transportation to the public. The company filed notice of a six-cent fare in April of last year and in October advanced the fare to seven cents. The complaints against the increases alleged they were un-rasonable. The financial statement of the company showed increased costs of operating and no dividends paid on the stock. No valuation was deemed necessary by the Com-mission. The decision of Chairman Ainey directs that the complaints be dis-mission of its passenger revenues, operating expenses and the number of passengers carried for the re-mainder of the current fiscal year and for that period which is passed. The World Demands, Strong, Vigorous, Keen-Minded, Men and Women

It has been said of Americans that they work their habits overtime.

Many become nervous and inefficient by overwork. By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alco-holic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses,

despondency, fear, trembling hands, want of confidence and ess, are due in a large measure to abused nerves.

en cowardliness, are due in a large measure to abused tor conductee and People with plenty of red blood corpuscles and strong, healthy nerves have desire to shirk work and lean on others for guidance and support. There is hardly a nerve-shattered man or woman (unless of an organic sease) in America today who cannot become alert and clear in mind; vigorous id energetic in hody in a very few weeks and at trilling cost.

To become strong and ambitious, to feel that work is not drudgery; to e steady nerves, abundance of red blood and power of endurance; to be not v a man but as men now go, a superman, you must take seven tablets of feren every day for seven days—and take them faithfully.

Take two after each meal and one at bedtime and after seven days take only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if, r nerves are not twice as steady as before; if you do not feel ambitious, re vigorous and keen-minfed, the pharmacist who dispensed the tablets to i will glady hand you back just what you paid for them. Bio-feren is without doubt the grandest remedy for nervous, rundown, at, anaemic men and women ever offreed direct through drugsits and is at all expensive. All druggists in this city and vicinity have a supply on id—self many pack-ses.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callous. In-stantly it stops hurting, then short-ly you lift that bothersome corn or callous right off, root and all, with-out one bit of pain or soreness. Truly! No humbug!
