No matter what you've heard about this sale you can't grasp the full significance of what a "Big Thing" it is unless you've been here and looked at the eager and enthusiastic buyers who come Here for their full share of these magnificent shirts. You'll find some customers buying them by the Half Dozen, others nine and ten shirts each, but very few who are buying less than two. You can't resist when you see the splendid fabrics, the rich colorings and beautiful blends. Don't miss the
