SPORTS NEWS

COMMUNITY SWIM PLANS COMPLETE First of a Series of Events on River Takes Place Tomorrow Evening

Harrisburg's first community swim will be held to-morrow evening on the river. While entries have been rather slow, indications are there will be a goodly number of participants.

There will be a mile race, one-quarter mile race for girls, and a tilting contest. V. Grant Forrer, assistant superintendent of parks, will assist Lieutenant Winston of the War Camp Community Service in handling the events.

There are upwards of 800 canoes registered on the river and it is hard to believe that there would not have been upwards of fifty teams entered in the canoe tilting contest.

Swimming will never take on a boom in this city unless begun at once, many cities not even having facilities for producing wonder-workers, therefore, it is hoped that all interested in this splendid sport will lend their aid toward making this event one long to be remembered.

Light and Power Team Is Again Timely Hit Winner Harrisburg Light and Power won again last evening, taking a spirited battle from the Pennsylvania Electricians, score 4 to 2.

Directs Welfare Work

DR. DOROTHY CHILD Who Worked Long and Hard in France, Helping War's Refugees in Dark Days of Battling

Dr. Dorothy Child, director of division of Public Welfare of the State Board of Health, was in Harrisburg yesterday to direct the investigations being made about the city with regard to improving conditions for the children.

In October, 1917, there came a call for doctors to go to a department of France which was situated near Switzerland to care for returning refugees from behind the German lines.

Dr. Child entered at once upon her duties. Twice a day and sometimes oftener long trains would come through from Switzerland, bearing their pitiful load of "repatriés."

Naturally they had received very little medical attention in Germany, and they came into Evian with the most disgusting diseases, filthy, tired and hopeless.

Although the travel through Germany was always in box cars, the returning ones would be transferred to a crowded car, where it was taken care of. Soon after their discharge papers to this country she took up her present post at the State Board of Health.

County Recorder James E. Lentz will have the war records of every soldier, sailor or marine in Dauphin county, if the returned service men will bring in their discharge papers to his office in the Courthouse.

WAR RECORDS BEING FILED County Recorder Anxious to Obtain All the Local Data

County Recorder James E. Lentz will have the war records of every soldier, sailor or marine in Dauphin county, if the returned service men will bring in their discharge papers to his office in the Courthouse.

Beginning this morning, the American Legion Post in this city is going to make a big drive for members. All service men or women who join the Legion before November 11 will be charter members, and as there are over 3,000 of them in Harrisburg, the local post should boast a powerful membership.

ON TRAIL OF FUNDS OF WRECKED BANK

Dozen May Be Nabbed as Tale of Frenzied Finance Unfolds

Philadelphia, July 31.—State and county investigators into the collapse of the North Penn Bank struck the trial yesterday that was taken by the 22-140,000 which disappeared from the bank.

These investigators declared that about \$800,000 had been stolen from the bank while nearly 1,400,000 of the deposited money had been blown higher and yon by the winds of wildcat finance, or plain stock jobbery.

At a result of the revelations, too, the investigators say that the trial will reveal an astounding story of how a bookkeeper employed at \$15 a month and a cashier with an annual salary of \$3,000 plundered the bank.

Peter G. Cameron, second deputy banking commissioner, and his coadjutors have already traced \$1,000,000 of the North Penn Bank's notes to other institutions in this city, where they were deposited as collateral to secure loans that aggregate \$175,000 to the bank.

Real Story Yet Come So astounding were the facts discovered yesterday that Philip N. Goldsmith, the expert accountant retained by District Attorney Rotan, was moved to ejaculate:

These disclosures have only scratched the surface. The real story is yet to come. But the investigators yesterday said they had unearthed enough evidence to permit them openly to accuse Ralph T. Moyer and Walter Colfax of sharing in the plunder of the lost bank.

LOST IN MOUNTAIN Waynesboro, July 31.—Losing her way in the mountains in the vicinity of White Pine Sanatorium, Mrs. William I. Howe, wife of a tenant farmer, was compelled to spend the night alone in the mountain and was found the following afternoon.

"BAYER CROSS" ON GENUINE ASPIRIN

HOW TO JUDGE A WOMAN BY HER HAIR

There is real commonsense in just noticing whether the hair is well kept to judge of a woman's neatness or good taste. If you are one of the few who try to make the most of your hair, remember that it is not advisable to wash the hair with any cleanser made for all purposes, but always use some good shampoo.

PHOSPHATE HIGHLY RECOMMENDED FOR THIN, NERVOUS PEOPLE

Nothing Like Bitro-Phosphate to Build Firm Healthy Flesh, Vitality and Nerve Force

Should Be Prescribed by Every Doctor and Used in Every Hospital. "Who's Who."

When one stops to consider the host of thin people who are searching continually for some method by which they may increase their flesh to normal proportions by the filling out of ugly hollows, the rounding off of protruding angles with the attenuated bloom of health and attractiveness, it is not surprising that many and many suggestions along this line appear from time to time in public print.

While excessive thinness might be attributed to various and subtle causes in different individuals, the fact that the lack of sufficient phosphorus in the human system is very largely the reason for this condition. Experiments on humans and animals by many scientists have demonstrated that a body deficient in phosphorus becomes nervous, sickly and unattractive.

It seems to be well established that a deficiency in phosphorus may now be met by the use of an organic phosphate known throughout the world as Bitro-Phosphate. Through the assimilation of this phosphate by the nerve tissue the phosphoric content when absorbed in the amount normally required by nature soon produces a welcome and gratifying result. Nerve tension disappears, vigor and strength replace weakness and the body regains its normal standard text books.

Our soldiers always pick out the plump, rosy-cheeked girls.

200 TROOPS WANT GERMAN WIVES

Soldiers File Requests to Bring Them Along to America

Washington, July 31.—Two hundred American soldiers have filed requests to bring home German wives, Representative King (Republican of Illinois, declared yesterday on his return from a six weeks' tour of European countries and the war zone.

"Although American soldiers are not permitted formally to fraternize with the Germans," said Mr. King, "the sight of a doughboy with a fraulein is a common one."

Representative King explained an injury to his left wrist by saying that he and some other Congressmen were stoned at Brest "by a Bolshevik." Others in the party were Representatives Neely, of West Virginia; Goddard, of Maine; McClintock, of Oklahoma, and Furnick, of Indiana.

BELL TELEPHONE CO. The Bell Telephone Company has removed its offices from 208 Walnut street to the new rooms at 206 North Third street, according to an announcement made recently by Local Manager W. H. Pether.

MENTIONED AS WOUNDED Private Delmar R. Lantz, 627 Geary street, is mentioned in to-day's casualty list as being slightly wounded.

ALUMNI EXPECTED About 2,500 graduates of State College are expected to attend the outing to be held at Hershey Park on Saturday. The plans of the committee in charge.
