Found at Last—Shows Results at Once or Nothing to Pay
If your hair is thinning out, prematurely gray, brittle, lifeless, full of dandrun and your head itches like mad, quick action must be taken to save your hair.

Don't wait until the hair root is dead, for then—nothing can help you.

Get from Kennedy's Drug Store or any good druggist to-day a bottle of Parisian sage—it doesn't cost much and there's nothing else you could use that's so simple, safe and effective.

You will surely be delighted with the first application. Your hair will seem much more abundant and radiant with life and beauty—all itchning ceases and your scalp feels cool and comfortable. Parisian sage is in great demand by discriminating women because it is delicately perfumed, does not color or streak the hair, and keeps it lustrous, soft and fluffy.

Be sure you get the genuine Parisian sage (Giroux's) for this is guaranteed to give perfect satisfaction or nothing to pay.

MOYER TO TELL WHO GOT MONEY IN BANK CRASH

Cashier of North Penn Promises Statement Telling Everything

Philadelphia, July 24. — Ralph T. Moyer, cashier of the North Penn Bank, held under \$25,000 bail after the institution had been wrecked, yesterday declared his intention of "telling everything."

After a twenty-minute talk with his lawyer, William Morgan Montgomery, he decided to answer the question, "Who got 'he money?" which has puzzled the State authorities as well as the depositors since last Friday, when the doors of the bank were closed. Mr. Montgomery said his client would issue a "complete written statement."

This, according to the attorney, will give "a complete list of outstanding obligations, who got the money, the form in which the loans were obtained, how much money was paid back whether collateral was given, what kind of collateral, if any, and the existing balances of each depositor."

the existing balances of each deposi-tor."

Litigation in which Moyer figured
as defendant as recently as 1918 was
brought to light yesterday, when it
became known that Judge Kephart,
in confirming the opinion of a lower
court which had awarded judgment
against him in favor of Harry A.
Solomon and Co, for \$784, said Moyer
had sought to evade responsibility
for "his own moral turpitude" by an
act prohibiting bank cashiers from
engaging in any other business.

for "his own moral turpitude" by an act prohibiting bank cashiers from engaging in any other business.

Making Him "the Goat"

Moyer took the attitude yesterday that he had been made the "goat" of the scandalous failure. The directors of the bank as well as other officials were equally responsible with him, he maintained.

"Without going far into the investigation, there seems to be more than one person involved," said District Attorney Rotan.

Charles A. Ambler, former Speaker of the House and former Insurance Commissioner, was ordered by Col. Fred Taylor Pusey and Deputy Attorney General B. J. Myers to turn over securities enough to protect the \$233,000 of the moneys of the Pittsburgh Life and Trust Company, which remained in the wrecked bank when the crash came.

Mr. Ambler complied with this request, and the securities rested last night in the safe of Colonel Pusey, while the formal transfer as regards passing the papers will be completed to-day. The next step in the investi-

Famo Makes Heads Clean and Meashy

Science knows that seborrhea causes falling hair, dandruff and finally baldness.

Famo stops seborrhea by de-stroying the deadly seborrhea ba-

cilli.

It dissolves the dandruff and makes the hair and scalp clean and healthy

The seborrhea germ attacks the hair roots and unless it is checked, kills the hair. Famo kills the germ and makes new healthy hair grow.

It gives a new lustre and sheen to the hair and stops falling hair and itchy scalp.

No massage of the scalp is ne-cessary, as Famo is absorbed as soon as applied.

All toilet goods counters sell Famo in two sizes—a small size at 35 cents and an extra large size for \$1.00.
Your money will be returned if the large size does not satisfy. Seborrhea is a morbidly increased flow from the sebaceous glands of the scalp. The seborrhean excretion forms in scales and flakes and is commonly known as dandruff.
