Real Baseball Game Is on Saturday Schedule

THURSDAY EVENING,

London, July 3.—There are only 3,000 taxicabs on the streets of London today as compared with 9,000 idle cars refuses to operate them because the government will not permit it to charge a flat rate of 25 cents a mile. At a hearing before a committee of Parliment this requirement was denounced as a foolish rule. It was intended to save the lives of persons who might be knocked down by taxicabs. The Parlimentary committee promised to try to have the idle cars put into use.
