August Sale of Furniture

A Notable Event Providing Savings of 10 to 25 Per cent

Our homes reflect ourselves in a great measure, showing in the things we put into them, our care, or our indifference. In the same manner, either consciously or capriciously, one reveals one's personal character in the selection and arrangement of furniture. And this coming Autumn, more than in any season in recent years, it will be the eager ambition of the earnest home maker to endeavor to make every room of the house a pleasant and comely place.

The August Sale, Beginning Tomorrow, Offers Values That Are Unique

From the viewpoint of profit alone we would find it altogether more advantageous to dispense with our customary August Furniture Sales, for prices at the Grand Rapids factories have gone so far skyward that in many instances they are even higher than our retail prices.

But in spite of the difficulties attending the delivery of purchases already made and in the face of the advances which we shall have to pay on orders for the future, the August Furniture Sale will be held as usual with every piece of furniture on the floor, or in the warehouse, ready to be placed on the floor, reduced 10 to 25 per cent. In a few rare cases you will find reductions up to 50 per cent.

Where it is not convenient to make full payments at the time of the purchase, access may be had to our liberal deferred payment system, which gives the comforts and pleasure of possession without a feeling of deprivation in some other direction.
