

WILL LICENSE WHEAT DEALERS

Farmers and Small Bankers Only Exceptions to Barnes Order

By Associated Press. New York, June 25.—Julius Barnes United States wheat director, announced last night that President Wilson has signed a proclamation

putting under license of the wheat director persons, firms, corporations and associations dealing in wheat, wheat flour or baking products manufactured either wholly or partly from wheat flour. The only exceptions are farmers and small bakers. The proclamation, which goes into effect July 15, applies to the business of "storing or distributing wheat, or manufacturing, storing or distributing wheat flour," as well as to the manufacture of bread or other bakers' products either wholly or partly from wheat flour.

Exceptions are listed as follows: Bakers and manufacturers of bakery products whose consumption of flour in the manufacture of such products is, in the aggregate less than fifty barrels per month. Retailers and farmers or co-operative associations of farmers or other persons with respect to the products of any farm or other land owned, leased or cultivated by them. Common carriers are required to secure on or before July 15, a license from Mr. Barnes "in such form, under such conditions, and under such rules and regulations governing the conduct of the business as he may from time to time prescribe."

Act Accordingly

The period of lower coal prices goes out with June, and July 1 coal will be 30c a ton higher.

Of course, this saving should induce householders to get in their orders for next Winter at once.

Nothing but early orders will prevent a coal shortage and distressing conditions next Winter.

Please remember how delay and indifference caused so much suffering during the War Winter of 1917-18 and act accordingly.

DRESSMAKERS READY FOR FALL

Bright Outlook For Season in Arrival of Buyers From All Sections of Country

New York, June 25.—Reports which have reached the headquarters of the Associated Dress Industries of America show that the dress manufacturers generally in this, as well as other cities, are well prepared for the new season's business, and the arrival of buyers from all parts of the country will start next week.

A statement issued to-day by Executive Director David N. Moessohn tells of the exits of buyers from their home towns from Maine to California and the bright outlook of business for the fall season. "The dress manufacturers expect the largest flow of incoming buyers ever recorded in this city," said Mr. Moessohn. "The reports in the market show that the buyers are anxious to procure high grade merchandise. In keeping with the demand for apparel of this character prices seem to be no object, the main points being style, fabric and workmanship. In a number of instances manufacturers of dresses have orders on hand which will keep their plants busy for some time to come working at capacity, and never before in the history of the dress industry have the prospects been so bright for business as they are to-day."

Moessohn reports the raw material situation as alarming, due to the scarcity of desirable fabrics and the high prices manufacturers are compelled to pay for raw materials. He said that every item which figures in the making of a dress shows an increase of twenty-five to one hundred per cent. compared with a year ago. A number of instances were cited by Mr. Moessohn of manufacturers who have placed large orders with mills for fabrics of various kinds, but shipments so far received are reported far from satisfactory. He said, however, that they are doing all they can to meet the situation, and asking the indulgence of the cutters-up due to the labor situation which still remains a serious problem in every branch of the textile industry.

DECLARES LEAGUE AN INJURY TO U. S.

Former Senator Beveridge Says It Means Surrender of Freedom

By Associated Press. Bedford, Pa., June 25.—The United States, by joining the League of Nations, would deliberately surrender her freedom of action and decision as to her own rights, powers and policies, as well as her sovereignty and independence, said Albert J. Beveridge, former United States senator of Indiana, addressing the annual meeting of the Pennsylvania Bar Association, here last night. The speaker termed the league "a hybrid international confederacy" and declared that the United States, as a member, would be subordinated to it.

"The constitution of this nation is mangled by the proposed covenant of the League of Nations, and 'basic national powers, given Congress by our constitution are, in practical and final effect, transferred from the American government at Washington to the league's government at Geneva," said Senator Beveridge. "The superstitious will have the power to say just what the Monroe doctrine means and how it shall be applied, and in Mexico, where 'for years American citizens have been murdered,' this nation would be helpless to take action to protect her subjects under the league covenant, he said. "Under the covenant, in short, we would underwrite forever the status quo of the whole world as the Big Four has framed it," continued Mr. Beveridge. "If we break out among the arbitrarily constructed states, which the Big Four have set up in Europe, the league government at Geneva can order as many thousands of American soldiers as it likes to kill and be killed on one side or another, as the league may decide." Calling for a public expression on the covenant, Mr. Beveridge said "America is not committed to membership in the superstate and never will be, unless the American Senate consents. And the Senate never will consent until some way is found to place this tremendous question directly before the American people and their answer is secured."

COL. KEMPER GETS MORE ASSISTANCE

Major McCue and Captain Miller Assigned to Recruiting Offices

Major George S. McCue, infantry, U. S. A., and Captain Charles E. Miller, infantry U. S. A., have been assigned by the War Department as assistants to Colonel J. B. Kemper, who is in charge of the Army Recruiting District, with headquarters and sub-stations at Allentown, Altoona, Chambersburg, Johnstown, Lancaster, Lebanon, Pottsville, Reading, Shenandoah and York. It was necessary that more officers be detailed to this district on account of the volume of work entailed with many applications for enlistments at these stations. The officers, in addition to Major Frank C. Mahin and Lieutenant Charles M. Hutchinson, constitute a staff of commissioned assistants that under the leadership of Colonel Kemper, will expedite the business of the district. Major McCue will be stationed at Pottsville and Captain Miller has been assigned to Johnstown.

Colonel Kemper has been directed by the War Department to procure the following enlistments at once: For the Hawaiian Department 93 infantry for air service; 20 mechanics, infantry, for motor transport corps, and 98 chauffeurs, infantry, for motor transport corps. For the Philippine Department, 19 ordnance and 69 infantry for motor transport corps. These enlistments will be for three (3) year periods and successful applicants will be shipped at once to their respective destination.

Railroad Firemen Cannot Join the Labor Federation

By Associated Press. Denver, June 25.—The Brotherhood of Locomotive Firemen and Enginemen cannot affiliate with the American Federation of Labor, according to a statement by D. B. Robertson, of Youngstown, Ohio, vice-president of the brotherhood in convention here.

"The American Federation of Labor," said Mr. Robertson, "is so framed constitutionally that it can give representation to only one of each organization labor's branches. The Brotherhood of Locomotive Enginemen already is a member of the federation and represents the enginemen. If our brotherhood, with membership composed of both firemen and enginemen, joins the federation, representation could only be given to the firemen, as the enginemen already are represented by the Brotherhood of Locomotive Enginemen."

France to Require Reparation For Ships That Germans Sunk

By Associated Press. Paris, June 25.—France has decided to require complete reparation from Germany for the sinking of the German warships at Scapa Flow. This announcement was made by M. Leygues, minister of marine, to the naval committee of the Chamber of Deputies yesterday afternoon. He declared that the act of the Germans violated both the armistice and the Peace Treaty.

Reach an Agreement on Legislation to Return Wires

By Associated Press. Washington, June 25.—Agreement was reached late yesterday by Senate and House conferees on legislation to repeal government control of telegraph, telephone and other wire systems. The conferees adopted the House plan of terminating government control at midnight on the last day of the calendar month in which the law is approved.

Less Than 1c a Glass

Delicious Home-Made Root Beer—and Easy to Make

Quantities of sparkling, delicious home-made root beer always on hand! Cool glasses of fizzy, snappy root beer—and as much as you want! Doesn't that sound good? And the best part of it, is you can have this delicious root beer right at home—and all the time. All you need is a 2c bottle of Hires Household Extract, sugar, and a yeast cake. It's easy to make—the directions are clear, and behold, you have 40 pints or 80 glasses of sparkling, wholesome root beer at a cost of less than 1c a glass!

You can drink just as much of it as you want, too, for Hires Household Extract is pure. It is made from the juices of pure bark, berries, roots and herbs—15 in all, including wintergreen, sassafras, birch bark, and pipsissewa. When you buy Hires Household Extract you know that it is pure, and that it does not contain substitutes, nor artificial flavors. A cool, refreshing glass when you are tired and feeling sort of "low," wholesome, delicious glasses for the children when they come home, a sparkling, tempting glass when company comes—you can have home-made root beer all the time, for every occasion.

Get out all those old bottles which have been collecting down the cellar. If you haven't good strong corks for them, you can buy some Hires specially designed air-tight bottle stoppers from the same grocer from whom you buy your bottle of Hires Household Extract.

Fabric Tires, 6000 Miles Cord Tires, 8000 Miles

HERE are new figures from which to count your returns from Firestone Tires. Car owners who have used the improved Gray Sidewall type know how much more they can expect.

INTERNATIONAL Motor Trucks

Harrisburg, June 16, 1919. International Harvester Company of America, Harrisburg, Pa.

Gentlemen:—Replying to your request for our opinion of INTERNATIONAL cars and service, we believe that your ability to supply all parts from your local branch is the best argument in favor of INTERNATIONAL Trucks. We have never been held up with our trucks because of your failure to supply us with necessary parts.

Very truly yours, THE GUNZENHAUSER BAKERY, INC. C. E. Gunzenhauser.

Next Week's issue of this paper will give another testimonial

Music in the Home---Happiness

MUSIC helped steady the morale of the soldiers during the World War, and now that peace has come again, music is needed to restore that happiness which means so much to the morale of the home. Certain it is that many homes were let run down during war time—and the first consideration now should be a SIGLER PIANO—for your own pleasure and the entertainment of your friends. The Sigler Piano is our own make and is a worthy instrument at a moderate price. Where there's music care and worry are quickly relegated to oblivion.

Cornelius Vanderbilt Is Suggested For Office

Cornelius Vanderbilt.

Leading Republicans of New York are considering suggestions that Brigadier-General Cornelius Vanderbilt be the Republican nominee for Vice-President. No "boom" has been launched for General Vanderbilt, but it is expected, as a nominee, he would carry a double appeal—as a soldier candidate and as a business man.

CHANDLER SIX \$1795

Announcing The New Series Chandler Dispatch

THE Chandler Dispatch, for a year past, has outsold all other cars of the sport type. The Chandler factory has been unable to build this car in quantities which could fill the demand. Its popularity is one of the high spots in motordom.

And now comes the new series Dispatch—a snappy, handsome car. Thousands of alert Americans, who appreciate Chandler quality, welcome the new Dispatch. You, too, will be delighted with it if you wish a really good car, with style in design and beauty in finish and unexcelled in its ability to perform.

The new series Chandler Dispatch is handsomely upholstered in bright finish hand buffed leather. It seats four passengers in the ultimate degree of comfort. Its finish is in the beautiful new Chandler Rainbow Blue, richly lustrous.

You are asked to pay much more for cars which might perhaps be compared with the Chandler. And cheap cars sell for but little less.
