"Sunny White" Said to Have Played a Double Game

DROVE OUT COMPETITORS Charged With Sale of Small Phials For Seven Dollars

Harold Barnett, alias "Sunny White," was held under \$1,000 bail to-day for his appearance before the October session of Federal court following a hearing before U. S. Commissioner J. A. F. Hall. Barnett is charged with peddling narcotics.

With Barnett's arrest police officials believe they have captured one of the leaders of the underworld trading. He has been under close watch for months and is said to have disposed of thousands of dollars worth of drugs.

**Wanted Field Alone**

"Sunny White," as he is known in the underworld, has a reputation of bounding out of the city all who sought to compete with him. According to the stories filtering through the maze of lies and misinformation generally surrounding dope peddlers and the victims it is said that Barnett saw that the police learned every time any one else attempted to sell drugs. Without appearing himself the police thus were able to arrest several men whom Barnett feared would strike up a more affluent of his customers he provided a tiny phial for \$7 containing eight or nine doses of it sparingly used.

Three witnesses appeared against Barnett. Robert Chenoweth, sometimes kind of the narcotic peddlers of the city, testified that he bought 31 capsules from "Sunny" for 25 cents and retailed them to the down-and-outs of his former trade. Abbie Smith and May Owens also appeared in the commissioner's court.

**SEMAPHORES FOR TRAFFIC WORK IN HANDS OF POLICE**

Long-Delayed Standards Arrive After a Year; to Be Placed Soon

After having been ordered more than a year, six traffic semaphores were received to-day by the Harrisburg police department. They will be placed in operation within a short time.

The semaphores were ordered last July, following the endorsement of the use of semaphores by various local clubs, including the Kiwanis and Rotary Clubs. The order was placed with J. N. Farley, 175 Greenpoint avenue, Brooklyn, but the delivery was delayed because of war conditions.

The intersections at which traffic officers are now placed and where the semaphores will be operated by them are Second and Walnut, Third and Walnut, Second and Market, Third and Market, Fourth and Market and Fourth and Chestnut.

**Major R. L. Perkins Is Discharged From Army**

Major R. L. Perkins, 2061 North Second street, has received his discharge from the Medical Corps, U. S. Army, and will resume the practice of medicine in this city. Major Perkins entered the service in June, 1917, as first lieutenant, and was assigned to the Fifty-first Infantry in July, serving as surgeon of that regiment during training in Chickamauga Park, and service in France. The Fifty-first was in the Sixth division regulars, which held a sector in the Vosges and afterward took part in the Argonne-Meuse offensive.

**THREE-CENT STAMPS WILL GO TOMORROW**

George Washington Red-Tone Likeness to Reappear on First Class Letter Postage

George Washington's red-hued likeness on the almost forgotten two-cent stamp will displace the three-cent stamp to-morrow when the war tax on postal rates will be lifted. With the three-cent postage on first class letter mail will go the two-cent postal card, this rate going back to one cent as of old.

Arrangements have been made by Postmaster Frank C. Sites for the redemption of three-cent stamped envelopes and two-cent postal cards. The redemption will be made in stamps and not in cash. Stress is laid upon the non-cash feature of the redemption by post office officials, and there will be no redemption of stamps of the businessmen held back their monthly statements from the mail to-day. Ordinarily the post office carries a big load on the last day of the month, but because of the big savings to business institutions bills and statements were held until to-morrow when the postage will be cheaper.

Receipts at the local post office are expected to fall off many hundreds of dollars a day with the redemption of the old rate.

**DANCING AND GIRLS CAUSED YOUTH TO STEAL**

Judge Kunkel Paroles Boy Who Took Auto to Make a Showing

"Dances and girls are the answer in this case. That is the secret of the trouble," President Judge George Kunkel declared in Courtroom No. 1 when George A. Shultz, aged 19, charged with the larceny of an automobile owned by John C. Benfer, pleaded guilty and was called for sentence.

George L. Reed, counsel for the youth, was making a plea for leniency because it was Shultz's first offense and because of his previous good conduct. Assistant District Attorney McKelvey suggested that the youth be paroled on condition that he attend school.

**First Arrests Under Anti-Sedition Law**

Scranton, Pa., June 30.—The first arrests under the Pennsylvania anti-sedition law signed by Governor Kunkel, were made here last night by city police and State troopers assisted by agents of the Department of Justice. Joseph Jukelis, 42 years old, a pianomaker of New York City, a member of the executive committee of the Lithuanian Socialist Federation, the principal speaker at a Bolshevik meeting was arrested by Superintendent of Police Lona B. Day, for making alleged seditious remarks.

Others arrested at the meeting were distributing literature which the police declared was of a seditious character. The Socialist Federation to which Jukelis claimed membership, was recently expelled from the American Socialist party for its Bolshevik tendencies.

**MIDNIGHT WILL FIND ALL BARS TIGHTLY CLOSED**

Hotel Men Pin Faith on Early Opening by Presidential Decree

PLANS DANCING CABARET Hotel Columbus 40 Install Soda Fountain and Close Bar

The war-time prohibition law will be strictly observed in this city, liquor dealers of the city announced to-day, and the booze trade in the city will come to an end for present at least, at midnight, it was said.

Every bar in the city will close to-night sharply at the stroke of 12. Decision to close the saloons at this time was reached last evening when the Harrisburg Retail Liquor Dealers' met.

The bars will be closed tight. Not even soft drinks, beer containing less than 2 1/2 per cent. alcohol, cigars and other articles usually sold in a barroom, will be on sale, the dealers have decided.

**Look to Wilson**

The decision to close is entirely different from what had been generally expected throughout the city. It was understood by many that a number of the saloons would at least stay open to see soft drinks, while it was also thought that some would test the law by offering 2 1/2 per cent. beer.

The possibility of an early opening of the saloons, following the mobilization of the Army, aroused by President Wilson's cablegram of Saturday night, is believed to have had much to do with the decision to obey the law to its letter at this time. Many of the dealers have strong hopes that they will be able to reopen their bars for the sale of soft drinks, at least, by August 1. Others, however, have made plans for alterations and do not plan to reopen no matter what happens.

Wholesale liquor dealers report a big rush for bottled foods. At one store on Verbeke street this morning a colored man purchased 200 quarts. When asked what he intended doing with it, he replied that he was buying for friends, and later showed a long list of names.

Maurice E. Russ proprietor of Hotel Columbus said he would close up at midnight and in all probability would not set anything over the bar, even if a further extension of time was granted later.

Russ will open a cafeteria and has contracted for a large soda fountain. He will also introduce musical entertainment and will have dancing runs on a scale similar to western hotels. Dancing will start at 2:30 P. M. and run to 5:00 P. M., and from 8:30 P. M. to 11:30 P. M.

New York, June 30.—Six thousand saloon keepers, members of the United Liquor Dealers' Association, will meet here in a few days to determine their final course in meeting war time prohibition. Meanwhile they plan to "take a chance," and keep open after midnight to-night for the sale of all kinds of drinks, including whiskey, but many of them will limit their sales to beer and light wines after 12 o'clock.

**COURT TO PICK GUARDIAN FOR LARGE ESTATE**

Youth Changes Mind Where Annual Income of \$5,500 Is Involved

Whether Clarence H. Boone, a first cousin of the late Charles E. Hanshaw, formerly a city coal dealer, or the Central Trust Company, should be guardian of Daniel M. Hanshaw, a minor son and the only direct heir, is the question which Judge S. J. McCarrill is to decide.

John K. Geyer, counsel for Boone and the youth, presented a petition to the court for the appointment of a guardian, and when the boy was asked to make a choice, as he is more than 14 years of age, he may make a selection, according to law, Mr. Boone was named. Paul A. Kunkel, representing a half-sister and a half-uncle of the boy, then presented another petition in which the boy had joined and selected the Central Trust Company. Hearing of evidence in the case began before noon adjournment and was continued to the afternoon session. It was anticipated that the decision would be reversed.

The income from the Hanshaw estate will amount to about \$2,500 annually. It was stated in the petition for the appointment of a guardian.

**WANTS ROTARY CLUB TO SOLVE AUTO TROUBLES**

George G. McFarland Asks Organization to Take Up Parking and Traffic

George G. McFarland, complimenting the Rotary Club at the weekly luncheon of the organization in the Penn-Harris to-day, on the success of its anti-noise campaign, suggested that the club consider the parking and traffic facilities in the heart of the city.

"Yesterday I saw 45 motorcycles pass down a single street on their way to bring soldiers from the Carlisle Hospital," and not one of them made any objectionable noise," he said, "I attribute this to the public education the Rotarians have undertaken and to the strong stand of Mayor Keiser in response to their appeal. That thing would not have happened a few weeks ago."

Mr. McFarland suggested that the club take up the matter of parking and re-routing of vehicular traffic. G. M. Steinmetz, president of the club, asked Mr. McFarland to put his suggestions into writing and refer them to the committee on public affairs for consideration. The remainder of the meeting was taken up with reports of the Salt Lake convention, the delegates being H. Ward C. Fry, district governor; Dr. C. E. L. Keene, and the president.

The shock which was mainly felt in the region of Florence was perceptible as far away as Venice. It is reported that there were some victims at Borgo San Lorenzo, fifteen miles northeast of Florence and at Docimone, near the latter town.

The region of Regello (20 miles southeast of Florence) has been isolated. A number of houses in various places are reported destroyed.

**PEACE WITH SMALL ENEMIES HALTS AS LEADERS GO AWAY**

Lansing and Bliss Only Yankees at Paris Table; Hollweg Desires to Be Tried For Starting Strife

DISORDERS IN GERMANY ARE NOT DEEMED TO BE SERIOUS

By Associated Press.

With the Treaty of Peace with Germany signed, there has come a virtual halt in the activities of the Peace Conference. Treaties with German-Austria, Hungary and Bulgaria are still to be completed, and an adjustment of the future status of Turkey must be made, but for some days, it is expected, the peace making machinery will be operating only through commissions which are studying different phases of the problems before the Allies and preparing reports upon which the conference will act.

**Lansing and Bliss Remain**

President Wilson is on his way to America. Premier Lloyd George is in England and many of the other leading figures of the Peace Conference have left Paris temporarily. Of the American delegation, only Secretary of State Robert Lansing and General Tasker H. Bliss are at the French capital. The principal German delegates will leave Versailles for Germany to-day.

**Hollweg Takes Blame**

Within the next thirty days the Allies will submit to the German government a list of persons who are charged with responsibility for causing the war, or who are alleged to have violated the rules of civilized warfare. In this connection, Dr. Theobald von Bethmann-Hollweg, who held the office of Imperial German chancellor in 1914, when the war broke out, has formally asked the Allies to place him on trial instead of former Emperor William. The former chancellor assumes full and complete responsibility for the acts of Germany during his incumbency, even bearing the blame for the political acts of the former emperor.

**Disorders Not Serious**

Since the signing of the Treaty, little has come out of Germany to indicate the frame of mind of the German people generally. In fact the disorders which seemed very serious during the past three weeks assumed a more threatening aspect. The railroad strike which last week virtually paralyzed traffic in Berlin and seemed about to spread throughout the country has been settled, it is announced. Government troops sent to restore order in Hamburg, where there were serious riots during the past fortnight, have withdrawn from that city and left it in the hands of the provisional government that was established by the radicals. This retreat, however, may be only temporarily.

**Serious at Breslau**

In Breslau, however, there is a situation that seems to be serious. For the moment, at least, martial law has been proclaimed there following the entry of government troops who have taken over control of the railway station from the strikers.

**PALMER DECIDES TO KEEP LID ON TIGHT IN NATION**

Threatened Open Violation of Law in Big Cities to Be Met Promptly

BREWERS GET WARNING Department Decides 2 3/4 Per Cent. Drink Is Intoxicating

Washington, June 30.—War time prohibition effective at midnight will be strictly enforced by the Department of Justice, insofar as existing machinery can function to that end. It was said at the department to-day that open violation of the law, threatened in New York and other cities, would be promptly dealt with by Federal agents. Whether the department's present force will be able to break up secret traffic remains to be seen, but in this connection officials pointed out that increased appropriation asked for Congress for general law enforcement would permit of a considerable enlargement of the department's force.

Beer containing 2 3/4 per cent. of alcohol is regarded by Department of Justice officials as intoxicating and persons who undertake its sale will be arrested, it was said. Suit brought in Baltimore to have the courts determine whether such beer is intoxicating within the meaning of the law is to come to trial to-morrow but it is said that before final judgment is entered Congress will have specifically fixed in the enforcement law the amount of alcohol which beverages may contain.

**To Enforce Reed Amendment**

In the opinion of Department of Justice officials and many members of Congress, war time prohibition will have no effect on the Reed amendment prohibiting the transportation of intoxicants into territory where its manufacture and sale is forbidden by local law. Information has reached the department that many persons living in "dry" territory have stored quantities of liquors in "wet" cities with a view to transporting it after to-day, but enforcement of the Reed amendment will not be relaxed.
