Covenant Best Adjusted Since Divine Master Came to Earth—Gay

Washington, July 29 -The League of Nations was praised in the Senate to-day by Senator Gay, Dem-ocrat, Louisiana, as "the practical application of the principles of the American government to the prob-lem of reconstruction of the world under the clearest and best adjust-ment of governmental affairs ever put in operation since the Divine Master came to earth and prached

The gospel of peace and good will to men." The speaker eulogized President Wilson for his efforts at the Peace Conference and declared the senti-ment and best interests of the coun-try demanded ratification of the Peace Treaty, leaving to the future the adjustment of any defects. "Article ten, the heart of the league, has been more bitterly at-tacked perhaps than any other." said the Senator. "This is an agree-ment to preserve and protect each other against external aggression. We here depart as is absolutely necessary from the policy of ex-clusiveness. Article ten will prevent the grabbing of territory by greedy nations. Almost all of the wars in history have been wars of conquest. I, for one, believe that Article teu will have more influence in the pre-vention of wars than any other ar-ticle of the covenant. "This league is not a panacea for all the evils which have afflicted the mations; but if it shall prevent even one war, it will have served humanity and civilization." 30 % 1323 142 116 3 931
