Publicity Chairman of Coming Celebration Says People Cannot Keep Out of It

BRUCE MORRIS Chairman of General Committee

Interest is daily increasing in the Lykens-Wiconisco home coming celebration which is to take place on the 25th, 26th and 27th of this month. Everything points to a record breaking three days, if the program as planned is carried out. At present there are thirteen committees working on this demonstration. Each committee, in addition to its regular members, has half the town as volunteer members, according to H. E. Buffington, the publicity man. Everyone is so interested, he says, that they just naturally can't stay out of it.

Chairman Has Hands Full The chairman of the general committee, A. Bruce Morris, is having his hands full with the many details of executive control. He declares he has never had a job which has afforded him so much real pleasure as this labor to make the returning soldiers feel their services were really appreciated. Nothing will be omitted, according to Chairman Morris, that might give the boys a little additional enjoyment.

Keen on Way Home The publicity committee is composed of the following personnel, all of whom are showing the "old pep" when it comes to getting things ready for their end of the celebration: Lieutenants Samuel Hoff, Charles Zigner, William Evans, Albert Foster, Sergeant Charles Krauthoff and Lieutenant Leroy Keen will be in charge of the largest group. Lieutenants Samuel Hoff, Charles Zigner, William Evans, Albert Foster, Sergeant Charles Krauthoff and Lieutenant Leroy Keen will be in charge of the largest group.

For Acid Stomach Take Bi-nesia Instant Relief or Money Back

If you suffer from dyspepsia, indigestion, pain after eating, gastritis, heartburn or any stomach trouble due to acidity or food fermentation—and over ninety per cent. of stomach complaints are due to these causes—go to your druggist and get 50 cents worth of Bi-nesia. The next time you eat or have pain in the stomach take a teaspoonful in a little hot water and note how quickly all pain and discomfort ceases. Chemists say that it's almost invariably success is due to the fact that Bi-nesia instantly neutralizes the excess acid and stops fermentation, thus promoting healthy natural digestion. Being absolutely harmless as well as inexpensive, Bi-nesia should be kept on hand in every home where economy and good health are sought.

TRAINMAN GETS LARGE VERDICT FOR BROKEN NECK

Conductor J. W. Widmeyer Injured in Rutherford Yards Seven Months Ago

The jury was out thirty minutes. The case was entered at Hagerstown, but was transferred to Cumberland, Md., for trial.

Hays Tells What Changes America Demands in the League Covenant

New York, July 16.—Will H. Hays, chairman of the Republican National Committee, issued the following statement on the League of Nations covenant here last night: "The situation respecting the League covenant is simply this: There must be effective reservations. These reservations must safeguard the sovereignty of the United States in every particular; must guarantee the Monroe Doctrine beyond the shadow of a doubt; must either eliminate Article X entirely or so modify it that our own Congress shall be morally, as well as legally, free after a specified period to decide when and where and to what extent our soldiers shall be employed; must retain our full control of immigration, tariff and all other purely domestic policies, and must provide full right to withdraw from the League at any time without hindrance or conditions of any kind, upon giving suitable notice. It is up to the Administration to decide whether it will or will not accept these essential guarantees of American independence, which would unquestionably be promptly accepted by the other nations."

Use Cocoanut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multi-use cocoanut oil shampoo (which is pure and entirely greaseless) is much better than anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and naturally, and leaves a fine and silky, bright, fluffy and easy to manage. You can get Mulsified cocoanut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.
