

PITTSBURGH FOR BIG BOND ISSUE

City Voted For Twenty-Two Million Dollars For Municipal Improvements

Pittsburgh, July 9.—With only ten districts out of 114 in the city missing, returns early today indicated that the municipal bond issue of nearly \$22,000,000, voted upon yesterday had been carried.

Six of the seven items included in the issue carried by two to one, according to the unofficial vote. The other item, \$6,000,000 for the first section of a subway, shows a total vote of 15,568 for and 12,590 against, with ten districts missing, giving a majority of 2,978 for. The vote was light.

In addition to the subway, the improvements contemplated include \$9,579,000 for streets and roads; \$1,815,000 for parks and playgrounds; \$1,401,000 for extension of the water supply system; \$1,341,000 for new sewer system; \$1,100,000 for comfort station, police and fire stations; and \$750,000 for bridges.

Embarrassing Hairs Can Be Quickly Removed

(Beauty Culture) Hairs can be easily banished from the skin by this quick, painless method: Mix into a stiff paste some powdered delatone and water, spread on hairy surface and in 2 or 3 minutes rub off, wash the skin and it will be free from hair or blemish. Excepting in very stubborn growths, one application is sufficient. To avoid disappointment, buy the delatone in an original package.

NIAGARA FALLS EXCURSIONS. Fridays, July 11 and 25. Round \$12.84 Trip. Good only in coaches. From HARRISBURG. Tickets good in parlor or sleeping cars \$2.21 extra in addition to regular Pullman charges. All fares subject to war tax of 8 per cent.

Coal Prices to Make Additional Advances

We say it frankly that coal prices are going to experience additional advances. The next of which will occur September 1 when a 20c increase goes into effect. From our analysis of coal conditions cheaper coal is impossible until there is a readjustment of the wages paid the miners—and the present wage scale is certain to be maintained for an indefinite time.

If you wait till Winter to buy your coal—two things are certain—you will pay more and not get all you need.

PROPOSED TRIAL WORRIES KAISER

Displays Irritation After He Reads Clause in Peace Treaty

Amerongen, July 9.—The former German Emperor displayed marked irritation after reading the clause of the Peace Treaty in which the Allies announced their intention of putting him on trial on charges of violation of international morality and of the sanctity of treaties. For several hours after he had read the clause no one at the castle of Amerongen had the courage to approach him. He sat in a chair before the main entrance to the castle, deep thought while the former Emperor, Auguste Victoria, and the members of his suite walked in the grounds occasionally glancing in his direction.

Next day he seemed to be in a state of nervous agitation, for he frequently ceased his sawing and walked away leaving those who assist him to continue the work alone. Later, however, he resumed with increased energy, so much so that one of his assistants was forced to take over his work in order to prevent him from recovering from a chill caught while perspiring at the other end of the saw.

NEBRASKA MAN WILL HEAD ELKS

Frank L. Rain, of Fairbury, Elected Grand Exalted Ruler

Atlantic City, N. J., July 9.—Frank L. Rain, of Fairbury, Neb., was elected Grand Exalted Ruler of the Benevolent and Protective Order of Elks. He defeated Albert T. Brophy, of Brooklyn, by a vote of 1,052 to 451.

Chicago was chosen for the 1920 convention. All the other officers were elected by acclamation. They are: Grand esteemed loyal knight, Walter Book-walter, Indianapolis; grand esteemed lecturing knight, C. C. Bradley, Portland, Ore.; grand secretary, Fred B. Robinson, Dubuque, Iowa; grand treasurer, Pat Brennan, Dallas, Tex.; inner guard, W. B. Meriman, Greensburg, N. C.; tiler, Frank Hurley, Birmingham, Ala.; William E. Drisden, Albany, N. Y., was elected to fill a vacancy in the board of trustees. Grand Exalted Ruler-elect Rain, named John G. Price, Attorney General of Ohio, a member of the grand forum, the highest judicial body of the order.

A cablegram read before the balloting began from General John J. Pershing, was greeted with applause. The message said: "Thanks for your invitation but shall be unable to attend the convention this year. Please extend to assembled Elks my cordial feelings and best wishes." Bruce A. Campbell, grand exalted ruler, in his report approved of the creation of social and community welfare committee which would absorb the activities of the Big Brother movement, which he endorsed, advocated an increase in the salary of the grand secretary from \$5,000 to \$7,500, and urged co-operation in the development of the Boy Scout movement.

SEE SUCCESS OF 'IRISH REPUBLIC'

Only Army Can Keep It Down, Declares Edward F. Dunne

By Associated Press. New York, July 9.—Only a "gigantic military machine, equipped with machine guns and armored cars" and "imprisonment of their rascals" can prevent the "full operation of a Republican government in Ireland," Edward F. Dunne, former governor of Illinois, and one of three delegates sent abroad by the Irish Societies of America to intercede in behalf of Ireland at the Peace Conference, declared upon his arrival here yesterday on the steamer La Savoie. With Mr. Dunne came Frank P. Walsh, another of the delegates, who also issued a statement predicting early success of the "Irish Republic" cause.

The two delegates were given an enthusiastic reception by a crowd of several hundred persons, who they debarked. They drove immediately to the hotel where Eamon De Valera, "President of the Irish Republic" is stopping. "We are satisfied that our mission accomplished most, if not all, that we set out to achieve," Mr. Dunne said.

"The case of Ireland before the World's Peace Conference was being deliberately ignored prior to our arrival in Paris, and is being treated by England with her usual unconcern and contempt. "We went to Ireland and thus were able to give President Wilson, the American commission, and to the world, a true unvarnished story of English atrocities and military misrule in Ireland. We compelled the castle authorities in Dublin and finally the whole English and Irish press to take up and discuss openly the scandal of military occupation and oppression."

SALES FORCE TO GO TO FRANCE

Will Sell American Army Equipment in That Country

Washington, July 9.—The French government having offered only \$200,000,000 for American Army equipment in France costing \$1,500,000,000, the War Department has ordered a sales organization for disposal of the property to be formed in France. Director of Sales Hare took a special House committee investigating War Department expenditures aboard.

Director Hare said the French offer was made to Chairman Parker, of the United States Liquidation Commission. The offer, he said, included materials, including ship docks, railroad works and equipment, automobile trucks and textiles. Mr. Hare, with a small party of industrial experts, will sail for Europe on Saturday to begin their work abroad. Sales offices and organizations will be organized and maintained at various places throughout Europe, the director said, and much of the material may be returned to the United States.

Members of the subcommittee in their discussion with Mr. Hare, made it plain that they favored returning all possible supplies to this country "to break the high prices" as Chairman Johnson, of South Dakota, said. Mr. Hare outlined his sales policy as not to preserve high prices for benefit of manufacturers, but to prevent unnecessary industrial disturbance and sacrifice in prices that would result from "dumping all surplus goods on the market." Referring to the meat packers and vegetable canners, he said: "We have told them we don't intend to save them, but to play the game for the best of all."

Ships for return of goods from abroad are expected to be available about September 1, the director said.

Old Army Cars Bring Big Prices in England

London—American army motor transport in England has not cost the United States Government anything for machines, according to figures prepared at army headquarters here. Astonishing prices have been paid here for machines the army has used on auction, touring cars in scores of instances bringing more than the original cost, even though they have seen rather hard usage. The army purchased a number of cars of a light popular type for \$450 each, and these have sold for \$1,000 to \$1,000 here in the past few months. Another machine, an average purchasing price for which was \$1,085, has brought as much as \$1,820 at the auction sales. The prices bid for touring cars, however, have been absolutely amazing. Major J. C. Weller, head of the motor transport section in the quartermaster department here, told the Associated Press, a great deal higher than we would have dared asked on straight sales.

Altogether, the army had 592 touring cars, trucks, ambulances, motorcycles and bicycles for its work of transporting about 1,000,000 men through England. Only a dozen of these have been reserved to be used in the final clearing out of headquarters in London. Good prices have been obtained for the trucks and ambulances, exceptionally good prices when compared with what second-hand motors bring in the United States, because the greatest demand has been for the touring cars, motorcycles and bicycles.

Some observers place this demand in the same category with the insatiable desire of women for the finest of finery at unprecedented prices which even then the shops cannot supply, or the luxurious demands of people who would hardly have thought of such things before the war.

said the child as he gazed through the tears, "but when papa grabbed me I swallowed my cigar, and it was the last one I had."—Indianapolis News.

IOWA'S DEER HERD

Down in the basement of the state historical building a group of nine white-tailed deer taken from a herd of more than 450 in Cass county is being prepared for preservation as an exhibit of the natural history of the state.

This herd of deer which recently came into prominence by "moving in" on farmers in the vicinity and destroying enormous quantities of corn and other grain, is possessed of a unique history, according to E. R. Har-

lan, curator of the state historical department. In the early days, before prohibition struck the state, there lived and prospered in Cass county a farmer, who conducted a thriving business in horse stealing as a side line. In his pastures were three tame deer which he maintained as pets.

One day the other farmers of the county held an indignation meeting, organized themselves into vigilance committee, descended upon the ill-fortunate trader in equines, and from the limb of a convenient tree the committee hanged him by the neck until he was dead.

All of which was quite in keeping with the law and justice of the pe-

riod, but which left the three deer without a guardian. Under the protection of rigid game laws, they lived and multiplied in a system of pyramided progeny until the present herd of 450 came into being.

Anyway, the state of Iowa has none of the critters to show for all its trouble.—Des Moines Register.

Store Closes at Noon Tomorrow (Thursday), Summer Half Holiday.

KAUFMAN'S CLEAN SWEEP SALE. Extra! A Whole Day's Business in 3 Hours. Tomorrow—Brisk Clean Sweep Selling. Our big Clean Sweep Sale opened yesterday with the biggest volume of business in the history of our store. We make this statement to show you that the popularity of the Clean Sweep Sale and Kaufman's Underselling Store is growing by leaps and bounds. You must consider at this time not only the reduced prices of merchandise which is offered in this sale, but also the fact that when you buy now you will save a lot of money on future prices, which are bound to be much higher because merchandise is steadily advancing in price. It is also well for you to understand that all the merchandise offered in the Clean Sweep Sale is merchandise of merit. It is exactly the same kind of merchandise you buy here at all times with the exception that the prices are much lower, due to our Clean Sweep policy, which means drastic mark-downs in every department. The strongest thing we can say is buy now for present and future use. The savings are very large and can be put to good use in future buying. Therefore, take advantage of these savings and of the specials in Thursday morning's Clean Sweep list of merchandise.
