

URGE GERMANS TO FULFILL THE TERMS OF PEACE

Cabinet Ministers Issue Proclamation Telling of Its Conclusion

By Associated Press. London, June 26.—President Ebert, Premier Bauer and all the ministers have issued a proclamation to the German people, according to a wireless message from Berlin, announcing the conclusion of peace and urging as the first pressing need the bending of all efforts to its fulfillment.

"As far as it is possible to carry it out," says the proclamation, "the treaty must be carried out." It declares faithful loyalty to those threatened with separation from the empire and promises to intercede in their behalf, "as we would intercede for ourselves." It concludes by exhorting the people to realize the need of work and faithfulness to duty for the redemption of the country.

Speaking in the House of Commons on the subject of reparation for the sinking of the German warships, Walter Hume Long, first lord of the admiralty, explained it was impossible for the admiralty to take precautions to prevent the sinking, because the ships were interned, not surrendered. Therefore the admiralty had no power to place guards on them.

The first lord denied that the admiralty had recommended internment, emphasizing the point that the decision of the Allied heads for internment controlled the situation and made provision of the scuttling utterly impossible.

Paris, June 26.—The Council decided yesterday afternoon to send two notes to the president of the German peace delegation at Versailles, one regarding the actions of the Germans in Poland, in connection with a significant telegram intercepted by the Poles, and the other relative to the sinking of the German fleet in the Scapa Flow.

The Allies announce that they will demand reparation for the sinking of the fleet.

COMMUNITY CENTERS TO BE GIVEN TRIAL

[Continued from First Page.]

Three acres of floor space, has 90 rooms, and cost over \$450,000, with auditorium, two gymnasiums and two fine shower baths. The Harrisburg war era in education, with these two magnificent structures and their special teachers in new functions such as cooking, sewing, housekeeping, typing, writing, stenography, drawing, music, printing, metal and electrical work. Everything, including two immense dining rooms, are in the equipment of the modern buildings, so that, as I have emphasized, the only element lacking for to bring about community gathering is the attitude of the public.

Dr. Downes is not entirely discouraged, but he believes that to try things with limited financial expenditure is the wise way, and that Camp Curtin, when it opens in September, will be the stage for the initial effort.

NEW TENOR DISCOVERED

London, May 26.—Thomas Burke is the name of a new tenor acclaimed by the British press and public as the Caruso of the sprang into fame the other night at the opening of the Covent Garden opera season, when, with Madame Melba, he appeared in "La Boheme." Mr. Burke was born of Irish parents in New York, where he is interested in pig farming, at St. Joseph's School, in Leigh, where he was educated, he was taught music by the Jesuit fathers. Later he studied in Italy, under Ernesto Colli.

An Apartment House Instead of Service Station

W. J. Stewart, president of the Liberty Realty Company which has purchased the Bentley property on North Front street, near Calder, stated to the Telegraph to-day that the original plan for constructing a public service station in connection with the garage in the rear of the property had been abandoned, and that instead an apartment house, with porches, would face Front street. "We have no desire to antagonize property owners in the neighborhood, and in designing an attractive service station, set back 30 feet from the building line we supposed there could be no objection," was Mr. Stewart's comment. It was pointed out to him that the Supreme Court had affirmed a decision of a Philadelphia Court sustaining an injunction proceeding restraining the building of a garage and service station in a residential section as a nuisance and prejudicial to surrounding property.

Hickok Firm Is 75 Years Old

Employees Present Loving Cup to Heads of Company and Pledge Loyalty to the Corporation, Now One of the Oldest in the City

Employees of the W. O. Hickok Manufacturing Company put over a big surprise at noon to-day, it being the seventy-fifth anniversary of this big industry, one of the oldest in the city. The employees arranged a big celebration, unknown to the officials of the company.

After the whistle sounded the noon hour the men and women rushed to the recreation room. The head of the firm looking out of a second-story window did not see the usual crowds going for lunch. Even the women employees acted differently. A few minutes later W. O. Hickok, 3rd, president and Ross A. Hickok, secretary and treasurer of the company, were summoned to the recreation room. Here they found the employees lined up in front of a large table filled with flowers and with an American flag in the center. There was a big surprise for them.

TEACHERS' PAY BILL ADOPTED

Showalter Union, asked some questions of Mr. Ramsey, who replied that the State's share would be ten and a half millions and that 8,100 holders of provisional certificates would benefit. He said that it represented the best thought of the Governor, Superintendent of Public Instruction and the conference committee.

Mr. Showalter rejoined that the new system would not refund a sum equal to the present and held that that every effort had been made to get less than now, that the entire burden would fall on districts and some would actually pay more than heretofore. It would be good for the teachers, but not for taxpayers, he argued.

"We have been discussing this matter for six months. This bill is a case of take it or none," said Mr. Harrar, Lycoming. In response to requests by Messrs. Showalter and Wallace, Lawrence, Mr. Flynn spoke on the bill, saying that every effort had been made to work out a plan that would benefit the rural districts which had been given some advantages over city districts. He said that the provisions of this bill would get the rural districts would get more than at present. Taking his own county as an example he said that he felt sure that no county was more adversely affected. The bill would be a benefit to the State which have paid throughout the State no benefit, but many districts will. If it is desired to increase the salaries of the teachers, said Mr. Flynn, the report should be adopted because it represents many hours of work by the Governor, Superintendent of Public Instruction Thomas H. Finegan and the conference committee.

The bill then went to a vote and passed 192 to 8. Messrs. Showalter and Williams, Tioga, not present. Mr. Showalter, who had suggested waiting a few hours before voting, said that he would be studied at length, said that he had not voted because he did not understand its provisions.

Governor William C. Sproul conferred with the conferees and assisted them in reaching a compromise of the problem. The result will be that the salary of the teachers next two years for the increase of salaries and the state will pay \$10 million a month towards the increase granted by the bill. This increase will be paid in four class districts. This increase of salaries which was raised in some of the smaller districts.

The committee of conference struck from the bill the Schantz amendments inserted in the Senate Monday night and which would have cost the state \$2,000,000. The conferees have changed the definition of "rural" school. The original bill defined it as a school in the open country or any one or two-room school which is not a high school. A "rural" school is defined in the report as any school in the country or small centers of population, which is not a high school. This broadens the field and the provisions of the bill, hence the taking over of the \$4,500,000 fund.

Instead of "word" compensation section referring to first class districts it is changed to "word" compensation bonuses referring to first class districts and Philadelphia teachers. The provision that no change in the provision that first class districts and State and district will share equally in the payment of the salary increase.

Bulgars and Turks Raid Villages; Murder Greeks

Saloniki, June 26.—Bands of Bulgars and Turks, co-operating closely, are reported to have committed crimes in a number of villages in Thracia, now occupied by their forces, according to advices received by the Athens news agency. The situation there is said to be becoming daily more acute.

KIWANIS CLUB LEARNS WHAT DID DURING WAR

Many Guests Are Entertained at Weekly Noon Luncheon at the Penn-Harris

A big gathering to-day at the Penn-Harris of Kiwanis Club members and distinguished guests heard Charles H. Clark, demobilization officer at the local Y. M. C. A. and athletic director of the State of New Jersey and in other camps during the war, tell what the Y did, and how it has been unjustly maligned for charges having been made. His talk was a feature and called forth tremendous applause, but the heavy laughing artillery exploded when "Doc" Miller, of the Y athletic department had the bunch nearly insane with stunts.

Things go so fast under President Neffe that a method is being developed whereby one may inhale the delicious instead of taking "and to masticate." Mr. Miller had every diner put his right hand to nose, left hand to ear, and then "switch." After all hands had thoroughly switched, only the Rev. Dr. Egnell, of the Y, with Frank D. Miller had the tables compete in passing a full glass of water around the table; three heats. Frank Davenport tried to put something over working two glasses, was howled down for his shifty trick and Johnny Herman's team won.

It was a notable day for guests, the list including with Dr. J. Loy Arnold, the Rev. W. H. Spenser, Mark chanciburg; Nathan Hollister, Columbia, S. C., Linford Scott, Harrisburg; J. H. Hollinger, Greencastle; with William Strouse, Lieut. Ross Stuelck, 7th Division; Herman Tausch, city with President Neffe, E. S. Joseph, special agent of the New Hampshire Fire Insurance Company; with Al. K. Thomas, "Doc" Miller, Harry Messersmith, Capt. J. B. Warden, 12th wing Artillery, 79th Division, with Jim Lutz, Private Aloysius B. Dennin, of 345th Field Artillery; with E. I. Book, William Spicer and M. P. Visager, of Birmingham, Ala.; with Frank Davenport, Col. James B. Kemper, and Major Frank C. Malin.

The attendance prize came from the Remington Typewriter Company, through Mr. Merrill, \$10 worth of supplies, and was won by Walter Montgomery. Edward Meck, of the P. R. singers put over a new song "Can You Tame Wild Wines" and Al. K. Thomas arrived just in time with an armful of fly swatters which kept everybody busy until Mr. Clark caught serious attention by challenging the world to criticize the Y. Mr. Clark looked to the churches of America to sound the religious message of a combined church. If criticism is directed to American Christianity it is not the fault of the Y. M. C. A. Our organization aimed to select the best of men and the fact that out of 150,000 volunteers 11,000 were chosen shows a wise selection was made. The long hours, the tremendous speed required, the other presents, greatest activity of the war; military officers declare that it fitted many thousands of men by its recreations better than the men of Germany were prepared to do.
