Your Special Representative in New York City

"Oh, here's Miss Sachs," remarked a New York manufacturer recently when I walked into his show room, "the lady from Harrisburg who selects each model with a certain customer in view. Your clientele certainly ought to appreciate that kind of service, Miss Sachs."

Of course he exaggerated. I don't select each model with a certain customer in view, but I do buy a great many that way. Time and again I catch myself exclaiming:

"Oh, that's exactly suited to Mrs. Brown's coloring." Or "Wouldn't Miss White look stunning in that color?" And that's how the speaker gained the idea that I bought everything for certain specific individuals. But one thing is sure, after you've dealt here awhile you'll be surprised to discover items in my stock which seem to have been made just for you. And the fact is it will have been bought for you. There is of course no obligation to take it. But probably it will appeal to you so strongly that you will, just the same.
