at Paxtang orate display of freworks on the bill at the rear of the park theater. An extensive program has been ar-ranged and many new novelities in pyrotechnics may be looked for. The bill at the park theater this week offers five acts, all of which are worthy of the most fastidious vaudeville fans attention. The feature attraction is Dailey's Tangled Army, a knockabout act with five real comedians that can keep an audience laughing every mo-ment they are on the stage. Burke and Walsh, two singing and dancing comedians, are also big favorites with the park audiences. Their dancing is clean and classy and their songs are new and well handled.

"Referring to your telephone to me this Sunday morning I under-stand you to agre with me that it would be unwise at this time to bring my suggestions to the atten-tion of Mr. Root, Senator Lodge or any of the Republicans ranged in general opposition to the ratification of the League without reservations. What I fear is that if these reserva-tions come to knowledge of such op-ponents of the league, their author-ship will at once prompt opposition to them. "I have opened communication on the subject with the three Senators whose votes I hope may defeat radi-cal reservations in the nature of amendments likely to come from the majority in the Foreign Rela-tions Committee. These recommen-dations have to be voted for by Borah in order to bring them out of the committee, if, as I hope. M.-Cumber will vote against then. After their defeat, which I hope may be accomplished by forty-five Democratic votes, with three Re-publicans against them, then the deadlock will be on. "The power of amendment contain-ed within the terms of the League, offers full opportunity to remedy the defects of the League with refer-ence to the international court and in other respects. * * It is ab-solutely necessary to retain Artucle X in order to stabilize the world.
