

**Kong Siang-Koo in Paris to Urge Change in Shantung Decision**  
By Associated Press.  
Paris, July 7.—Kong Siang-Koo, direct descendant in the seventy-fifth generation from Confucius, and president of the Provincial Council of Shantung Province, is among the well-known Chinese who have recently arrived in Paris to urge a reconsideration of the conference decision to turn Shantung Province over to the Japanese. Mr. Kong speaks English and like

all the other members and attaches of the Chinese delegation, wears modern clothes. He is most eloquent in his plea for a restoration to China immediately of the historic province which Germany wrested away from it by force. China's sacred mountain, Tai-shan and the home of Confucius make this

province more sacred to Chinese than any other portion of the Republic. "We thought German imperialism had been driven out of China," Dr. Kong said in a recent talk to newspaper men; but it has only been supplanted by the imperialism of Japan which is even a greater menace to China.

**American Organized Crack Regiment of New Esthonian Army**  
By Associated Press.  
Reval, Esthonia, July 7.—The crack regiment of the new Esthonian Army

is one organized and financed by an American citizen, H. C. Reiser. It is composed of cavalry, infantry and artillery units, 1,000 men, and has been fighting for several months. This discovery was made by an American Red Cross mission which arrived here a few days ago with a shipment of supplies for the relief of the country.

Mr. Reiser had already organized a small Red Cross hospital of fifty beds. The first articles which this hospital requested of the American relief workers were an American flag and a Red Cross flag. When both of these were supplied they hung the two banners to the breeze from flag poles in the hospital yard.
