Newport has been going at a good play to-morrow. He was former for the leaders in the two games. Manager Taylor has been working his team hard this week in preparation for the three games and announces that his contingent is in fine fettle. "Lefty" Wertz and "Buck" Gidday will be his hurling selections in the two games, while Kerns will do the catching. Slight changes may be made in the remainder of his line-up. Newport has been going at a good

Marysville Sets Pace
Marysville is traveling at a fast pace. Harry Biever, hurler, leads the league with a record of five straight victories. He will be on the mound in one of to-morrow's contests, probably the morning contest at Newport. He will make considerable trouble for the Newport batters. Hart, in a Marysville uniform again after hurling the team to the pennant in 1915, will hurl one of to-morrow's games. It is expected that he will be the selection in the Marysville game. Killinger will catch and the remainder of the Marysville line-up will be as it has Browne belt.

PLAYGROUND MATCHES ON
The baseball series for the City
Playground championship is on and
some exiciting contests are looked
for. Last evening Boas defeated
Emerald, score 11 to 5, and Maclay
trounced Twelfth street, 13 to 10.
In the first game the pitching of
Daly was a feature. This lad had
nine strikeouts to his credit and allowed but three hits.
In the latter game Twelfth street
had a 10 to 7 lead on Maclay at the
beginning of the final inning. However, in this frame the Maclay lads
scored six runs, spurting past their
opponents to victory.

Famo Destroys Dandruff Bacilli

Science has perfected a wonder-ful preparation that stops Seborr-hea (the medical term for dandruff) by killing the dandruff microbe. Its name is FAMO and it is a product of one of the famous pharmaceutical houses of Detroit. The ingredients have never been used on the scalp before but they are well known to physicians.

As isst as nature grows new hair the Seborrhea germ kills it off.

Unless you destroy the germ with FAMO, the new hair will grow

weaker and weaker and baldness finally will result. FAMO destroys the dandruff ba

cilli and makes new, luxuriant hair grow.

FAMO actually retards grayness. It contains no alcohol. It stops all itching of the scalp.

FAMO should be used daily by every member of the family, even by those who have no dandruff. It keeps the hair healthy and heautiful and prevents seborrhea.

FAMO is sold at all toilet goods counters, also applied at the better barber shops. It comes in two sizes—a small size at 35 cents and an extra large bottle for \$1.

Seborrhea is the medical name for a morbidly increased flow from the sebaceous glands of the scalp. The seborrhean exception forms in scales or flakes and is commonly known as dandruff.

MORE than ninety per cent of Stewart power is effective. It means Stewarts will work a day or a week, or years, on 25 per cent less gasoline than the average truck requires.

Many trucks waste 30 per cent or more of power in complicated transmission. The power you pay for doesn't act where you want it—at the rims of the driving wheels.

Stewart simplified design ends definitely the need of frequent repairs and constant tinkering. More than 600 parts are eliminated, all of which were points of power waste and truck wear. A new engineering principle exclusive to Stewart, made this complex nest of truck troubles unnecessary.

That Is Why in Five Years No Stewart Has Worn Out

And it insures uninterrupted service, always ready and reliable.

And the first 50 are still giving satisfactory and

uninterrupted service. Investigate the Stewart. Compare the operating and upkeep cost of a Stewart with that of any other truck. Compare their records of uninterrupted service.

This is the test that decided many thousand truck operators to buy Stewarts. They are used by more than 200 lines of business in 27 countries, meeting every hauling requirement in every climate and condition, with satisfaction and economy. Ranging from the light %-ton truck to the powerful 3%-ton size, they answer every truck hauling problem.

Stewart advantages are so marked that some truck operators have disposed of their old fleets completely, replacing them with Stewarts. They saw that Stewart transportation would quickly repay in better service at lower cost the loss they sustained in selling the old fleets at used-truck prices.

You, too, can profitably adopt Stewarts. Once a user you will always want Stewart reliability.
