

**THAW DENIED TO NEW YORK STATE**

Attorney General Will Recommend That the Requisition Be Refused Here

Attorney General William I. Schaffer late yesterday informed Assistant District Attorneys Robert S. Johnstone and Edwin P. Kilroe, of New York, that the place to begin proceedings to have Harry K. Thaw returned to New York for trial on a charge of assault was in the Philadelphia court where Thaw was adjudged insane. Mr. Schaffer will recommend to Governor Spraul that the requisition of the Governor of New York for return to that county of Thaw, now in a Philadelphia insane asylum, be refused.

This action will be in line with that of Governor Brumbaugh in May, 1917, when he refused requisition on recommendation of Francis Shunk Brown, then Attorney General. The New York attorneys asked requisition on the ground that Thaw was reported to have left Philadelphia at various times, to have been seen in theaters and cafes and to be transacting business. This was denied by Ex-Judge James Guy Gordon, counsel for Thaw, who said that the man had only been out of the asylum twice and then by court order. He presented papers showing the orders of the court in the case. The New York attorneys asked a hearing to establish facts as to sanity and Judge Gordon replied that Thaw was sane by judgment of a court he is in the custody of the law and testimony here would be irrelevant.

Mr. Johnston contended that the United States constitution imposed a duty on the governor of Pennsylvania to honor a requisition from another state, but the Attorney General held that Thaw having been declared a lunatic by formal proceedings in court it acted as a foreclosure and should be accepted under the "faith and credit" clause of the constitution, advising that as the court ordered fixed the status of Thaw as a lunatic in the court where he was so adjudged. He added that he thought the decision of Mr. Brown in the former proceedings was correct and expressed doubt whether if Thaw was taken to New York he could be tried when he was a lunatic under the law. He also said that if a man was in prison for contempt of court he could not be taken out until he purged himself. Until Thaw is adjudged sane by the court which committed him he held that he must stay in custody and while there could not harm anybody. If he is ever adjudged sane, said the Attorney General, requisition proceedings can be started.

**Coral Jewelry has Increased Popularity**

Chicago — Coral jewelry has suddenly become popular and many people including some jewelers, have been at a loss to account for the fashion. It is due, it may be explained, to the fact that good coral jewelry has become extremely scarce since the outbreak of the war in 1914 and the other fact that people want most what they can not get. Some light was thrown on the situation by Matsuo Ashyuto, a Japanese jeweler who is in this country to study designs in carved coral that appeal most strongly to the American public.

"The best coral carvers have always been in Italy," said Mr. Ashyuto, "but in recent years the Mediterranean coral beds have been practically exhausted. Italy depended to a large extent on shipments of carved coral from Japan. This Japanese coral was carved by the Italians and marketed throughout the world as Italian coral. The war shut off these shipments and the output of coral jewelry from Italy reached the vanishing point. This has made coral rare in the world's markets. As the supply of coral jewelry diminished, the demand increased to a surprising degree. Coral jewelry that had been fashioned several generations ago but had lost its vogue suddenly became popular again. To help meet this new demand, the Japanese government opened a school where native Japanese are taught to carve coral. Their carved work is done in Japanese designs and has met with a ready sale in Japan but there has been little demand for it abroad because it was not done in the style that appeals to occidental people. The Japanese government recently sent several emissaries to Europe and America to learn the designs occidental people want. In time, the Japanese believe their carved coral will become as popular as the Italian coral has been."

**Winnipeg Strike Held up Sheep Shearing**

Lethbridge, Alta.—The Winnipeg strike held up sheep shearing in southern Alberta for more than a week. The strike made it impossible to get enough wool sacks for the clip from Winnipeg. The sheepmen got around the situation by getting their sacks from Montana and Minneapolis. The shearing which was in progress for ten days is now practically completed. Two hundred thousand sheep were sheared in the Lethbridge district with a yield of 1,500,000 pounds of wool.

Some of the wool already has been marketed at Great Falls, Montana. Prices there ranged at or near maximum prices paid in Canada last year. William Rae, a wool buyer, paid 60 cents a pound for a shipment of 20,000 pounds. J. C. Hollindrake who has had charge of grading the wool in this district says it is of better quality than last year's clip. All the wool will be marketed by the Canadian Co-operative Wool Growers' Association.

**MANGANESE PRODUCED IN 1918**  
The domestic production of manganese ore in 1918, according to statistics compiled by E. F. Hewitt, of the United States Geological Survey, Department of the Interior, was greater than in any preceding year. The shipments of high-grade ore during the last quarter of the year were 75,465 tons, against 90,738 tons, 82,481 tons, and 55,682 tons for the third, second, and first quarters, respectively, and the total for the year was therefore 304,366 tons, or two and a half times that for 1917, which was the highest previously recorded. The shipments of low-grade material were also the highest on record—598,332 tons containing 10 to 25 per cent of manganese and 242,585 tons containing 5 to 10 per cent of manganese.

*"The Live Store"*

*"Always Reliable"*

# Friday—The Day Of All Days At Doutrichs "Big" Shirt Sale

We have never seen anything like the success of this "Live Store's" "Shirt Sale" — There's no let up in the buying, the crowds are coming here with unabated interest and are buying shirts in such quantities that it keeps our stock men busy filling up the empty places — The values we are offering would tempt any one to spend their money freely. This is a real Shirt Sale in which every shirt is reduced (except Manhattans).

By all means don't miss Doutrichs "Shirt Sale" for it's the most wonderful "Shirt Sale" that has ever been presented to Harrisburg, not alone to this loyal city, but the people from all points of the compass have been here. One of our customers was from far-away Boston—he was attracted by our mammoth Silk Shirt Window Display as he passed down Market street and said he never saw anything like it. Very few people have — Think of it! A

## \$10,000 "SILK SHIRT" DISPLAY

Then too—every available space on the inside is filled to overflowing with high grade shirts of all fabrics and qualities and styles you would think you were going into a fairyland when you look over the mountains of Shirts — But to see the eager and enthusiastic crowds coming to this "Big" Shirt Sale is what puzzles everybody — but it's the confidence the people have in this "Live Store" that brings them here — we always have what we advertise — we never fool the people — It's a great thing to have a reputation for square dealing and honest representation.

All Signal Shirts
