

### STATE WINS TWO TAXATION CASES

Attorney General's Department Secures Decisions in Regard to Revenues

The Attorney General's Department won two important decisions in regard to State taxation in the Supreme court and the results will be a gain in revenue from two sources. These decisions were in addition to the moving picture censor decision in which the authority of the State Board was upheld and which was handled by Deputy W. I. Swoope.

The taxation cases were that making sand from stone is not manufacturing and that a company so engaged must pay capital stock and loan tax. This was in the Welsh Mountain Kaolin and Stone Company, which was tried in the Dauphin county court, the decision of President Judge Kunkel being affirmed. The other was that distilling companies chartered in other states but only selling in Pennsylvania must pay the ten mill tax on distilling companies and also that such companies chartered in this State but not distilling in Pennsylvania must also pay the tax. The latter was affirmed on a decision of Judge Kunkel. Deputy W. M. Hargest handled these two cases.

**Governor Uses Veto**—Governor Sprout has vetoed the House bill authorizing boroughs to borrow money to erect memorials to soldiers, saying that while the idea of so honoring soldiers is commendable the propriety of giving boroughs authority which counties do not possess is at least questionable. "To give boroughs authority to borrow and appropriate moneys to the extent of two per centum of their assessed valuation for the purpose of this bill seems to be allowing our patriotism and generosity to go one step beyond good judgment," says the Governor.

**Garlick Named**—Governor Sprout sent to the Senate the nomination of Charles H. Garlick, of Bellevue, Allegheny county, to succeed himself as inspector of boilers for Allegheny county.

**Punky's Water Trouble**—The Public Service Commission in an opinion by Commissioner John S. Billing has refused the application of the borough of Punxsutawney for approval of the project for a municipal water plant, but gives the borough right to renew the application if the two water companies now operating in the borough do not improve their service. The companies are to be reorganized and their attention is called to the fact that certain improvements should be made immediately. The commission will determine what further orders are necessary in that premises.

**Provost Here**—Provost Edgar F. Smith, of the University of Pennsylvania, was a visitor to the Capitol.

**Local Bills Changed**—In the House late last night the bills making appropriations to the Children's Industrial Home and Nursery Home, Harrisburg, were recalled from the Governor and amended so that in event

### ITALIAN SOLDIERS LOSE RIGHTS TO RETURN TO U. S.

Transportation Is Not Furnished When Discharged in Italy

Rome, June 25.—Discharged members of the American Expeditionary Force of Italian extraction have been besieging Consul Francis Keene's office here recently requesting passage back to the United States on the grounds of being United States citizens and of having served in the United States Army. Employees of the office attending to the lot of these discharged soldiers immediately demand to see their discharge papers. After examining them they indicate to the men that they have waived the responsibility of the government in providing transportation when they received their discharges, for there is one clause on the back of the paper which clearly explains that procedure.

"Oh," reply the men, "but my commanding officer did not explain that to me when I asked for a discharge."

"That will do old-timer," retort the consul general's assistants. "Your commanding officer certainly told you that and now we can do nothing about it."

The men in every case secured their discharge to visit their parents or other relatives here for an indefinite period and thereby waive right to return transportation.

### An Army of Workers are Handling Railroad Lines

The supervision of railroad operation and the regulation of the railroads together require the services of over two thousand people in Washington, according to a census just made by a commission which is engaged on a proposed reclassification of governmental salaries. The commission's report embodies an elaborate classification of the people employed in Washington in the various branches of Government service, including 1280 in the organization of the director-general of railroads and 824 in that of the Interstate Commerce Commission or 2104 out of a total of 101,586 for all the Governmental departments.

These figures do not include the President and members of Congress and they take no account of either the labor leaders, the State commissioners or the shippers' representatives, many of whom are constantly on hand to offer assistance in one way or another in the processes both of operation and of regulation, nor do they include the large number of railway officers who are frequently called here for conferences, committee meetings, etc.

### Irish Republic Will Issue Million Pounds in Bonds

New York, June 25.—The Irish republic proposes to issue bonds to the amount of one million pounds sterling, President Eamonn De Valera announced here. The minister of finance is preparing a prospectus which will be issued soon, he said. Half the issue will be offered to the public for immediate subscriptions, 250,000 pounds in Ireland and 250,000 pounds abroad. The bonds will be of denominations "to meet the needs of small investors."

"That will do old-timer," retort the consul general's assistants. "Your commanding officer certainly told you that and now we can do nothing about it."

### FIRE FAILS TO DISTURB

Wilmington, Del., June 25.—With the roof blazing over his head and firemen working desperately to get the flames under control, Hip Yock, an imperturbable laundryman, continued ironing collars until the fire was extinguished. When told to leave the place, Yock said the fire was not disturbing him and that he had his Wednesday's washing to complete whether the place burned or not.

"The Live Store"

"Always Reliable"

## Store Closes at Noon Thursday

# You Don't Always Get---

What you think you're getting when you buy clothes--that is in some stores; so you see it's quite important as to where you spend your money; in other words you must "be sure of your store"; when you are trading with a "money back" store where they think more of their reputation than they do of mere dollars and cents you can feel pretty safe that you get all that's coming to you. Any time you don't think you do with any purchase that's made at Doutrichs you can have your money back a great deal easier perhaps than you spent it, and we are here to say that our customers spend their money very cheerfully at this "Live Store," because they know we sell only Dependable Merchandise we can fully guarantee.

## Hart Schaffner & Marx Kuppenheimer & Society Brand Clothes

Society Brand Clothes

We must be particular about what we sell--more particular than the ordinary store which only hopes to sell you once and make a big profit—The prices are shortened Here by our enormous purchasing power; of course we could take advantage of what we save in the buying and have you and your friends pay more but then we would not be doing this tremendous business.

We don't want to stop growing, we like to see you coming here for "good merchandise" feeling that you were getting greater values and better service than you can get anywhere else—That's our method to win your confidence and good will—There isn't a chance in the world of finding a more satisfactory store to do business with than Doutrichs—we do everything you want us to do—

Try This Dependable Doutrich Service That Everybody Is Talking About

### The "Regimental" Band

Is the most pleasing "Straw Hat" you could wish on yourself—It has made hundreds of friends among the young fellows—It's also keeping a few extra dimes in their pockets for it's the best "Straw Hat" in Harrisburg for the money.

## THE GLOBE'S Summer Suits

### Resist Crease and Twist

Unless the filmy light and almost unlined Summer Suit is tailored with extraordinary care it soon becomes half bag—half rag.

THE GLOBE Summer Suits have that class of tailoring. You can "treat 'em rough," but they'll come back spick and span.

### Palm Beach Suits--\$15 & \$18

There are all kinds of Palm Beach Suits—ours are made of the GENUINE Palm Beach cloth which has been cold-water shrunken before cutting, then passed on to expert tailors who manipulate the material as if it were the finest woolen fabric. That's the reason THE GLOBE Palm Beach Suits have that smart, dapper, shapely look.

### Zefirette Suits---\$25 and \$28.50

The name has a magic charm for the hot weather man. Made of finest tropical weight worsted—tailored only as the most skillful tailors can tailor and developed in the shades that appeal to every man's idea of what Summer clothes should be.

### Blue Serge Suits--\$28.50

Two-piece Suits as light as the air but built for service—the silk lining gives them a touch of unusual style and value. You'll say they are worth \$35.00. We ask only \$28.50.

Panama Cloth Suits \$30  
Silk Pongee Suits \$20
