Although the number of intoxicated persons locked up, had been averaging from four to five daily, according to Chief Wetzel, not a single arrest for drunkenness had been made by the local police department since the war-time prohibition measure became effective on Monday. Wednesday. The wagon, has, however, been sent out several times on calls at night.

Attaches of the Harrisburg Hospital were others who noticed different results in consequence of the passing of John Barleycorn. Several persons employed at the Horpital expressed relief at coming to work and not finding reports of persons injured in automobile smashups.

Not a single patient was admitted to any city hospital as the result of any accident yesterday, although one slight automobile wreck was reported on South Cameron street. This, together with the fact that no serious burns from fireworks, were reported, is held by Hospital employes to be largely the result of the passing of many kinds of booze.
