leave Hungary and will go to America, says a Vienna dispatch to the Kreuz Zeitung.

Several weeks ago, it is said, Count Karolyl escaped to Austria, but he was made prisoner by the Austrians and returned to Budapest. The Count, the dispatch adds, then sought and procured the assistance of the Italian military authorities who sent him in charge of a guard to Italy by way of Innsbruck. When the armistice with Austria-Hungary was signed last November, Count Michael Karolyl, who had been the leader of the Hungarian in dependence party, proclaimed a Hungarian Republic. He remained in office until late in March, when he resigned and turned over the authority to the communists headed by Bela Kun. He gave as a reason for his action the plea that he could not recognize the boundaries of Hungary as outlined by the Peace Conference.
