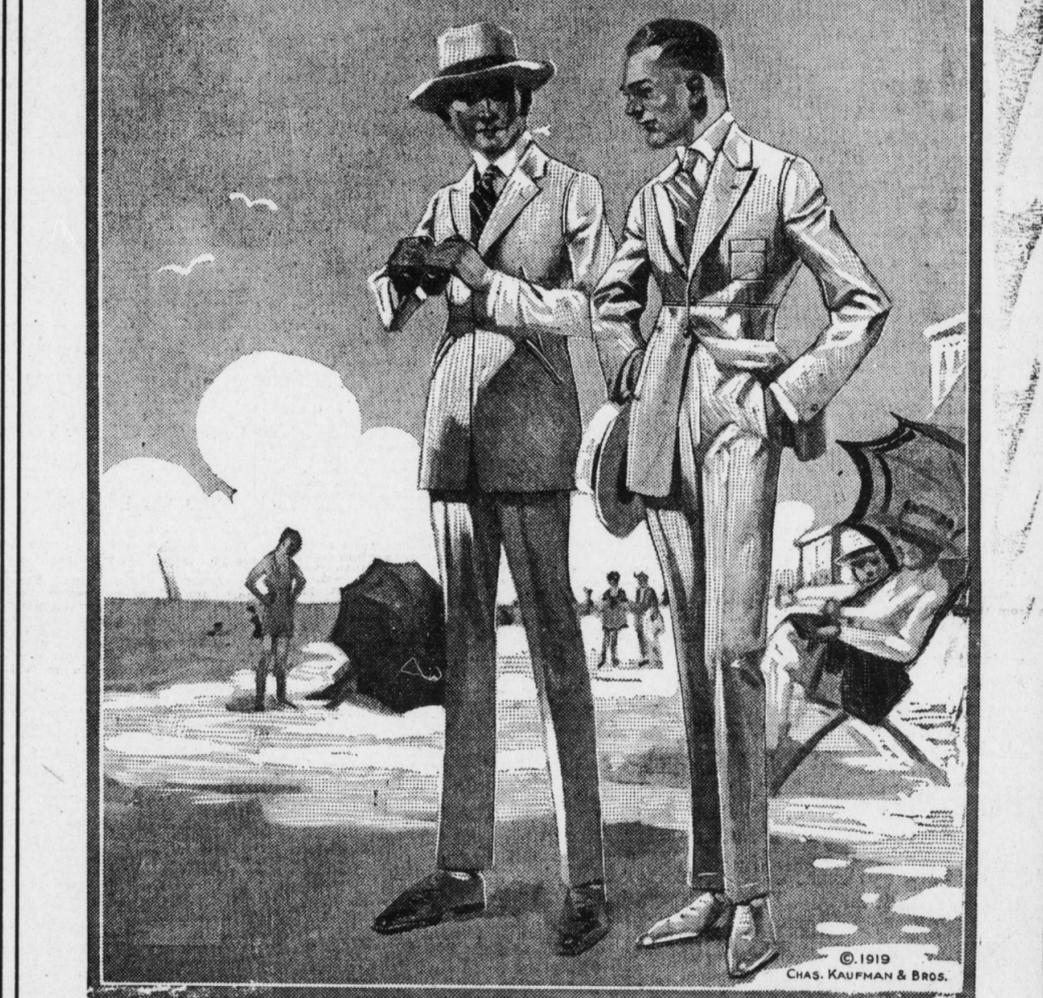

"In England and all over Europe we women smoke, if we wish to," said a prominent society woman. "We are not less feminine than our American sisters and we do not make worse smokers would just come out in the open there would be much less hysterical nonsense written against the innocent weed. Smoking seems to me so harmless and so trivial compared to all the big happenings in the world to-day."

PEACE OUTLOOK DRY London — Indications are that the extensive jubilation celebration planned for the day peace is declared will be "dry," according to leading restaurateurs of England.

"What is troubling me is how to supply my patrons with drinks on the occasion," said one manager. They will want something better than beer, the price of wine is becoming prohibitive and we cannot get whisky.
