## New Fall Styles in Jack Tar Middy Dresses

Little girls watch the fashion sheets for the newest and the mother who shows good taste in her own dress knows the advantage of keeping the little girls abreast with Fashion's changes. Some of the many things in for fall are the new middy dresses and blouses.

The Jack Tar Middy Dresses are prettily made of Jean, Hague cloth and Belgian cloth. They come in plain white and white with navy, red and Copen trimming. Yoke back and front belt and pockets. Braid trimmed, with emblem on sleeve. Silk tie or lacing at neck. Sizes 2 to 6 and 6 to 14, at \$2.95, \$3.95, \$4.50, \$5.50, \$6.50 and \$9.50.

Girls' middy blouses, 6 to 14 years. Made of Jean twill, Hague and Belgian cloth. All white or color trimmed with and without emblem and tie; \$1.50, \$1.95, \$2.50 to \$4.50.

Flannel middies are to be popular this fall among girls 6 to 14. We have them in navy and red, braid trimmed. Just the thing for outing, camping and sport wear; \$6.95.

# History Repeats Itself. Yes, and Once More We Are Holding the August Sale Of Furniture

And customers are coming in with repeat orders. That is they were so well pleased with the styles and values received that many have come in and bought additional pieces and suites. One woman who bought generously last year came in again for several additional pieces. "I wish I were furnishing my home all over again," she said, "just for the fun of picking out the lovely things, especially when you know how much happiness they can bring." The furniture which has gone before it is serving as a better advertisement than we could write of what our August Sale means.

We invite your inspection of the following. A deposit holds any purchase for future delivery. Bowman's Club Plan is a convenient method of taking care of later payments, if so desired.

## Garbage Cans

### Must Have Covers

The Health Department has decreed that the day of the peach basket, wooden box, pasteboard box and other open receptacles is past. The garbage collector is not obliged to take garbage from anything but covered metallic cans.

### Extract From Contract

The contract with the garbage collector says: "All garbage shall be collected in water tight covered metallic cans, that can be easily and quickly handled by one man. \* \* \*

"These receptacles shall have a capacity of no less than three or more than 10 gallons." \* \* \*

"If these rules are not observed by the household the contractor is relieved from making collection."

The Health Department, the City Officials and the Garbage Collector will do their part. Will you do yours?

In order to help you to co-operate with them in making Harrisburg a model, healthful city, and prevent the disease-breeding flies and mosquitoes from having any open garbage boxes in which to thrive, we will do our part by offering
