

Would Forbid President From Leaving United States
Washington, July 10.—The President of the United States would not be permitted, during his term of office, to leave the country or to perform the duties of his office except in Washington, under a bill introduced by Representative Campbell, of Kansas, chairman of the House Rules Committee.

"YANKEE DOODLE IN BERLIN"
Charlie Chaplin has the part of a hired man in "Sunnyside," now showing at the Regent in Harrisburg. This film he is given the task of winning the pretty country girl (played by Edna Purviance) away from a handsome city dandy who arrives in the town in a motor car. Some of the funniest antics Chaplin has put on the screen are included in his efforts to outshine the dandy. You will see farm life as it should be and Charlie at his best.
Thomas H. Ince has produced another stirring drama of big city life in "The Law of Men" starring Enid Bennett. This production will be shown to-day for the last time. The scenes are set in New York, New Jersey, New York, and Miss Bennett, when the picture opens, has gained quite a reputation for her efforts to play the part of a woman who does her bit for her country in a most attractive manner.
A crowd of Wall Street pirates heard a certain well-known young American, who had discovered Wall St. sharks, an island in the Atlantic Ocean. They went to him with numerous offers, which had he taken them would undoubtedly have meant a cool fortune, but to get he had to misrepresent his island.
They wanted to sell the island as a gold mine, but he rejected their plans. He didn't want money—he wanted a good fellow to sell the island for. The young fellow is no other than your favorite screen actor, Harold

GIVES EDITORS TWO DAYS OFF
Northcliffe Introduces Five-day Working Schedule on His Newspapers
London, July 10.—All the regular editors, special writers and reporters of The Times, Daily Mail and Evening News are to have two days each week for rest or recreation under the "five-day working week" which Viscount Northcliffe is introducing in his newspaper properties.
The writing staffs of The Times and Daily Mail already have been reorganized on this basis and the system is to be extended to The News.
The same system is to be arranged in the near future for all others on these papers including all members of the business staffs, the printing and mechanical forces. This is not possible at present on account of the scarcity of skilled labor.
Lord Northcliffe's view is that all men, especially those engaged in brain work, attain their highest efficiency by this division of work and recreation and by a complete change at these regular and frequent intervals.
The chief rival of Lord Northcliffe in adherence to the theory of short hours and better work is the great soap magnate, Lord Leverhulme, formerly William Lever. His ambition is to have a working day of six hours for all his thousands of employes, and he has even hinted at a four-hour day as a possibility of the future.

REBELS TURN TO TRAIN WRECKING IN SOUTH MEXICO
American Is Among Hostages Who Are Seized Near Puebla
By Associated Press.
Loredo, Tex., July 10.—Withdrawal of troops from bandit-infested regions in central and southern Mexico to campaign against Villa in the north has led to a new wave of train wrecking and railway destruction in that republic according to stories printed by Mexico City papers received in this city.
The most striking feat of the rebels was the capture of a train from Mexico City to Puebla at a point only a few miles from the rebel stronghold. The train was captured by the forces of the former federal general, Cirilo Arenas, who revolted about a year ago. One hundred of the several hundred passengers were seized as hostages, among them an American, Charles Chapman. They were driven for hours on foot over rocky trails to the headquarters of the rebel chief, Enrique Langenschein, son of the German consul at Guanajuato. Langenschein met death at the hands of rebels fleeing from Michoacan into Jalisco, who caught him on his ranch near Lake Chapala.

DISCOURAGING PEDANTRY
A professor at Princeton is a foe to the jurist and pedant. He who insists on saying, "To-morrow will be Tuesday," gets no encouragement from this scholar.
On one occasion, while on vacation, the professor gazed out across the lake one gray and sultry afternoon and remarked:
"It looks like rain."
"A pirist was rocking in a chair nearby."
"What looks like rain, Professor?" he chuckled. "I've got you there! What looks like rain?"
"Water," answered the professor coldly.—Everybody's Magazine.

FAMOUS FEMINITY AND FILM FUN COMING, TOGETHER
Lockwood, America's matinee idol, in his last screen classic production, "A Man of Honor," considered the greatest picture he ever played in. Come and see your screen star outfit a crew of Wall Street sharks.
The fireworks display will be the big attraction at Paxtang Park this evening. It templates spend the evening at the park, should not overlook the fact that a real vaudeville show may be seen at the park theater.
The bill has for a feature attraction Gillett's monkeys and dogs, one of the best trained animal acts on the stage. This is an act that is enjoyed by old and young alike. In order that all the kiddies may have an opportunity to see this wonderful act, a special matinee will be given at Paxtang on Thursday at 3 p. m. For the lovers of music, the park bill offers El Cota, the world's best violinist. El Cota has won many prizes and has increased with every visit. Green and Adams, two that will be greatly appreciated by the youngsters.
The fireworks display will offer a rich and varied pyrotechnical program. The exhibition will be given immediately after the performance in the theater.
VETERANS
"Yes, its true," said the retired lieutenant. "I was in scores of engagements and yet I never lost my head."
"And I've been in scores of them," replied the summer girl, "and never lost my heart."—Boston Transcript.

"O-oh!" "A-ah!" and "Haw-haw!" will dominate the chorus of comment, it is safe to say, at the Victoria Theater next week when the susceptible humans of various kinds are drawn thither by the announcement of an extraordinary show—the first public appearance of Mack Sennett's famous Bathing Beauties, all the way from the California studio, in connection with the premiere showing here of Sennett's greatest comedy film, to date, "Yankee Doodle in Berlin."
Two-reel comedies have made Sennett supreme in his field. "Yankee Doodle" is five reels of continuous hilarity into which he has poured all his fertile resources and marshaled all his best features.
It will cause no little flutter among the admirers of those California scintillants, the Bathing Beauties, that they are to make a journey to Harrisburg under the special dispensation and appear in person in a beautifully staged act and series of illuminated poses in connection with the film comedy. Never hitherto seen outside their closely guarded studio haunts, they now briefly emerge for a flying visit to the east and appear in the largest cities.
They just recently appeared for several weeks in Philadelphia.

Whisky Toppers Must Have Real Stuff or None, Bartenders Find
Local hotel men and saloon keepers are exceedingly low in spirit at a condition which has arisen since the "awful first." It seems that with the closing of the gate on all powerful liquor and semi-potent beer, the drinking public was supposed to turn to near beer. And there's the rub.
Whisky drinkers have absolutely refused to touch the near beer. Why, no one seems to know unless it is that they don't think they'll receive sufficient kick from it—or maybe they are laying in a thimble for that happy time when perhaps demobilization will be complete. The beer drinkers, moreover, who can now obtain the same beer they could last month, have also fallen off in attendance at the shilly rail. The question in their case seems to resolve itself into the psychological condition brought about by the sudden draught descending upon drinkers of the stronger stuff.
Hotel men had expected that if they couldn't make any money at least they would split even with their near beer supply. Such they claim, however, is not at all the case. The draught is evidently come upon us!

The DOCTOR'S ADVICE
Dr. Lewis Baker
The questions answered below are general in character; the symptoms or diseases are given and the answers should apply to any case of similar nature.
Those wishing further advice, free, may address Dr. Lewis Baker, College-Ellwood Building, 1100 E. 12th St., Harrisburg, Pa., enclosing self-addressed stamped envelope for reply. Full name and address must be given, but only initials or fictitious name will be used in any answers. The remedies can be obtained at any well-stocked drug store. Any druggist can order of wholesaler.
ment. You can get plenty of medicines, that will relieve, but if you want something that will more than help you I would advise the use of three-grain Sulphur Tablets (not sulphur tablets).
Henry J. C. writes: "Something seems to be wrong with my system and I don't know what it is. I have huge puffs under my eyes, my eyes are bloodshot in morning and my feet and ankles are swollen. Sometimes I have chills and feel weak and tired most of the time."
Answer: Your eliminating organs, such as liver and kidneys, are in need of treatment. Begin taking Hypo-Nuclane Tablets at once. Get them in sealed tubes with full directions of any well-stocked drug store.
John C. L. writes: "I find my natural strength and nervous system failing me. I do not recuperate as of yore. My food and rest seem not to benefit as they should. Am weak, despondent and unable to perform the duties which were assumed earlier in life while my ambition for work and pleasure is slowly going."
Answer: I think a powerful, harmless tonic and nerve medicine will rejuvenate and restore the functions of digestion, assimilation and elimination by invigorating the nervous system. Obtain three-grain Cadomene Tablets, packed in sealed tubes, and take as per directions accompanying.
"Overweight" asks: "I wish you would prescribe something to reduce my weight that I could safely take. I despise liquid medicine. Can you give a pill or tablet?"
Answer: I find many are like you, and advise that you obtain in sealed tubes a reliable something to reduce weight which would accompany each tube.
"Tom" writes: "I have very poor health on account of long standing constipation. I take medicine all the time, but would like to get something that would cure me."
Answer: More illness is caused by constipation than by any other ail-
