

URGES FORESTS BE RESTORED

President of American Forestry Association Sees Need for Action

Washington, July 17.—Plans for the perpetuation of the forests in New England and the East, and for the restoration of the denuded forest land is being thoroughly discussed by the Association of Eastern Foresters which meets at Kineo, Me., today.

"The people of this country must be told how our forests are disappearing," said Mr. Pack, "and must be aroused to the need of a policy which will result in our watersheds being protected for all time and for our forests to be managed so that they may provide for all our future lumber and forest product requirements."

"New England is no longer a factor in our lumber supplies, and its pulpwood supplies are being rapidly exhausted. The paper mills of the country already import 30 per cent. of their raw material in the form of wood or pulp. Our hardwoods in the North and the East are being rapidly used up and many wood using industries are already embarrassed for supplies."

"The Eastern Foresters are experts who should be able to offer a practical solution to the problem of how to conserve what forests we have remaining. Our hardwoods in the North have been destroyed, how to protect our forests from fire and how to provide for perpetuation of our forests so that the lumber requirements of the Nation may be assured for the future."

"The American Forestry Association will heartily support the demand of the United States Forest Service for a national forest policy and will call upon the lumbermen, timberland owners and the foresters of the country to suggest plans for a policy which will be practical and which will assure the Nation of ample forests for its future needs."

Says His Prescription Has Powerful Influence Over Rheumatism

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allenhu Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. George A. Gorzias has been appointed agent for Allenhu in this vicinity with the understanding that he will freely return the purchase money to all who state they received no benefit.

Home-Made Root Beer Tastes So Good and Costs So Very Little

Once you've made this deliciously refreshing drink, you'll never want to be without home-made Root Beer.

Just a few minutes' work and you've eighty glasses—all ready for unexpected guests, after-play treats for the children, in fact for every time when you want a refreshing drink.

One bottle of Hires Household Extract, some sugar and a yeast cake—these three ingredients mixed according to directions, make eighty glasses (forty pints).

Hires Household Extract is pure—just herbs, roots, berries and bark—old-fashioned woody kind of flavors, including wintergreen, birch-bark, ginger, sassafras and juniper. Sixteen flavors in all and not a substitute among them!

Make some home-made Root Beer to-day—once you've tried it you'll never be caught "treating" again!

WILDROOT will improve hair or we pay you

Wildroot is a guaranteed preparation which goes right at the hidden cause of coming baldness—the scaly, itchy crust of dandruff. Wildroot removes this crust—allows nature to produce the thick lustrous hair normal to any healthy scalp.

WILDROOT THE GUARANTEED HAIR TONIC

H. C. KENNEDY Wildroot Shampoo Soap, used in connection with Wildroot, will hasten the treatment.

RACE RIOTS IN BRITISH ISLES

Importation of Negroes During War Cause of Outbreaks

London, July 17.—Race riots in the northern part of England and Wales have created a stir throughout the country principally because of the novelty of such occurrences in these islands.

Normally there are few negroes or aliens with colored skins to be seen in Great Britain, but the exigencies of war caused the importation of a large number of them to work on seaport docks and to recruit the ranks of manual laborers depleted by the call for fighting men. They were brought from various parts of the world, South Africa and the West Indies supplying the bulk of them. Many Arabs also were imported.

Reparation of these colored men has been slow, with the consequence that many demobilized British soldiers have had what to them seemed the bitter experience of seeing strangers engaged at profitable employment while they, themselves, looked in vain for work. Resentment over this state of affairs quickly developed into hatred when the soldiers observed that the strangers were trying to cultivate the acquaintance of white girls. A number of negroes took white wives.

Grant Permission to Take Photographs of Japs Imperial Family

Tokio, July 17.—Permission has just been granted to take photographs of the imperial family as they appear in public driving in a carriage but not when they are on horseback or afoot. This is interpreted here as a very great concession to the spirit of democracy.

In the earlier days of Japan it was popularly supposed that any one gazing on the sacred Emperor would be struck blind. Accordingly his face was always veiled by a fine bamboo mat when an audience was granted. As late as 1915, on the occasion of the coronation at Kioto, photographs of the Emperor and Empress exhibited in shop windows had the faces of Their Majesties by obscured by a piece of paper.

Now snap-shots of the Emperor and his consort are appearing frequently in the Japanese newspapers.

Garvan Offers to Resign Three Offices if Reason is Shown Him by Critics

Washington, July 17.—Former German dyestuff agents are seeking to re-establish their American markets and defeat proposed Government control of dye imports. The House Ways and Means Committee was told yesterday by Francis P. Garvan, alien property custodian. Questioning Mr. Garvan regarding the Chemical Foundation, Inc., Representative Moore (Republican, Pennsylvania, asked if he considered it proper that he should hold the office of assistant attorney general, alien property custodian and president of the foundation. Mr. Garvan said that if Mr. Moore could suggest anything incompatible in his holding the offices, he would resign "from either or all three."

Report Mexicans Moving From U. S. to Lower California

Mexico City, July 17.—Newspaper advices here are that there is a lively exodus of Mexicans from the United States, their destination being Lower California where agricultural colonies are being formed. Three thousand such persons are said to have entered Mexico during the last week in June.

Mexico Will Send Big Oil Shipments to Argentine

Mexico City, July 17.—The government of the Argentine Republic has arranged for continuous shipments of petroleum to that country from Mexico, the first contract calling for delivery of 300,000 barrels of fuel oil which is to be used in various Argentine industries and on its ships.

Charges Saloons Operate Under Guise of Rest Rooms

Mexico City, July 17.—El Heraldo de Mexico, in a recent article, has protested against social conditions in the capital, states that there are now more than 2,000 saloons in the city with scores of others being opened in secret under the guise of rest rooms.

War Mothers of America to Meet at Nation's Capitol

Indianapolis, July 17.—Mrs. Alice M. French, national president of the American War Mothers, has announced that the national convention of that organization will be held in Washington, D. C., September 29 to October 1. The plans are for the national board of directors, of which Mrs. Rueben R. Hutchcraft, Paris, Ky., is chairman, to meet on the afternoon of September 29. The convention will open formally that evening. Mrs. French is to preside, assisted by Mrs. Emilie Hendricks, of Salem, Ore., and Mrs. C. L. F. Robison, Hartford, Conn., first and second vice-presidents, respectively.

The American War Mothers is an organization of mothers of soldiers, other women relatives not being admitted to membership.

INDUSTRIAL LIFE IN SIBERIA Omsk, July 17.—The Ministry of Trade and Industry announced that there are in operation in the territory in the government's jurisdiction, 1,562 industrial enterprises, with 180,569 workers, with an annual dividend of 1,401,778,182 roubles. The leather industry plays a very important role in Siberia. Out of the 2,000,000 hides prepared in Russia, 2,000,000 are being prepared in Siberia. The Ministry of Trade and Industry is taking measures to extend the sugar industry in Siberia, and also the textile industry. The Co-operative Organizations are actively participating in the development of the industrial life in Siberia. The Co-operatives operate at this moment 139 industrial establishments with 14,414 workers, which gave them, during the last year, a dividend amounting to 113,000,000 roubles.
