

ALASKA DEPENDS UPON ITS DOGS

No Food or Mail Could be Handled Without Them

Without the dogs all traveling in Alaska for seven or eight months of the year, except on the government railroad to Fairbanks and two or three other very short lines, would be impossible and neither food nor mail could be taken into the interior of the country. The territory is dependent upon its dogs.

Cross country travel is quite common throughout the winter. The common way of "mushing" or traveling by dog sled, is the single file, seven animals usually being employed. The head dog is the leader and is trained to keep the animals strung out so that they do not become entangled in their harness and traces and so that they are all pulling in the one direction. Trench driving has become much more common than it was during the early rush of goldseekers to Alaska. This is done with either five or seven dogs, the leader being in advance by himself.

Knights of Columbus Leader Is Honored

The ordinary value of a dog in Alaska is \$25. In the time of a "stampede" of goldseekers this may jump to \$100 and \$150. Dogs are employed by the Christian missionaries in the interior of Alaska to visit members of their scattered flocks and to bring patients into their hospitals. Along the Yukon, where the Protestant Episcopal church is in charge of all protestant work among both Indians and Eskimos, the distances are great and the missions few and these dogs are of the greatest value. More of them will be used in the work of Christianizing the natives as a result of the nation-wide campaign of the Episcopal Church to expand all its activities at home and abroad. For more funds and more workers will be made available for Alaska.

Catholics Plan for Second Annual Picnic

The annual Catholic picnic will be held at Hershey Thursday, August 21. It was announced today. The picnic will be under the auspices of the Harrisburg Council Knights of Columbus, and invitations will be issued to all Catholics of Central Pennsylvania. The first Catholic picnic was held at Hershey in 1917, and the affair proved so popular that it was decided to make it an annual event. However, the necessities of war caused the postponement of the picnic last year. It is planned to make this one of the most successful picnics of the kind ever held in this part of the State, and a committee has been working on the details for some time. Among the attractions will be a dress parade and drill of the Knights of St. George Cadets of Harrisburg, Steelton, Lancaster and Lebanon; a baseball game, races and dancing. The committee in charge of the affair includes the following: Joseph F. Durborow, chairman; Milton J. Yetter, E. B. McCulla, George Morrissey, F. J. Yestadt and J. L. McCormick.

Red Cross Will Secure Photos of Soldiers' Graves

Relatives of soldiers who died in Europe may secure photos of the grave by applying to the Home Service Section of the local chapter of Red Cross, according to an announcement made by Miss Hesse, of the Home Service Section, this morning. The office of the Home Service Section is open Mondays, Wednesdays and Fridays. Relatives desiring such photographs should make the request as soon as possible, giving all known details of the deceased soldier's rank, branch and where reported killed or died. Correspondence with civilians in enemy countries and in territory with which correspondence is now restricted, may be had through the Red Cross. The executive committee of the local chapter will be held on July 21 instead of July 14 as previously announced.

Union Picnic a Success in Spite of Weather

The union picnic of four of the borough Sunday schools held yesterday at Hershey was voted a success in spite of the rain at several periods of the day. Nine truckloads of people were taken to Hershey in the morning, in addition to a large number of private cars and the many who went by trolley. The sports were held according to schedule with the exception of the baseball game scheduled to be held between teams of the various Sunday schools. The rain did not interfere with the picnic until about six o'clock.

SOUTH FRONT WILL BE PAVED

State to Pave Treacherous Roadway Long a Burden to the Borough

At the special session of the Borough Council held last evening the proposition of the State to pave the lower end of Front street, was accepted. The borough will pay as its share of the cost \$2,000. The entire cost is estimated at about \$20,000. The street to be paved is the stretch of South Front street, from the overhead bridge to the borough limits, a distance of some thing over two miles. This road has been a burden on the borough for the past twelve years. Time after time the Borough Council has been petitioned to have the street thoroughly paved. Finances, however, did not allow this, and year after year the street has been repaired, never however, to the satisfaction of the many motorists who use the road. Because of its narrow width and sharp curves it is known as a dangerous roadway, and has been the scene of a number of accidents. The street will be paved with macadam surfaced with an asphalt preparation. Work will be started as soon as the State workmen complete the road below Middletown on which they are now working.

Grandfather and the Children Know How Good Jersey Corn Flakes Are

THE little folks are excellent judges of good things. Their taste is a natural one and not cultivated. That is the reason they are so fond of crisp, brown Jersey Corn Flakes.

And you can't fool grandfather. He chooses food which is both appetizing and nourishing. He likes his dish heaped high as do the other grownups of the family.

Jersey Corn Flakes retain their crispness in milk and do not get soggy and unappetizing. Our process of manufacturing develops the sweet, natural flavor of the corn.

Packed in triple-seal packages to keep them fresh. Ready to serve in a minute.
