

RAISE PRICES TO MEET COAL COST

British Manufacturers Must Pay \$1.50 More Per Ton For Fuel

London, Aug. 1.—Surprised and shocked by the government announcement that coal is to cost the consumer \$1.50 more a ton because of increased wages, shorter hours for the miner, and steadily decreased production per workman.

British manufacturers have been calculating just how much they must add to the price of their product in order to maintain the accustomed level of profit.

The Federation of British Industries, representing well over \$5,000,000,000 invested capital, has made public the following statement of increased prices under the new coal charge.

Engineering products, three to 10 per cent; textiles, three to four per cent; metal trades, two to six per cent; chemicals, 10 per cent; gas and electricity, 10 per cent; paper, per ton, \$2; salt, per ton, \$1.50.

In the building trades increased costs will be:

For steel, \$5 per ton; bricks, five per cent; glass, five to 10 per cent; drain pipe, \$1.50 per ton.

The steel trade took immediate alarm, and when the announcement was made promptly withdrew all quotations, pointing out the difficult position in which the industry was placed as already British manufacturers were being undersold in the home market by American steel makers.

Grimsby fishermen also made their position very plain, declaring they could not operate their steam trawlers with the new priced coal and sell fish at old prices.

In Manchester it was pointed out that the smaller industries would be the most seriously affected, while leading coal operators said they would receive nothing from the advance.

The public generally also took alarm, when it was pointed out that with coal at the new price it would have to consent to 1,440,000,000 in gas prices that would make up a deficiency every year of some \$36,000,000.

Canadians Lost Millions in Wages by Recent Strikes

Winnipeg, Man., Aug. 1.—Canadian workmen lost \$7,000,000 in wages in June and slightly more than half that amount in the preceding month, according to estimates.

The Winnipeg strike alone cost the workmen several million dollars. Board of Trade officials believe the economic loss to merchants, manufacturers and the public was at least 100 per cent. more than the labor loss.

In June, the eighty strikes in Canada involved \$7,917 men, women and children. The official estimate shows a loss of about 1,440,000 working days. The average wage involved in the Winnipeg strike was about \$5 a day.

In May there were 84 strikes involving 77,688 workers who lost \$39,815 working days.

Living in Canada Continues to Soar

Ottawa, Ont., Aug. 1.—Despite government efforts to reduce prices, the cost of living in Canada continues to soar. The high prices were cited as the cause of unrest in every district, according to investigation of the recent strikes throughout the Dominion.

Government officials stated that the high cost of necessities was responsible for the dissatisfaction of thousands of conservative workmen. They also asserted this subject gave radicals an excuse for trying out more ambitious schemes.

The average cost of 29 staple foods in sixty cities in June was \$13.72, as compared with \$13.53 in May, official statistics show. In June 1914, the average was \$7.35.

Endeavors to Hold Picnic at Hershey, Aug. 29

Under the auspices of the Harrisburg Christian Endeavor Union and Christian Endeavor Alumni Association, a picnic will be held at Hershey Park, Friday, August 29. Automobiles and trucks will convey the Harrisburg societies to the park.

"Doc" Miller, of the "Y," will have charge of the stunts. After dinner the games are scheduled to start, and one of the features will be the entertainment of some of the wounded soldiers from the Carlisle hospital. Prizes will be awarded to the winners and "boobies" in the different events.

Many societies in Dauphin, Cumberland and Lebanon counties will attend.

Jap Students Organize to Uphold Traditions

Tokio, July 4.—A student group of the Tokio Imperial University has organized a society for national expansion upholding of Japanese traditions and to oppose blind adoption of the ideals of Western civilization. The students assert that Japan has her own characteristic civilization which is strong enough to be independent of the European and American civilization.

Would Put Movies Under Federal Control

Brussels, July 15.—A group of senators of the three leading parties have introduced in Parliament a bill to place moving picture films under Science and Arts. The scheme meets the supervision of a Ministry for with the favor of the majority of the press.

PERFECT EVENING SPOILED

"Isn't it glorious here?" she exclaimed when the waiter had taken their orders.

"Do you think so?" he replied. "It's perfectly lovely. Everything is in such beautiful harmony—the fountain, the trees, the swaying lanterns, the music—everything is ideal. It's like Fairyland."

"I'm glad you like it."

"I'm simply enchanted. Doesn't it make you feel as if you had stepped out of the everyday world into something strange and new?"

"Not a bit."

"What's the matter?" You don't seem to be enjoying yourself."

"My boss is sitting at the third table over there to your left, and I can tell by his look that he's wondering how I can afford to blow myself at a place like this."—Dayton News.

SPOILED IT ALL
They had been dining in state in the dining car. Husband, who is a teacher of English, was glad that little daughter had behaved so perfectly. Mother also was in a happy frame of mind. There were numerous other diners in the car and the parents were proud of their child. Not a single thing had happened to mar the serenity of the occasion.

SOLDIER DECLINES OFFICE
Burlington, N. J., Aug. 1.—"I feel I am not fitted to be a Solon and it is my belief that any service man who tries because of his war record to be elected to an office for which he has not the qualifications makes a regrettable mistake. We did not go into the war to win personal political preferment."

This is the comment of Major Edward B. Stone, South Jersey's most famous war hero, who led the Old Third Regiment in its charge against the Prussian Guard in the Argonne, setting at rest reports that politicians have been boomerang him for a State Senatorship. The Major's refusal of the opportunity to sit with the lawmakers defeats the efforts of both parties to land him as a candidate.

Although nominally a Republican both parties in the county attempted to get him as a candidate for sheriff next year, almost as soon as he returned from the war and there is a little doubt but that he can have a double nomination for that office without opposition if he wants it.
