17 OF 29 AUTOS STOLEN IN 1919 ARE RECOVERED

Police Reports Show Bands of Boy Joy-Riders Are Broken Up

Seventeen of the 29 automobiles stolen in this city through efforts of the Harrisburg police department, according to figures compiled by Earl M. White, clerk to Chief of Police Wetzel...

The number of automobiles stolen this year is falling considerably below the number taken last year. Likewise the percentage of automobiles recovered is somewhat lower.

During 1918 68 automobiles were taken in this city, and two bands of youths were responsible in most of the cases, according to a statement made at police station.

This year fewer automobiles are stolen, but those that have been taken are being recovered more rapidly, according to police authorities.

Wilson Asks Appointment of American Member to Reparations Commission

Washington, July 21.—President Wilson today asked the Senate Foreign Relations Committee to approve appointment of an American member of the reparations commission...

Senator Williams, Democrat, Mississippi, offered a resolution declaring the committee willing to approve an appointment of an American member to the reparations commission...

It is understood in official circles that the United States is interested in the commission.

During the war Mr. Baruch was chairman of the War Industries Board, and he aided at Paris in working out the reparations and economic clauses of the treaty.

The committee will take up the President's request again tomorrow when Senator Fall, under notice given to-day, will move that the doors be opened while the subject is under discussion.

The substitute resolution offered by Senator Knox to-day would declare "that it is the judgment of the committee that the treaty is ratified no power exists either in the President or in Congress to execute any of the provisions provided in the Treaty either provisionally or otherwise."

Three Men Charged With Robbing Train to Get Hearing This Evening

Hearings of the three men who were arrested last Wednesday on the charge of breaking into and robbing a freight car that morning at Shippensburg, will be held this evening.

The men are Ralph Taylor, 1914 North Seventh street, Harrisburg; George Forry, Hagerstown, Md., and Charles Custer, Charlestown, Va. Forry and Custer were taken into custody when they were surprised while at work removing 750,000 cigars from a freight car at Shippensburg, according to the story told by railroad detectives.

They were arrested there by men of Captain Paul L. Barclay's Pennsylvania Railroad force and was lodged in the Dauphin county jail after being treated at the Harrisburg Hospital.

Grangers Peevish at President Wilson

The executive and legislative committees of the Pennsylvania State Grange are sad and sorrowful at the action of President Wilson in vetoing the daylight saving law repealer.

The committees held a meeting here a few days ago and adopted resolutions "deploring" the action of the President and asking Congress to put it up to him again.

The committee also issued their own opinion of what the Legislature accomplished, giving very little credit to the lawmakers.

vention of the field forces of the Elliott-Fisher Company. There would have been 252 delegates there had H. A. Fox, of New Zealand, and W. E. Tedder, of London, arrived.

When President P. D. Wagoner, of the Elliott-Fisher Company, rose to greet the delegates a cheer went up that could be heard on the first floor of the hotel.

At 11.30, at which time luncheon was served, the delegates set out to become acquainted with their colleagues. This took up the time until 1.30, at which time luncheon was served.

From Pacific Coast The Elliott-Fisher men began to arrive here yesterday for the six-day convention.

The convention will last throughout the week with daily morning and afternoon business sessions in the ballroom.

An unusual incident occurred just before the morning session concluded. Orders for \$50,000 worth of business were placed over to Mr. Spahr by members of the sales force.

SHARP CLASHES DURING DEBATE

[Continued from First Page.]

The practical effect of Shantung provision was to deliver both political and economic sovereignty over the province to Japan.

Prompt and unreserved ratification of the new treaty with the League of Nations covenant was urged upon the Senate by Senator Pomeroy, Ohio, Democrat, of the Foreign Relations Committee.

In a prepared address, crowded with constitutional and legal arguments, Senator Pomeroy, said the League was not a sure preventative of wars, but to prevent a third world war, and could be amended as experience required.

"Surely," said the Ohio Senator in part, "if the treaty is ratified after the experience through which we have just passed, it will help to keep our former enemies in the straight and narrow path until the present plan can be modified or improved so as to meet the requirements of our future experiences and our mature thoughts."

"It is not going to be better, that we surrender some of our own convictions in the interest of immediate peace, rather than insist upon changes which will require the pending treaty to be sent back to the associated powers."

During the debate many of us voted for measures not because we would have approved them in time of peace but because we felt the exigencies of the situation required them.

Congregation Accepts the Resignation of Dr. J. B. Markward

The Rev. Dr. J. Bradley Markward, who has been pastor of Bethlehem Lutheran Church for more than 10 years, will preach his final sermon as pastor on Sunday morning, August 31.

At a congregational meeting held yesterday his resignation was accepted regretfully. It was the sense of the meeting that the congregation parted with its pastor with feelings of keen regret and that its prayers and best wishes would go with him to his new field in Ohio.

Dr. Markward succeeded the Rev. Dr. John Henry Harms as pastor of Bethlehem Lutheran Church. The congregation to which he goes numbers 1,500 and is the leading Lutheran church of Springfield. The Rev. Dr. Clarence E. Gardner, whom Dr. Markward succeeds, has gone to St. Joseph's, Mo., to engage in pastoral work.
