

PLANS FOR NEW GUARD NOW MADE

Officers Will Be Listed and Organizations Formed Later in Year

While the organization of the new National Guard of Pennsylvania will not be undertaken until late in the year because the War Department has not yet fully decided upon the details of the military forces, plans have been announced by Adjutant General Frank D. Beary whereby officers desiring to serve in the organized militia can be listed. This plan was decided upon at a conference held by the Adjutant General with Major General W. G. Price, Jr., commander of the new Guard and Brigadier Generals G. C. Rickards and E. C. Shannon.

It is hoped that the division will be ready for organization by January 1, 1920, and it is the belief of the officers that a large proportion of the officers who served with the Keystone Division and with other divisions made up of Pennsylvanians in Europe will offer their services together with officers of the present Reserve Militia.

The general plan decided upon contemplates the tentative selection of officers for this regimental and company units and after this schedule is arranged to await authority from the militia-bureau to proceed with the recruiting of organizations. General Beary says that officers desiring to become connected with the new Guard should send written application to General Price at the Squadron Army, Thirty-second and Lancaster avenue, Philadelphia, and give short statements of their service.

Impressive Juggling Has Paralyzing End

Washington, July 3.—The Postmaster General, Mr. Burleson, has brought about some very impressive economic readjustments in the poultry business, through his juggling of rural routes, telephone and telegraphic facilities, and other government undertakings, according to a letter received by Representative Gould, of New York, from one of his constituents. The letter is from a lady who has conducted a modest mail order poultry business for a number of years in the vicinity of Clyde, N. Y. Heretofore this has been her postal, telephone and express address, and the business thrived. But since Mr. Burleson's experiments commenced, she has had to notify her customers that all telephone calls to her must be sent through Seneca Falls; her post office address, through a shifting of rural routes, has been changed to Waterloo, while her express package address is Clyde.

MOSQUITO BITES KILL
New York, July 3.—Mosquito bites, received seven days ago, caused the death of Genevieve Sara Bernstein, 59 years old, at Rockaway Beach yesterday. The wounds, on the left hand, resulted in blood poisoning.

WORST IS BETTER THAN EVER BEFORE

G. J. Worst, a real estate dealer, 6227 Limekiln pike, Philadelphia, said recently: "I suffered from gastritis and stomach trouble. There was bloating and distress, with pain at times. I heard of Tanlac through a friend. I followed his advice, and the gas fermentation stopped. My appetite got better, and I sleep more restfully. There seems to be a permanency about my return to health. I recommend Tanlac because it is a real tonic."

The genuine J. I. Gore Co. Tanlac is sold here by Kramer's and Stever's and other leading druggists.
