

State Directors Named in Campaign on "Reds"

New York, July 11.—The names of 19 State Directors in the Constitution Celebration division of the National Security League's anti-

Bolshevism propaganda were made public by the League today. The League announces that it will have State Directors actively at work in every state in the Union within a few days.

The organization of the entire country into state units, with a Director and corps of assistants in each state, is being accomplished under the auspices of the National Security League through a Constitutional Celebration Organization Committee.

This Committee is composed of representatives of the National Security League and other great national patriotic societies. Their aim is to provide for "Constitutional Day" celebrations in every city, town and hamlet in the Nation on September 17 next.

Designs Medal For American Air Force Rome, July 11.—Dora Ohlfsen, against the growing influence in this country of Bolshevism, anarchy and radical Socialism.

designer of the Anzac medal, has produced in her Rome studio, a new medal dedicated to the American air force. The face side consists of the head of an American aviator, the model for which had served in the American air force operating on Italy's fronts, surrounded by an allegorical design symbolical of America's will and power.

The reverse side of the medal is symbolical of the task America accomplished in transporting her fighting forces across the seas and bearing an inscription taken from President Wilson's message to Congress which reads:

"There is therefore but one response possible from us: Force to the utmost; force, without stint or limit, the righteous and triumphant force which shall make right the law of the world, and cast every selfish dominion down in the dust." Miss Ohlfsen is an Australian.
