- along about 6 o'clock how does your cigarette begin to taste?

NOTE—This is the severest test to which you can put your cigarette.

NEARLY dinner time. You've been smoking all day. How is your cigarette appetite?

If it is tired and jaded—in other words, unless it's as fresh, crisp and snappy as right after breakfast—you ought to look around for a different brand of cigarettes.

The right brand (when you find it) will let you feel fine and fit and smoke-hungry clear up to bed-time.

It will give you enough of the delicious flavor of Turkish tobacco—but it will be so blended as to off-set the over-richness or heaviness that comes from smoking too much Turkish.

The one cigarette which today seems to be attracting most men who tire of straight Turkish is Fatima (see at left).

As soon as you are ready to look seriously into the cigarette question, put Fatimas to the 6 o'clock test.

Liggett & Myers Tobacco Co.

Just enough Turkish*

At most of the places where straight Turkish cigarettes used to have the "call", Fatima is now the leading cigarette. Here are a few of these places—just as examples of Fatima's popularity among men who really know how to judge cigarettes:

- Atlantic City: Marlborough-Blenheim Hotel Traymore
Boston: Harvard Club, Stock Exchange, Hotel Touraine
Chicago: Auditorium Hotel, Congress Hotel
Narragansett Pier: Casino
New York: Hotel Belmont, Hotel Manhattan, Hotel McAlpin, Stock Exchange
Palm Beach: The Breakers
Philadelphia: Ritz-Carlton, Stock Exchange
Pittsburgh: William Penn Hotel, Fort Pitt Hotel
Washington: The Capitol Building

Fatima contains more Turkish than any other Turkish blend cigarette.
