LOCAL SHOOTERS TO START PLANS FOR BIG EVENT

Harrisburg Sportsmen Believe in Preparedness; Want Record Session Next Year

"Preparedness" is the slogan with the members of the Harrisburg Sportsmen's Association. Though twelve months off, local shooters have already started plans for the meeting of the Pennsylvania State Sportsmen's Association and State shoot to be held in Harrisburg next year. Nothing advertises a city stronger than a big State shoot. In

This Leaves the Skin Free From Hairy Growths

(Toilet Talks)

(Toilet Talks)

A simple method for completely emoving every trace of hair or izz is here given. This is painless and usually a single treatment will anish even stubborn growths. To emove hairs, make a thick pasterith some powdered delatone and rater, spread on hairy surface and fter about 2 minutes rub off, wash ne skin and the hairs are gone. his method will not mar the skin, ut to avoid disappointment, be ertain you get delatone.

Fabric 6,000 miles. Cord 8,000 miles.

Solid 10,000 miles. YOU'VE probably often thought that somebody some time would produce Tires and Tubes that all leave no complaint as to costs, a were right. That time has arrived, e discovery of how to produce greater e and Tube resistance and strength been made. It is the Gillette Chilled bher Process—the perfected method, ughens rubber as iron is toughened by unging to steel—building up enduree and bringing down costs to the rest figures of economy. oxitely the biggest worth—in service mileage—ever offered Tire and buyers. One Gillette is and to sell you a set.

day morning.

preparing early Harrisburg sports-men not only hope to reach all trapshooters in Pennsylvania, but will-make every effort to have the program attractive enough to bring to Harrisburg shooters of national

fame.

Meetings of the local association will be held monthly until the cool evenings return when there will be sessions weekly. A committee will be named at an early date to take charge of the arrangements. This committee will confer with the Harrisburg Chamber of Commerce and request the co-operation of that body.

To Be Record Shoot

The next State shoot is to break all records. The minimum number of shooters expected is 500. It is proposed to make it a six-day program with something doing every minute for the visiting shooters. Not only will there be target events, but it is the plan of the committee to provide entertainment for the trapshooters and give them something that will make them say good things about Harrisburg for some time to come.

Trophies will be provided and there will be a chance for the

things about Harrisburg for some time to come.

Trophies will be provided and there will be a chance for the shooter just beginning at the traps to get something. Plans are now under way to secure additional ground and provide more traps. One day will be set aside for Governor's Day, and it is planned to have Governor Sproul, Lieutenant Governor Beidleman and other State officials on hand. There will be a special program for the women. There will also be junior events for High school shooters, team matches and many other special features.

Monthly Meeting Plans For Co-operative Men

of the Friendship and Co-operative Club two resolutions will be offerof the time of meeting to the last Thursday in every month. At pres-Thursday in every month. At present the club meets every fourth Thursday. When it happens there are five Thursdays some members overlook the date. It is also probable that the members will vote for the elimination of the meetings during July and August and prepare for a big reunion in September. Timely talks will be in order tomorrow. Officials of the Philadelphia and Middle Divisions will be present and some interesting features are expected. The meetings will be held in Eagle's Hall, Sixth motives.

Johnson, superintendent, which has the abating of all unnecessary smoke for its ultimate goal, may accomplish this if the right sort of cooperation is given by trainmen and citizens who encourage them to do their best. The movement has been under way, with renewed impetus, during the last three weeks.

Saving Fuel

"Aside from declaring war on the smoke screen, the campaign is also and more economic operation of locomotives." during July and August and prepare for a big reunion in September. Fimely talks will be in order to-morrow. Officials of the Philadelphia and Middle Divisions will be present and some interesting features are expected. The meeting will be held in Eagle's Hall, Sixth and Cumberland streets, starting at \$1.5

WAGES FALL OFF; WIFE GOES AWAY

Nonsupport Suit Against New Cumberland Butcher Decided in Woman's Favor

Carlisle, Pa., June 25 .- How the

Carlisle, Pa., June 25.—How the armistice caused trouble in one West Shore home was told in a session of surety court held before Judge Sadler. Mrs. Chester Leach brought an action against her husband, a New Cumberland butcher, on the charge of non-support.

Mrs. Leach stated that they were married December 1, 1914, and that during the war her husband mide from \$75 to \$160 per week; that he owns a \$6,000 property and an automobile. Since the armistice she said his earnings have fallen off. His wife left him some time ago. Leach denied that he asked his wife to leave and had had trouble. He was ordered to pay her \$14 per week and enter into \$500 recognizance.

SURGEON WINS WAR CROSS Chambersburg, Pa., June 25.—
Dr. Louis H. Seaton, who has just arrived home from France to resume his practice, did not tell his friends that he won the Distinguished Service Cross from English authorities but the fact became known yesterday when official notice was made public by some of his friends. He won the honor by work in field hospitals. SURGEON WINS WAR CROSS

More Than 90% of Stewart Power Effective

That Means Less Fuel Cost, and Plenty of Power for Any Hill, or Any Effort Required

STEWART design secures great strength and durability by simplicity. It lowers operation and maintenance cost. More than 600 parts are eliminated, their functions combined in a few sturdy mechanisms. The constant strains of many parts, responsible for most truck wear and power waste is practically ended in Stewart design.

That is why in five years no Stewart has

The First Fifty Still Give Uninterrupted Economical Service

Ask Stewart owners. They will tell you Stewart transportation is virtually free from repair troubles and cuts operating costs in over the world-in 27 countries and 200 lines of business. Everywhere owners rely on them. Their economy of operation, plus proved reliability, so impressed some truck operators that they disposed of their old fleets entire, replacing them with Stewarts. Their saving quickly wiped out the loss involved in disposing of the old fleets at usedtruck prices.

If you are not satisfied with your present truck service you also might profitably exchange to Stewart. They are the choice of those who seek reliability plus economy,
