WILLARD 37 YEARS OLD RECORDS SAY

By Associated Press.

Leavenworth, Kan., June 26.—
Jess Willard, champion heavyweight puglist, is 37 years old,
according to the records at the
marriage license bureau here.

In order to decide a wager regarding Willard's age, the clerk
of the county court to-day exhibited the license record book,
which showed that on March 13,
1908, a license was issued to 1908, a license was issued to Jesse M. Willard, aged 26, and Harrie Evans, aged 22, both resi-dents of Pottawatomie county,

It was announced that such "battles" would be held at least once each year, alternating probably between the Atlantic and Pacific.

When asked how long it would take the two great fleets to unite on either coast in case of threatened danger, Secretary Daniels said that under ordinary conditions, with the Atlantic fleet in the vicinity of New York and the Pacific fleet around San Francisco, the junction could be effected and the combined fleet ready to meet any foe within two weeks.

Joseph R. Buchanan, the Department of Labor representative, went into a conference with a committee of the striking workers. The meeting adjourned with the announcement the strikers remain firm in their attitude not to return to work until all their demands are met.

While the strike is in progress thousands of barrels of potatoes, cabbage and other vegetables are rotting, with further destruction threatened if the situation continues. This condition has brought the Health Department into the matter. Eight hundred cars of fresh vegetables and fruits, valued at \$1,000,000 lying in adjacent New Jersey yards, may have to be diverted to other points unless a settlement is soon reached.

### W ll Sell Beer and Light Wines After July 1

New York, June 26.—Many restauranteurs and hotel keepers here will continue to sell beer and light wines after July 1, regardless of whether President Wilson declares demobilization completed and terminates the operation of the wartime prohibition law, it was learned after a meeting of the Society of Restauranteurs.

Restauranteurs

William H. Hirst, counsel for the association, stated that he had advised restauranteurs against concerted action which might place them in the position of opposing the government, but had advised them that "the war prohibition act is invalid so far as it relates to the period of demobilization."

### Klein Chocolate Team Suffers First Defeat

At Parkesburg, yesterday, the Klein ball team lost out, 6-5, in a desperate battle, with Harned pitching great ball. The calamity was due to an outfielder misjudging a long fly, his slipup being responsible for three runs. Klein will probably use the same batting order to-day on the Hill as yesterday. It was the thirteenth game of the season and Manager Breekenridge took off his hat to the jinx. Score:

Detectives are busy on the case and communication has been had with officials on all points along both sides of the Chesapeake Bay. sides of the Chesapeake Bay. Detective Dougherty has obtained several valuable clews and said: "We are confronted with one of the most brutal cases of its kind in years. That the woman was stabbed and strangled is beyond question. Such wounds could not possibly have been self-inflicted. The fact that she was attired in her undergarments lead me to believe that a crimmal attack was made upon the small and defenseless woman."

### City Editor of Tribune on Stand in Ford Case

By Associated Press.

Mount Clemens, Mich., June 26.—
Counsel for Henry Ford, who is suing the Chicago Tribune for \$1,000,000 or a charge of libel, yesterday continued efforts to show that the editorial of June 23, 1916, headed "Ford Is An Anarchist," was the culmination of a well-organized and malicious conspiracy within the Tribune office.

Perley Boone, city editor of the newspaper, who in 1916 was acting city editor, was the witness. On cross-examination he was questioned by Attorney William Lucking, of Ford counsel, but the latter failed to elicit anything but that news items about Mr. Ford found their way into the paper in a routine manner, and rot in fulfilment of instructions from the publishers. ### Does Not Believe Mrs. Cocchi Killed Cruger Girl

New York, June 26—Alfred J. Mr. Tally added that if the Italian court notified the New York authorities that Cocchi's story was considered seriously and that the trial was suspended by reason of it, he
