

LAST OF STOCK IN PENN-HARRIS IS SUBSCRIBED

Financial Success of the New Hostelry Helps Final Sales

Showing the confidence of Harrisburg people in the Penn-Harris Hotel as an investment many of the stockholders have already exercised their right to subscribe for their pro rata share of the remaining issue of capital stock and the secretary-treasurer, Warwick M. Ogelsby, stated today that he expected a considerable number of shares would be subscribed before July 15, the date fixed by the directors for the closing of the books.

When the directors met a few weeks ago to elect officers and close up the building affairs of the hotel it was decided that the remainder of the authorized issue of stock would be first offered to the stockholders.

A Cool, Delicious Drink

Easy to Make - Costs Less Than 1c a Glass

Root Beer! Doesn't the very name suggest all sorts of woody fragrant things? And think of having it on hand all the time—a refreshing, invigorating glass when you're feeling tired; wholesome, sparkling glasses when the children come home; a cool, tempting glass for the guest who drops in.

The nice part of it is that in addition to its being pure and wholesome, it is surprisingly easy to make. All you need is a bottle of Hires Household Extract, sugar, and a yeast cake. Makes 40 pints or 80 glasses, too—less than 1c a glass. You may drink just as much of it as you want, because home-made root beer made from Hires Household Extract is pure. It is made from the juices of pure bark, berries, herbs and roots—16 in all—including birch bark, ginger and spikenard. When you buy Hires Household Extract you know that it is pure, and that it does not contain substitutes nor artificial flavors.

Go down cellar and hunt up all those old bottles which have been accumulating. You can use them all—short necked, long necked, quart and pint! If you haven't corks for them, you can purchase from the grocer when you buy Hires Household Extract, a supply of Hires especially designed air-tight bottle stoppers.

Once you make some home-made root beer, you will never again be without it!

HER MOTHER FINDS REAL BENEFACITOR

Mrs. Jennie Sather, 139 Melrose avenue, Lansdowne, a suburb of Philadelphia, tells how her mother met a real benefactor: "Mother suffered from diabetes, stomach trouble and a run-down system. She was very much weakened and showed symptoms of gastritis. A friend of mother's on Susquehanna avenue, Philadelphia, had the same complaint and recommended Tanlac to mother. Tanlac has done my mother so much good."

The genuine J. I. Gore Co. Tanlac is sold here by Kramer's and Stever's and other leading druggists.

SEE YOUR SKIN IMPROVE WITH POSLAM'S USE

THINKS MEXICO WILL BE MEDIATOR

Nicaraguan Minister Intimates She Will Act in Dispute

Mexico City, July 10.—Ramon Solozano, Nicaraguan charge d'affaires here, in an announcement to the newspapers has indicated that Mexico might act as mediator in the dispute between Costa Rica and Nicaragua. He drew this inference from the agreement which, he said, was signed in Washington, December 20, 1907, by representatives of Mexico, the United States and the five Central American republics, under which was provided that the United States and Mexico should use their influence to adjust any serious disputes among the Central American republics.

Engine Crashes Into House and Kills Three

Pittsburgh, July 10.—Three persons were killed and seven others injured here late yesterday when a southbound Monongahela connecting railroad freight train split a switch on the south side, the locomotive and coal tender crashing into two houses and partly demolishing them. The dead are: Barney Williams, engineer of the freight; William Graham, conductor and Mary Kusanovitch, aged 10. The child was killed in the front room of her home by falling wreckage when the heavy locomotive crashed through the front wall of an adjoining house. Burning coals from the locomotive set fire to the houses, necessitating the calling out of the fire department.

Labor Troubles Are Taking Place in Japan

Tokio, July 10.—Labor troubles are taking place in Japan. At a gold mine in Shizuoka prefecture, 100 miners went on strike recently and, armed with pickaxes and shovels, raided the residences of the mine officials and destroyed or damaged the buildings and furniture. The local police force suppressed the rioters. The cause of the trouble is dissatisfaction over wages.

More than 1,000 women and girls employed in a big silk factory at Uveda have gone on strike for higher wages. Similar occurrences are reported from various parts of the empire. One cause of the unrest is the soaring price of rice, now higher than last summer when the country was involved in serious rice disturbances.

WASTE PAPER SUPPORTS MANY FAMILIES IN NEED

Flushing Branch of the National League For Woman's Service Earns Money on Old Newspapers

Flushing, L. I., June 10.—Waste-paper has not only been the main support of the Flushing Branch of the National League for Woman's Service in all its war work, but it has helped support the families of many soldiers and others in need. Tons of newspapers, magazines and other waste paper have been collected daily, weekly, and in special drives by the women. The work is so well organized now that there are several hundred standing orders which are collected every week, sorted and sold. Altogether this branch, since its organization—and that was even before war was declared—has cleared an average of \$200 a month on the waste paper.

Through the Red Cross the names of many families in need of financial aid have been obtained and the money divided among them as quickly as the newspapers were sold.

AMERICANS BUY Artificial Flowers

Berlin, July 10.—A special telegram from Chemnitz reports the arrival there of the first American buyers who are placing orders for artificial flowers. A report from Vienna states that the fashion specialty shops there are placing liberal orders with English and French firms who are flooding the Austrian market with offers.

Says Boxing Matches Are Not For Girls

London, July 10.—Boxing matches are not for girls, either in the ring or among the spectators, is the edict of the Royal Air Force in an order directed to its women members.

Italian Premier Urges Peace Be Concluded

Rome, July 10.—Premier Nitti, in a speech before Parliament yesterday urged that the peace negotiations be concluded and that friendly relations with the Allies, especially France, be maintained.

ambulance when their driver was off one day a week.

With sixty active members the Canteen Division has served two meals daily in the Canteen and has given two dances weekly to several hundred soldiers and sailors.

Last spring the Social and Welfare Division obtained land for gardens for allotment to families wanting it. The division also supplied the seeds and plants for these gardens and gave prizes for the best ones.

Co-operation has been extended the Red Cross in their clothing and membership drives; the Associated Charities; the War Camp Community Service; the Navy; Police Department; Liberty Loan committee; Near East Armenian Relief, and to every organization in Flushing.

Headquarters of the branch are at No. 20 Jamaica avenue, and the chairman is Mrs. Doncourt, who succeeded, several months ago, Mrs. Francis B. Nash.

Demobilization and the return of many soldiers who were "main supports" has rendered less acute this particular need, but the Flushing women continue the collection of waste paper and the money is turned over to any impoverished family whose distress is brought to the attention of the committee.

The economical basis on which the Flushing Branch is operated is apparent in the reports of the various divisions. With only eight active members of the Motor Corps the Branch, until a month ago, sent its only ambulance and a driver three days a week from 8 a. m. to 5 p. m. Camp Mills for work in the infirmary there. Seven automobiles only have been available for use by the Motor Corps, but 126 persons have been carried in them and 553 in the ambulance. A driver and assistant have been supplied the Flushing Hospital to drive the hospital's

New Treatment Gives Soothing, Cooling Comfort at Once.

To freshen, cool and comfort, hot, tired, aching, swollen, sweaty feet, just rub in a little Geero Wormwood Balm. Instant relief. It penetrates at once (like a vanishing cream), and Oh! how cool and fine your feet will feel. Gives real, honest foot comfort, and it is so easy and pleasant to use. Rub it in—that's all, it doesn't take a minute. Just the thing for a stinging, burning corn or bunion and for sweaty, swollen, offensive smelling feet. A package of Geero Wormwood Balm costs little at Geo. A. Gorges, C. E. Forney, Croll Keller, H. C. Kennedy or any good drug store and will last for weeks.—Advertisement.

Large advertisement for Turkish cigarettes. Features the headline "How much Turkish?" and "No cigarette names mentioned". Text includes: "There are only three kinds of cigarettes: (1) those containing Turkish tobaccos alone, (2) those containing Domestic tobaccos alone, and (3) those containing various blends of both Turkish and Domestic. We manufacture all three kinds." "Hence we have nothing to lose and everything to gain by advising you fairly and openly as to which one of these three kinds of cigarettes will probably suit you best." "How much Turkish?" is the big question in choosing a cigarette and the more smokers we can help by this frank advice, the more steady, contented purchasers we can count on, year after year, for our various cigarettes." "Tear out this advertisement—show it to some friend." "Liggett & Myers Tobacco Co. MANUFACTURERS OF EVERY KIND OF CIGARETTES". "Are you smoking too much—or too little—Turkish?" "UNTIL you find the right answer to that question, you won't get one-half of the sheer enjoyment and comfort you should get from each day's smoking." "Maybe you have the answer already." "Maybe your present cigarette is exactly the right one for you. If so, hang on to it—you're lucky and this story is not meant for you." "But, unless you are positive—unless you KNOW—that your present cigarette suits you better than any other cigarette possibly can, it will pay you well to understand this question of "How much Turkish?" "Straight Turkish vs. Domestic Tobaccos" "Turkish and Domestic tobaccos are very different from each other. Turkish has a delicate, smooth flavor and a very rich, heavy aroma—Domestic has more real tobacco character, and the better grades possess what tobacco men like to call "life" or "sparkle." "Some men (comparatively few, however) can smoke straight Turkish cigarettes all day long." "Others—many of them, our records show—go to the other extreme, and prefer straight Domestic. They can't stand any Turkish at all. They find it over-rich or heavy—too much aroma." "And in between these two extremes is the big majority—the normal or average smokers." "These average smokers like the Turkish flavor—yes. But they find that Turkish tobacco is something like plum pudding or candy—awfully good, but too much is, decidedly, too much." "Turkish and Domestic —Blended" "So the average smoker finds that the just-right cigarette is a happy medium—that he can smoke more often and actually get more solid pleasure out of his smoking, all day long, by choosing a cigarette which is of part Turkish and part Domestic tobaccos, combined in a good blend." "Such cigarettes are called "Turkish blend" cigarettes." "How to recognize a good "Turkish blend" "There are only two things that count in a "Turkish blend" cigarette. One is the quality of the tobaccos themselves (both Turkish and Domestic), and the other is the proper proportioning of each to each in the blending." "But while there are many "Turkish blends" on the market, it is easy for anyone to pick the good ones. Here is a simple test. If a cigarette satisfies your own requirements on these three points, it is pretty sure to be both a good blend and the right smoke for you: "First—It must give you that real Turkish flavor—but not so much of it as to be too rich or heavy." "Second—Along with this Turkish flavor, watch also for that "life" and delightful "sparkle" or that ripe, cool mellowness, peculiar to certain Domestic tobaccos." "Third—The cigarette should let your smoke appetite stay sharp and crisp so that you will relish every smoke clear up to bed-time; and whether or not you happen to smoke more heavily than usual, it should leave you feeling keen and fine." "How much Turkish?" "So begin with this question—"How much Turkish?" You'll have to answer it yourself, for each man's taste is his own. But keep thinking about it; for when you've answered it correctly, you'll have found "your" cigarette. And we know we don't need to emphasize how much that will mean to you." "Beginning next Week we shall resume the advertising in this paper for one of our leading "Turkish blend" cigarettes. These advertisements will tell you more about "How much Turkish?" and we feel quite certain they will interest you."

What You Want Is "Just Enough Turkish"
