

SAYS PUBLICITY TO FRENCH PACT IS PROTECTION

Paris Newspaper Believes Publication of Agreement Is Check to the Enemy

By Associated Press. Paris, July 8.—The Petit Parisien explaining the agreement entered into by the United States and Great Britain to come to the aid of France in case of unprovoked aggression by Germany, says: "For the first time a convention of this kind is made public directly after its conclusion. This may be called an act of diplomacy, accomplished in the face of the whole world, one, all the more decisive, for not being kept secret in the chancelleries. The circumstances relative to its conclusion are known. The League of Nations cannot operate immediately. Years may go by before it really comes into force, and in the meantime France may again be the victim of aggression. The danger of aggression menaces France more than any country which is a member of the League, America being far away, and England more than ever protected by the sea."

Colored Giants Trim Sheridan; Club Wants to Get Some Games

The Harrisburg Giants, a hard hitting, fast fielding local aggregation of ball players, defeated Sheridan yesterday by 1 to 0. The feature of the game was the pitching of Jordan, who allowed the Sheridan crowd but three hits. Banks and Reeves put over some powerful hitting, while Williams was there when it came to scooping them up. Manager Clay would like to arrange games with other strong organizations of this city and vicinity and can be addressed at his home, 627 Ross street. The Giants are going like their Cuban namesakes and should prove the strongest colored ball team in this part of the State. The score by innings: R. H. E. Fort Pitt Won Second Match in Pennsylvania State Rifle League

The second match of the Pennsylvania League was shot during the last two weeks in June, Fort Pitt easily winning their match. Each club increased their team's scores by an average of about 10 points over those of the first match.

A peculiar thing about the second match was that each team practically reversed itself, as the team leaders in the first match nearly all shot their way onto the wrong end of the team and the fall ends took advantage of this to win a place in the hall of fame.

P. H. Dillman was the star of the shoot by scoring 145, having a possible at 200 yards rapid fire and a total of 95 on the slow fire. Dr. Waugaman of Fort Pitt also scored a possible at 200. Dillman led for Fort Pitt with 145. Unger for Harrisburg with 137, Essick for Reading with 136, and Epsenshade for P. R. R.—Keystone with 135.

Boxing Board Denies Rocap's Charges That Big Fight Was Fixed

Insinuations made by William H. Rocap of the Philadelphia Public Ledger that there was collusion between promoter Tex Rickard and Jess Willard on last Friday's title bout, were investigated yesterday by the Toledo Boxing Commission.

Every member of the commission saw Jack Dempsey win the title and ridiculed the Rocap statements. Promoter Rickard was present and offered to give the board the authority to look into every move he has made in connection with the staging of the show.

The commission voted confidence in Rickard when it passed this resolution: "Whereas, The Toledo Boxing Commission is of the opinion that the Willard-Dempsey boxing match was in every way regular and legitimate, and in every way square and honorably conducted by the promoter, Tex Rickard, the participant, Jess Willard and Jack Dempsey, and all concerned and

Whereas, One William H. Rocap, sporting editor of the Philadelphia Public Ledger, has expressed insinuations of collusion between the promoter, Tex Rickard, and one of the participants, Jess Willard, on last Friday's Boxing Commission is unable to find any evidence whatever of such collusion, now, therefore, be it

Resolved, By the Toledo Boxing Commission that said William H. Rocap be notified to present all proofs, if any he has, to the commission within one week or forever hold his peace."

Boy Chokes to Death on Green Apples While Playing in Water

Choking on an apple which he was eating while in the water, Carl Bechtel, the 11-year-old son of Mr. and Mrs. William Bechtel, of Lucknow, died before medical assistance could be given him last night. The Harrisburg Hospital pulmotor was rushed to Clark's Ferry bridge in an effort to save the boy's life, but arrived too late.

The youngster had been visiting his grandmother, Mrs. R. E. Lucas, at Benvenue, at the west end of Clark's Ferry bridge with two cousins he had a visit to the orchard, and having filled up on green apples, the three started for the river. Choked by the bit which he had in his mouth, he could make no outcry and slowly sank into the shallow water.

Suddenly the two cousins noticed the boy's disappearance. They turned in time to see him sinking. Setting up a cry which brought Howard Zimmerman, who was working nearby to the scene, the youngsters started for the cousin, Zimmerman ran in and recovered the lad's body, and at once sent in a call for Dr. W. R. Brothers of Duncannon, and also the Harrisburg Hospital. Dr. Brothers arrived in a few minutes and worked over the body but could do nothing. The pulmotor did not arrive in time.

Ex-Kaiser and Frau Are Preparing For a Long, Long, Unperturbed Stay

By Associated Press. Amerongen, Sunday, July 6.—Former Emperor William and his wife are apparently unperturbed by the possibility that proceedings will be brought by the Entente for the extradition of the former from Holland. Members of the former monarch's suite have indicated in conversations with the correspondent that in their opinion any proceedings from Allied quarters would be protracted for many months without any certainty that The Netherlands government would consent to hand the former kaiser over for trial.

They are almost unanimously convinced that they are here for a long sojourn and are making preparations accordingly.

NO SMILES HERE, REPORTER FINDS

By Associated Press. London, July 8.—Having read in an American paper of a campaign launched over there to promote cheerfulness, a London reporter made a tour to see if such a campaign would help this metropolis. "It would do no harm," was the upshot of his impressions.

A superficial investigation of the city, he writes, "revealed the presence of a surprising number of people who appeared to be feeling the seriousness of their position. The most gloomy-looking were restaurant floor-walkers, underground lift attendants, shop assistants, policemen, foreign waiters, tube gatemen, tram conductors, messengers in government offices, theater booking office clerks, jewelers, tea shop waitresses, railway porters and sentries outside Buckingham Palace."

"Not one," he says, "was observed to smile. Trenchcoat waitresses appeared to be suffering from 'soul sickness.' Assistants in most shops (an American department store excepted) appeared to regard the advent of a customer as a flippant intrusion on their meditations."

RADIO STATIONS TO DIRECT MAIL PLANES IN FOG

One of Three High Power Depots Will Be Built at Bellefonte

By Associated Press. New York, July 8.—The Post Office Department at Washington has contracted for the erection of three high power radio stations, the first of a chain in various cities to be used primarily for the direction of mail carrying airplanes handicapped by fog. It was announced here by Emil J. Simon, manufacturer of radio apparatus for the War and Navy Departments.

Stations will be established at Bellefonte, Pa., and Cleveland, with a third at some point on Long Island or Newark, N. J. Appropriations for these already are available. Others will be erected at Washington and Chicago as soon as Congress provides funds.

Each station will have a range of approximately 40 miles to mail airplanes and approximately 700 miles between stations, the difference being due to the lesser sending ability to the airplanes' wireless.

The station at Bellefonte will be completed about the middle of October, while the other two definitely decide upon are expected to be ready early in December.

Girl Kills Lawyer and Laughs While Victim Slowly Dies

Chicago, Ill., July 8.—Benjamin E. Burr, well-known divorce court attorney, of Chicago, was shot down and killed yesterday by a girl of 17 with a sordid tale of betrayal.

The girl, Miss Margaret Seltzner, was giggling when the first witness broke into the attorney's private office and found her standing over the dying man, bleeding from wounds in his chest and back.

The girl turned to "those who rushed in. Then she tossed the pearl-handled revolver on Burr's body.

"Don't be afraid," she said. "There's no more bullets. The pay is more didn't hit him. He deserves to die. He ruined me and he wouldn't keep his promise to marry me."
