Cured His Rheumatism

"I am eighty-three years old and I doctored for rheumatism ever since I came out of the army, over 50 years ago. Like many others, I spent money freely for so-called 'cures' and I have read about 'Uric Acid' until I could almost taste it. I could not sleep nights or walk without pain; my hands were so sore and stiff I could not hold a pen. But now I am again in active business and can walk with ease or write all day with comfort. Friends are surprised at the change."

Coal Scarcity— No Myth—

COAL CONSUMERS have not bought for Fall and Winter use. Result: Production up to June 14 was short 64,000,000 tons or one-eighth of the total amount the country must have if it is to escape shutdown factories---closed public utility plants---discomfort in the home,

Government Chiefs Warn You

Harry A. Garfield, United States Fuel Administrator, warns: "Buy now — in August or Autumn will be too late. A big coal shortage is coming." Director General Hines, of the United States Railroad Administration, warns the coal consumer that: Unless he buys his coal this summer, he is going to find it difficult to get it this Fall and Winter." Secretary of Labor Wilson says: "Those who postpone buying coal in the hope of lower prices are speculating in the future misfortunes of the nation."

What are you going to do when you need coal next winter and cannot get a supply?
