

DENVER CATERS SOUTH AMERICA FOR NEW TRADE

Exporters Give Much Attention to Needs of These Countries

Denver, Aug. 5.—Denver exporters are rapidly pushing open the gates of commercial South America by giving greater attention to the needs of Latin American countries, by more sympathetic deference to business customs prevalent below the equator, by more careful packing and by refraining from hurrying the South American merchants to pay their bills.

Lessons derived from the experiences of Denver manufacturers may be a benefit to those of any section of the country. Business circulars are being issued in Spanish and correspondents familiar with that language are being employed so as to approach the customer in his own language.

Realizing that much of their merchandise must be transported by mules over the Andean passes, the Denver men are limiting the weight of packages of machinery to about 250 pounds and are packing them in cases composed of heavy planks reinforced with steel bands.

Extension of credit is being arranged through the assistance of certain New York banks.

Denver exporters find that it is best not to introduce innovations with painful suddenness.

There is scarcely a South American country with which some Denver manufacturer has not established commercial relations. The Andean mines of the west which are reached by way of the west coast of South America are the best customers for the class of machinery which Denver has to offer.

One local exporter of mining machinery reports that he has received more inquiries from Latin America in the past six months than ever before during a corresponding period.

Unionist Urges Veto of Daylight Repealer

New York, Aug. 5.—An appeal to President Wilson to veto again the repeal of the daylight saving law was made last night by James Duran, the first vice-president of the American Federation of Labor, and head of the Granite Cutters International Union.

Mr. Duran asserted that the extra hour of daylight was "better than medicine for the prevention of tuberculosis."

He said he had been notified by Senator Calder, of New York, that the complaints of farmers that they would be unable to meet early milk produce trains after the new time would be investigated and that the Railroad Administration will change schedules where necessary.

Engines For Poland Will Be Built in U. S.

Philadelphia, Aug. 5.—The Baldwin Locomotive Works is to build 150 locomotives for Poland at a price of approximately \$7,000,000, or at the rate of a little more than \$46,000 each.

According to reports in foreign trade centers in New York, the Polish Government is to be given ten years in which to complete the payment for the engines, the first instalment to come in three years, with an annual payment thereafter until the end of the period.

Samuel M. Vauclain, president of the Baldwin Company, said that although the contract has not been actually signed by officers of the company, negotiations for the order are under way. He declined to discuss the financial arrangements.

Such an extension of credit to a foreign country caused some uprise among equipment manufacturers. It is the first instance of such an arrangement for payment in this line of manufacture, although the method has been in practice by companies doing a general export business.

Col. Pusey Finds More Alleged Looters of Bank

Philadelphia, Aug. 5.—Colonel Fred Pusey, Deputy Attorney General, gave the names of two or three men who have not as yet been named in the newspapers as being involved criminally in the looting of the North Penn Bank, to Assistant Attorney Joseph H. Taulane, at a conference at City Hall yesterday, which lasted nearly four hours, and following which a speedy action was promised against those known as responsible for wrecking the institution.

Every word and action of the conferees yesterday hinted at quick and summary action. It was the first one at which the bank examiners, who are going over the assets of the bank and who are concerned with civil processes, have gathered in and the district attorney's officials who are making criminal investigations and in whose hands lie arrests on criminal charges.

Seventeen Negroes Charged With Riot

Chicago, Aug. 5.—Seventeen negroes were charged with rioting and murder in indictments voted by a special grand jury investigating race riots which for five days last week held the South Side of Chicago a reign of terror. The indictments are to be returned before Judge Robert E. Crowe in the criminal court to-day.

While city, county and State authorities combined in seeking causes that led to the rioting in an endeavor to fix responsibility, 6,000 State troops, 5,000 policemen and 1,000 deputies continued to patrol the negro quarter.

12-Year-Old Bull Sells For \$65,000

Mount Kisco, N. Y., Aug. 5.—Gamboge, a 12-year-old bull, brought \$65,000 at an auction sale of imported Jersey cattle held at the farm of Edmond Butler, here to-day. Gamboge was purchased by L. K. Walding, of Southington, Conn., who also bought a two-year-old heifer for \$6,500. One calf brought \$5,500. A total of \$158,300 was obtained for 46 animals.

Grocer Up Against It

"I have been up against it for the past 3 years, suffering from pain in my stomach and side until I was considering giving up my grocery business. Doctors and medicine did not help me. I heard of Mayr's Wonderful Remedy through a friend in Buffalo. The first dose gave me more benefit than all the medicine I had taken before and am now feeling as well as ever in my life. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and kidney ailments, including appendicitis. Austria Will Hand Her Counter Proposals to Peace Terms Over Tomorrow

Paris, Aug. 5.—Dr. Karl Renner, the Austrian Chancellor, and head of Austria's peace delegation, informed General Secretary Datusz of the Peace Conference to-day that Austria's counter-proposals to the peace terms would be handed over to-morrow at the prescribed time for their presentation.

Dr. Renner, who will leave St. Germain-en-Laye this evening for Vienna will return on August 12.

The Supreme Council of the Peace Conference on July 29 extended the original time granted the Austrian plenipotentiaries for considering the peace terms, fixing the expiration of the time limit as August 6.

Oldest Employee of Steel Company Is Dead

Martin T. Boyer, aged 71, oldest employee of the Steelton plant of the Bethlehem Steel Company, died last night at his home, 608 North Second street. The survivors are a widow, Sallie; daughter, Mrs. Elizabeth Miller, Buffalo, N. Y.; and four grandchildren. The others are also survivors: Simon C. Boyer and Abram F. Boyer, Harrisburg; Mrs. George Dehl and Mrs. Price Ingram, Harrisburg; Mrs. William Hetrick, Pottsville; funeral will be held Friday afternoon. Services will be conducted at the late home, at 2 o'clock by the Rev. Joseph Danzberg, pastor of the United Brethren Church. Burial will be made in Baldwin cemetery.

Dr. Lewald to Reopen Rhine Republic Deal

Berlin, Aug. 5.—Dr. Theodor Lewald, under secretary of state, is going to Versailles soon to resume his discussion with the Peace Conference relative to the establishment of the Rhine republic, according to Cologne advice.

Dr. Lewald is negotiating with parliamentary circles in the Rhineland for the purpose of ascertaining the wishes of the people, desiring to submit any consensus of opinion which may be reached. Bavaria, Wuertemberg, Baden and Hesse have expressed numerous wishes to be presented to the peace conference. The Rhineland republic, while the majority Socialists from Upper Wiesbaden and Upper Lower Taunus unanimously oppose the plan for the republic.

resenting to the Rumanians that such action would have a depressing political effect for the new cabinet. Last night they sent a message to the Rumanians to postpone action. The city or bombard it, but later entered into a parley with Joseph Haubrich, Hungarian minister of foreign affairs, who declared that the city is quiet.

Believe Now Is Time to Establish Stable Rule

Paris, Aug. 5.—Most of the newspapers, commenting to-day upon the Hungarian situation, expressed the belief that it would be unwise not to take every advantage of the present circumstances to establish a stable government in Hungary.

The Excelsior endorsed the suggestion that peace in central Europe depends on thorough disarmament of Hungarian troops and suggested that the victorious Rumanian army should undertake this disarmament. Nothing better could be wished, according to the Gaulois than that the Rumanians should be thegendarmes of civilization in Hungary.

The Rumanians were to revert to the peace conference, the contrast apparent or concealed under the cloak of Bolshevism, would be reduced quickly.

Hungarian Peoples Republic Is Title of New Government

Berlin, Monday, Aug. 4.—"The Hungarian peoples' republic" is the official title of the new government at Budapest, it was announced at Vienna yesterday by members of the Hungarian government after a conference with Allied representatives.

A program of policies agreed upon at the conference was given to the correspondents of Dr. Agoston, Hungarian minister of foreign affairs. He announced that the Budapest government would change from the Soviet system to social democracy. The new government, he said, guaranteed the Allies that the legislature should meet and acts of the Soviet would be kept in force until changed by the new legislature.

Complete amnesty for all political offenders punished under Soviet rule has been granted, it was announced. Dr. Agoston said he had issued an order for special protection of foreigners in Budapest.

One of the things to be determined by the legislature to be elected will be the degree of socialization to be adopted.

Food is reported to be scarce in Vienna and only part of the stores are open.

Jugo Slavs and Troops of Szegedin Are Near

Berlin, Monday, Aug. 4.—Troops of the Szegedin government of Hungary advanced to within twenty-five miles of Budapest, setting to reach that city to-night and Jugo Slav forces are also advancing upon Budapest, according to a Vienna dispatch received here. It is stated that the Rumanians have captured many communist leaders at the Hungarian capital.

The Rumanian official statement which declared that the people of Budapest "greeted Rumanian forces with enthusiasm" fails to agree with special to Berlin newspapers, which say the approaches of the Rumanians are plundering Budapest suburbs where they are quartered. Joseph Haubrich, Hungarian minister of foreign affairs, is reported to have notified the Rumanian commander that he cannot guarantee the maintenance of order in the city if vandals and the Rumanian soldiers continue.

ELMER E. SMITH

Elmer E. Smith, 58 years, a former resident of Harrisburg, late district manager of the Refrigerator Engineering Company at Dallas, Texas, died at the Baltimore Hospital at 12 o'clock noon, Wednesday. The Rev. Mr. Bergen, pastor of St. Paul's Episcopal Church will officiate. The services will be in charge of Pilgrim Commandery and will be held at the Chapel of Hoover and Son funeral directors, 1413 North Second street. Burial will be made in Harrisburg cemetery. The body may be viewed this evening.

The survivors are widow, Mrs. Elmer E. Smith, one daughter, Mrs. Willie H. Ford, Jr., Dallas, Texas; Mr. Smith was with the Frick Company for 21 years. He was a member of York Lodge No. 548, F. and A. M.; Pittsburg Chapter, and Houseman Commandry, Knights Templar.

Colonel Martin Drops in For a Few Hours

Colonel Edward Martin, of Waynesburg, was in the city for a few hours to-day transacting business at the Capitol. Colonel Martin was one of the strong pillars of the old National Guard of Pennsylvania, and as an officer of the One Hundred and Tenth Pennsylvania, trained with the Twenty-eighth Division at Camp Hancock and accompanied that famous division to the fighting lines in France. His record as a soldier and fighting man was second to none in the U. S. F. He is deeply interested in the preparation of a history of the One Hundred and Tenth and is incidentally taking an active part in the reorganization of the Guard.

He reported to-day that Colonel Joseph H. Thompson, who commanded the regiment when it was mustered out at Camp Dix and subsequently returned to France as a coach of the military athletic teams which participated in the Pershing stadium events at Paris is expected home within a few days. Both officers have many friends in Harrisburg, who are always glad to extend the glad hand.

SAYS MEXICO MAY ESTABLISH A "DRY" ZONE

Cabinet Member Would Keep Americans From Selling Liquor

Mexico City, Aug. 5.—Thirty residents of the United States who hope to find an oasis in Mexico may be disappointed. A cabinet member whose influence will be felt in the drafting of "dry" regulations was recently quoted in the Excelsior as saying that it may be necessary for the Mexican government to establish a "dry" zone at least ten kilometers deep along the entire length of the United States boundary.

Intimation was also given that the government is prepared to move immediately against persons who are reported to be selling liquor to Americans, using Mexican territory as their base of operations.

A question which is said to be giving officials here much concern is whether United States brewers and distillers shall be allowed to transport their plants, together with their stocks of goods, to Mexico. No official action has been taken on that phase of the question.

Prohibition is a nation-wide measure is commencing to attract attention. General P. Elias Calles, governor of the State of Sonora, recently revived several "dry" laws and announced they would be enforced. These regulations provide severe punishment for persons convicted of the illegal sale of liquor. The Legislature of the State of Campeche has discussed "dry" measures for some time, but it is taken inasmuch as Governor Joaquin Mucel has asked that instead of a "bone-dry" law there be enacted measures regulating the manufacture and sale of intoxicants.

BELA HAD 5,000,000 CROWNS

London, Aug. 5.—Bela Kun, the deposed Hungarian dictator, took 5,000,000 crowns with him when he left Hungary, says a Berne dispatch to the Exchange Telegraph Company to-day. When he reached Austrian territory, it is declared this amount in crowns which had been confiscated was found in his luggage.

SUMMON MILITARY HEADS

Paris, Monday, August 4.—The Supreme Inter-Allied Council decided to-day that the heads of the allied military missions in Germany should attend a conference to be held in Berlin between German and Polish representatives to consider matters relating to the transfer of territory ceded to Poland by the German Peace Treaty. The Council also heard a Swedish delegation, introduced by the Swedish minister, on the disposition of the Aland Islands.

Declares Efforts to Get League Information From Wilson Unavailing

Washington, Aug. 5.—In its hearings on economic sections of the Versailles treaty, the Senate Foreign Relations Committee got into a sharp argument to-day over the League of Nations, during which Chairman Lodge declared repeated attempts to secure information on the league from President Wilson had been unavailing.

"The President" said Senator Lodge, "has never offered to come before this committee. He only sent a telephone message saying he would be glad to have the committee come to the White House. We have called for paper after paper, and he has not sent one."

Senator Fall, Republican, New Mexico, remarked that the committee did see the President at the White House on his first return from France, but had failed to get from him any important information. Democratic members of the committee replied and the argument became so sharp that the chairman had to rap for order.

"The clash interrupted the testimony of Norman Davis, an economic adviser to the Versailles conference, regarding the reparations clauses of the Treaty."

ARTICLE XI SAFE, HUGHES THINKS

Replies to Borah Saying There Is "No Injury to American Interests"

Bolton Landing, N. Y., Aug. 5.—No reservations are necessary in regard to Article XI of the covenant of the League of Nations, in the opinion of Charles E. Hughes, who, in a letter to Senator Borah, made public at his summer home here, rejects the Senator's claim that Article XI is equally as objectionable as Article X. Mr. Hughes' letter is in reply to one written to him by Senator Borah on July 29. In it he expresses the opinion that Article XI contains "no injury to American interests."

"I find in Article XI no guaranty of territorial integrity," said Mr. Hughes, "or of the political independence of any State, or any assumption of any obligation to make war, or to maintain an economic boycott or blockade, or to take any other action whatever, unless the United States, availing itself of its privileges as a member of the council, concurs in a decision that such a course is both wise and effectual. The United States, as it seems to me, will be entirely free to reach its conclusions according to the merits of the case."

Continuing his explanation, Mr. Hughes says that his objection to Article XI is that, unlike Article X, "it is not properly limited to an agreement to confer and to decide in the future upon the course of action which would then seem to be in accordance with the dictates of justice and our views as to what as a nation we should undertake."

Dr. C. L. Zimmerman Home on Vacation

Dr. Charles L. Zimmerman, formerly resident physician at the Harrisburg Hospital and a former member of the Telegraph staff, stopped over in the city on a short visit to his mother, Mrs. C. L. Zimmerman, of 214 Peffer street.

Dr. Zimmerman for the past four years has been a physician in the United States Indian service being located at the Ponca Agency, Whiteagle. He is enroute to Washington, D. C., where he will probably be located as Assistant Medical Director of the United States Employees Compensation Commission.

Refuses Delay in Trials of Nine Men Who Sold Liquor

New York, Aug. 5.—Postponement of the trials of nine men charged with selling liquor in violation of the wartime prohibition act and after the Supreme Court had passed upon its constitutionality was refused by Judge Foster in the criminal branch of the Federal district court here.

George L. Donnell, counsel for the Liquor Dealers Association, who appeared for them, declared that an injunction would be done then if they were tried before the test cases were decided, but Judge Foster ruled that the men must be tried when their places on the court calendar were reached.

Dyers Strike in Support of N. J. Silk Workers

Paterson, N. J., Aug. 5.—Supporting the demands of silk workers for an immediate 44-hour week and a 12 per cent increase in pay 1,500 dyers employed by the Wiedman Silk Dyeing Company went on strike here to-day.

The amalgamated textile workers of America held a meeting this morning to devise plans for uniting 14,000 unorganized silk workers, men and women. It is estimated that 13,000 broad silk weavers and members of the amalgamated are idle. Some of them were locked out when they went to the mills at 8 a. m. instead of 7.20 in an effort to put the 44-hour week into effect but the majority struck.

SEEK AMENDMENT

Amsterdam, Monday, Aug. 4.—At the last sitting of the International Trades Union Congress here to-day British and American delegates sought to amend the last paragraph of the resolution dealing with the conference to be held in Washington, D. C., in October, providing that the resolutions should be binding on all nations represented at the present Congress. The British and Americans, however, failed in their effort to remove the objectionable paragraph and the resolution was adopted 29 to 11.

Too Young to Feel So Old!

DON'T let that bad back make you old! Get back your health and keep it. You can detect kidney weakness in its early stages, from the morning lameness, dull back-ache, dizzy spells, nervousness and kidney irregularities. Taken early, a short treatment with Doan's Kidney Pills will usually correct it. Kidney weakness is too often brought on by irregular habits.

Practice moderation. Keep regular hours. Take regular exercise. Cut out useless worrying. Avoid over-eating, over-drinking, over-working and all other excesses. A perfect balance of brain, muscles and nerves makes work as sweet as play. You enjoy life, radiate good cheer and feel young at any age. Doan's have helped thousands. Here are some local cases:

SOME HARRISBURG CASES:

<p>North Sixth Street</p> <p>Charles R. Poe, 2004 North Sixth street says: "I have had my share of kidney trouble. I was in bad condition a few years ago. Every muscle in my back was sore and lame, and I was getting dizzy and down my back. The kidney secretions were scanty and irregular in passage and were also highly colored. I had to get up often at night on this account. Frequently millions of colored specks would float before my eyes, blurring my sight, and I would get so dizzy I would hardly be able to stand. I began the use of Doan's Kidney Pills and it was not long before they helped me. Two boxes of Doan's gave me complete and lasting cure."</p>	<p>South Sixteenth Street</p> <p>Mrs. W. F. Bomgardner, 36 South Sixteenth street, says: "Last summer I suffered with kidney complaint. I thought my back would never stop aching and it seemed that every muscle in my back was drawn up and it was sore as a boil. I often had to press my hands upon the small of my back to ease the pain. Dizzy spells would come over me and black spots seemed to float before my eyes, blurring my sight. My kidneys did not act right and I was worn out. Three boxes of Doan's Kidney Pills strengthened my back and kidneys and cured me entirely."</p>	<p>Melrose Street</p> <p>Will M. Mars, 908 Melrose street says: "I cannot say too much in praise of Doan's Kidney Pills after my pleasing experience with them. I was in a lot of shape with kidney trouble a few years ago. Every time I stooped over, sharp pains would dart up and down my back. I had to get up often at night to pass the kidney secretions, and their appearance showed that my kidneys were congested and needed a good cleansing out. If I stood in one position any length of time I would get so stiff and lame I could hardly get around. Doan's Kidney Pills soon had me feeling better and only a few boxes gave me complete and lasting cure."</p>
<p>South Sixteenth Street</p> <p>Mrs. H. M. Wagner, 3 South Sixteenth street, says: "I was troubled with my kidneys some years ago. I suffered terribly with sharp pains in my back and I usually felt tired out, depressed and miserable. Whenever I stooped over it was hard for me to straighten up again and often I would get so dizzy and nervous I could hardly go. Upon the advice of a 'cure' I started to use Doan's Kidney Pills and it was surprising how quickly they relieved me. This medicine finally cured me, and that cure has proved permanent all these years."</p>	<p>West Hamilton Street</p> <p>R. A. Gempferling, 204 West Hamilton street, says: "A few years ago I was in bad shape with kidney trouble. The muscles of my back were sore and stiff, and sharp, digging, knife-like pains would often catch me in the small of my back. My kidneys acted irregularly and the secretions were scanty and highly colored. I was lame and sore all over, too. Upon the advice of a friend, I took Doan's Kidney Pills and they helped me immediately. Before long I was fixed up in good shape and entirely rid of kidney trouble. Since then I have used Doan's occasionally as a preventive."</p>	<p>South Seventeenth Street</p> <p>Mrs. Ada G. Smith, 307 South Seventeenth street, says: "A couple of years ago I began to have trouble with my kidneys. My back ached and sharp pains would catch me in my back when I did any work, such as dusting or sweeping. The pains in my back were causing me to be tired and languid, and I was also annoyed by the irregular action of my kidneys. I would have frequent dizzy spells and headaches and felt generally run down. I knew my kidneys needed attention, so I began taking Doan's Kidney Pills, getting them at Pott's Drug Store. Doan's brought me relief at once, and it was not long before my trouble was completely ended."</p>
