CITY AND STATE JOIN IN FIGHT ON MOSQUITOES

Dr. Raunick Informs Health

city and private property owners, and in the county, the cost to be divided between the county and private property owners in second class townships.

Work Needed
In case of permanent construction work the bill provides that the State will bear one-third of the cost of the improvement.

The special report of the proposed mosquito eradication campaign in the city was made by W. V. Becker, chief of that section of the State Department.

It is likely that an effort will be made to have Council take some action on the report so that measures can be taken to start the campaign in the city soon. Mr. Becker in his report says in part: "The investigation disclosed no conditions requiring any departure from the usual methods of mosquito control. The work would be confined to certain sections and would be com-Dr. Raunick Informs Health

Season Will Open July 22; Smaller Boys May Go in August

manent name for the Harrisburg Y. the unanimous vote of the members Work Committee of the association held last night in the Central Y. M. C. A. building. The Indian lore will no doubt play an important part in Christian chief of the Iroquois.

son will be held, according to the unanimous vote of the committee, at "Big Pond," which is in reality a small lake, located two miles off the Walnut Bottom road from Grey-

matter is one for township supervisors.

Ex-Auditor General A. E. Sisson, of Brie, and Representative W. M. Benninger of Northampton, were among visitors here to-day.

Inspection of three grade crossings in Northampton county against which complaint has been made with the Public Service Commission was made to-day by Chairman Ainey and Commissioner Rilling together with engineers and accident experts. Hearings in the cases will be held to-morrow in this city.

Colonel Edward Martin, State commissioner of health, said to-day that the second camp of instruction for health officers at Mont Alto is proving as great a success as the first. The commissioner said that he was much gradified by the interest being shown by the public and by the health officers in the work being done.

a small lake, located two miles off the Walnut Bottom road from Greythorn station on the Philadelphia and Reading spur from Carlisle Junction to Shippensburg.

The camp will be easily reached by automobile. It is located only two miles off the Walnut Bottom road, and the roads approaching the camp being in excellent condition. In all probability the boys going to camp will take the train to Greythorn and walk two miles to the lake. Tents will be pitched between the lake shore and the clearing, which will be reserved for athletic field purposes.

The camp committee appointed by J. William Bowman, chairman of the Boys' Work Committee, is headed by Al. K. Thomas as chairman. The other members of the committee who will work with him to make possible a "best ever" camp for boys are: George S. Reincehl, E. S. Nissley, A. Ramsey S. Black and Gus M. Steinmetz. The committee decided to hold the camp open for two weeks, beginning July 22 and to extend the time one additional week in case there was sufficient demand for it. During the period, July 22 to August 5, only boys over twelve years of age may attend the camp. It will be possible for boys as old as eighteen years to go to camp and a few older may be taken as squad and tent leaders. During the proposed third week of camp, boys of ten and eleven years may attend providing their applications are filed at an early date. It is understood that this third week will be conducted only if a sufficient number register for it without delay.

The committee desires to operate the camp on an absolute cost basis. The rate to be charged for campers who attend camp fourteen days or longer will be \$6 per week. Those who go for any shorter period will pay \$7 per week. Each boy will pay his own carfare to camp and return.

Boys' Work Secretary A. H. Dinsmore and Physical Director C. W.

An estimate of the cost of inspec-tions and oiling has been made and it is beleved the work can be done for \$500 a month. Draining, filling, mowing and supplies would cost about \$1,500, so that the work for the three summer months would necessitate an expenditure of \$3,000. Boys' Work Secretary A. H. Dins-Boys' Work Secretary A. H. Dinsmore and Physical Director C. W. Miller will be assisted by a number of adult and older boys as leaders in the administration of the camp. Mr. Dinsmore has requested that it be made clear that while this camp is conducted primarily for boy members of the Y. M. C. A., that other boys of the city may apply for entrance to the camp, as Y. M. C. A. membership is not necessary for admission. Boys who are not members will be charged the same camp fee as the "Y" boys and parents are invited to call upon Mr. Dinsmore for any information which they may desire regarding the camp.

With Eight Bullets in Body, Refuses to Tell Who Shot Him Up

Wilkes-Barre, Pa., July 8—Thomas Kothlino, aged 28, is in a dying cordition with eight bullets in his body, but he refuses to name his assailant or tell how he was shot. Kothlino was found on a street in the Oregon section of Pittston. It is known that he attended a wedding celebration. That is as much as the police have gathered. He was removed to a hospital. Paris Women Wearing

Socks to Keep Cool

London, July 8.—Certain women who pass for being elegant have sprung a surprise among the morning promenaders in the select portions of the Bois de Boulonge, Paris, by appearing without stockings. They have replaced the stockings by socks, which run only an inch or two above the boots.

With summer weather in spring, the silk stockings of the "elegantes" generally had become more diaphanous than ever, their transparency being increased with altogether.

Diligent students of the fashion barometer record that skirts have been shortened by several inches in the last three years. At Longchamps races recently they were seen at their shortest. A feature of the toillettes was a sort of wran which such as a point that, as it no longer veiled the limbs, more audacious persons argued that stockings might be dispensed with altogether.

Suicide Among Children Fisher's Guests

country is increasing to an alarmver the State met here to-day for their first conference with Banking ing extent, acording to the Save-a-Commissioner John S. Fisher since Life League. Dr. Harry M. Warren,

Commissioner John S. Fisher since approval of the act reorganizing the department and discussed matters pertaining to their work. The commissioner outlined the policy to be followed and pointed out that under the new law the department is to be self-sustaining. The examiners were guests of the commissioner at luncheon at the Penn-Harris. In the course of his remarks to the examiners Commissioner Fisher referred to the statement made under the recent call as showing gains in resources.

James J. Parker, of Lewistown, to day filed a petition to be a candidate for associate judge in Mifflin county.

The first notice of an increase in rates to be filed with the Public Service Commission by a turnpike company was entered by the Oley Turnpike Company, operating in Berks county. The tolls for motor vehicles are advanced fifty per centand for other vehicles and cattle twenty-five per cent.
