DO AWAY WITH INDIGESTION How to Purify a Sour, Distressed Stomach in a Few Minutes

Let us talk plain English; let us call a spade a spade. Your food ferments and your stomach isn't strong enough to digest the food you put into it, so the food sours and forms poisonous gases, and when it does leave your stomach it has not furnished proper nourishment to the blood, and has left the stomach in a filthy condition. Take Mi-o-na stomach tablets if you want to change your filthy stomach to a healthy, clean, purified one.

IF THIN AND NERVOUS, TRY PHOSPHATE Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nervous Force.

When one stops to consider the host of thin people who are searching continually for some method by which they may increase their weight, and make proportions by the filling out of ugly hollows, the rounding off of protruding angles, with the attendant bloom of health and attractiveness, it is no wonder that many and varied suggestions along this line appear from time to time in public print. While excessive thinness might be attributed to various and subtle causes in different individuals it is a well-known fact that the lack of sufficient phosphorus in the human system is very largely responsible for this condition. Experiments on humans and animals by many scientists have demonstrated beyond question of doubt that a body deficient in phosphorus becomes nervous, sickly and thin. A noted author and professor in his book, "Chemistry and Food Nutrition" published in 1915, says: "The amount of phosphorus required for the normal nutrition of man is seriously underestimated in many of our standard text books." It seems to be well established that this deficiency in phosphorus may now be met by the use of an organic phosphate known throughout English speaking countries as Bitro-Phosphate. Through the assimilation of this phosphate by the nerve tissue the phosphoric content which absorbed in the amount normally required by nature soon produces a welcome change in our body and mind. Nervousness disappears, vigor and strength replace weakness and lack of energy, the whole body soon loses its ugly hollows and abrupt angles, becoming enveloped in a glow of perfect health and beauty, and the will and strength to be up and doing. Bitro-Phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it will do not desire to put on flesh should use extra care in avoiding fat-producing foods.

FIREMEN IGNORE LIMIT OF SPEED Lewistown Ordinance Fails to Keep Companies to Slow Pace When Fires Occur

Lewistown, Pa., June 25.—Borough Council a few days ago passed an ordinance restricting the first companies of the town to 15 miles an hour speed limit in the borough. The firemen said, when they received notice to this effect, that no attention would be paid to this limit. Chief "Tom" Johnson, said the companies are not going to limit their speed to 15 miles an hour; that a minute means a whole lot to a person when property is on fire. He said, "We are not going to run like wild men, but we are going there at a reasonable speed." Two alarms of fire yesterday morning afforded the first test of the enforcement of the speed limit set by Council. With orders in his possession from Council to enforce the law, Chief of Police Yeaman notified the Junction Fire Company on their way back from a fire yesterday that they had exceeded the speed limit of 15 miles an hour. Yeaman says he will lay information as per his orders against the Junction Fire Company, if he can find a Justice of the Peace who will take the case for prosecution.
