August Sale of Fine Furniture Begins Tomorrow

The first of August always suggests Furniture values unusual. The "August Furniture Sale" is nation-wide. Every town and city has its furniture sale. The public has been educated up to expect furniture reductions. We will not disappoint the people of Harrisburg and Central Pennsylvania. In fact the values are such as conditions may not permit us to offer again.

How long the stock will last is problematic. There is a world-wide scarcity and repeat orders to factory is an uncertainty because of labor conditions and the unusual

demand. But confidence is essential in selecting furniture and Bowman's Furniture has for years enjoyed a reputation of being from the most reliable makers and exceptionally moderate in price. Therefore when semi-annual reductions are in effect the values are naturally much greater.

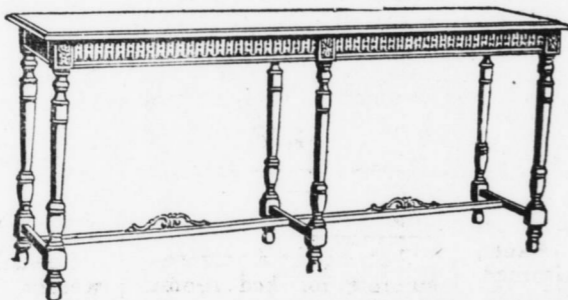

A deposit holds any purchase for future delivery. We deliver by motor truck and prepay freight to distant points. Bowman's Club Plan permits convenient payments if desired.
