NEWCOMERS WIN TENNIS OPENER

Fager Brothers Lose First Match in the Local Tournament

Notwithstanding the many trials and tribulations in getting Harrisburg's Tennis Tournament started, played on last evening with a large and enthusiastic gallery. Late comers figured in the opening match. Soon after the matches were played off, the committee put their heads together, and made drawings for the women's events, and the mixed doubles. It looks like a real tournament, and interest is strong even with a small number of entries. All matches are played on Reservoir courts.

Harrisburg Swimmers to Compete in Lancaster

While in Lancaster yesterday, Lieutenant James F. Winston of the War Camp Community service, arranged for the two local winners of the mile race of last Friday: namely, William Emmanuel and John Ewing to enter the one-mile championship swim of Lancaster county to be held in Lancaster Friday, at the Maple Grove pool. This is an outdoor swimming pool with eight laps to the mile and affords an excellent opportunity to watch the race as spectators may stand all around the entire area of the swimming pool. Donations from two local merchants were received in the shape of a silver loving cup for first prize and a medal as a second prize.

Forewarned Is Forewarned

Coal consumers have failed to buy for use during the coming Fall and Winter. Thus it has proved impossible to keep coal moving from the mines, and production in consequence has badly slumped.

Available mine labor has been reduced by the departure of miners to Europe. More than forty thousand already have arranged to leave.

Motive power and cars are waiting for coal transportation now. Soon the nation's great crops of grains and other products will congest the rails and glut the terminals. It follows that coal transportation facilities will be sharply reduced and coal deliveries will suffer.

SENATE MAKES WILSON TARGET

Accused of Inconsistent Attitude on Shantung and Fiume

Washington, D. C., Aug. 5.—President Wilson's attitude on the Territorial Clause of the various Powers as involved in the Peace Treaty, and the covenant of the League of Nations, were made the targets of Senatorial attacks in the Senate yesterday.

Senator Sherman, Republican, Illinois, in an address on the Peace Treaty, charged President Wilson with inconsistency in opposing Italy's claims to Fiume, while supporting Japan's claims to Shantung.

"A League of Nations born of repudiation of Italy's claims and the spoliation of China is cursed from birth with an irredeemable outrage on the right of two ancient and friendly Powers," said Mr. Sherman.

"Fiume is Italian in blood, language and traditions. Italy is justified in asking to resume the natural relations existing between Fiume and the mother country."

Chicago President Is Now Doing Guard Duty

Chicago, Aug. 5.—William Vecek, president of the Chicago Nationals is doing guard duty in the riot zone of Chicago. Vecek, who is a member of Company G, 2d Regiment, I. R. M. of Hinsdale, a Chicago suburb, was notified to join his company last night, which was sent to the South Side to relieve one of the companies which has been on duty for several days.

Essex Owners Are Its Salesmen

At first it was what people who had seen the Essex said about it that led to its popularity.

Now owners—and there are thousands of them—are indorsing it on every hand. People stop Essex owners to inquire about their car. The answer is unanimous. When asked as to its performance they make no reservations. Admiration of its riding qualities is never lacking.

JAPANESE ATTITUDE ON SHANTUNG SAME AS ENVOY VIEWED IT

Washington, Aug. 5.—Japan's assurances to the United States on Shantung have been printed in Tokio, but they have not been delivered to the Washington Administration.

These assurances, for which President Wilson has been waiting more than a week and which he has counted on to remove much of the antagonism in the United States Senate to the Shantung provision of the peace treaty, are understood to have been printed in the "Orient" Saturday.

Advices received here state that no date is fixed by Japan for the return of the Shantung peninsula to China, and it is generally believed from the summary now available that the reply is only partially satisfactory.

A resume of its main features indicates that the official reply of the Japanese government follows closely the statement issued here on its own authority by Counselor Debut, Charge d'Affaires of the Japanese Embassy in the United States, several days ago.

LEW TENDLER GETS DECISION OVER BOXER WILLIE JACKSON

Philadelphia, Aug. 5.—After being knocked down twice by Willie Jackson in the final bout at Shibe Park last night, Lew Tendler came back strong, and outboxed Jackson so greatly in the balance of the contest that he was clearly entitled to the verdict, when the bout was over.

There was a good-sized crowd present, although the patronage was nothing like as large as assembled to witness the last series of open-air bouts held there. The crowd was orderly, and gave the police no trouble. The regulations were strict, and the field was kept clear of all but a few rows of seats back of the ring. The referees were Frank O'Brien, Jack O'Brien, Sam Lewis and Lew Grimsby. The timekeepers were Joe Cervino and Billy Purcell.

River Project Depends on Surrounding Business

Columbia, Pa., Aug. 5.—With manufacturers here spurring ahead at almost wartime speed, and the whole section of the State reporting business booming, hopes of having the Susquehanna river made navigable have been made brighter by Colonel J. J. Lovering, of the United States Army engineers, who in a letter just received, declares business in the territory tapped by the river will have a great deal to do with the carrying out of the project.

Colonel Lovering's letter was in response to queries directed to him, asking for a further explanation of the "survey" which has been ordered by the War Department.

He says: "Before an actual field survey will be authorized by the War Department a preliminary report must be prepared and submitted on the question of the benefit to be derived from navigation and an approximate estimate of the character and amount of freight that may be handled. From this data an estimate must be made of the probable commerce of the river, both imports and exports."

Hails the Essex

Essex owners report the satisfaction they experience at the way people speak of their cars. It increases their pride of ownership. Motorists and even boys on the street hail the Essex with some such greeting as "There is an Essex."

Curiosity in the car that possesses quality and performance at moderate cost and without the expense and weight of such cars as formerly were the only ones that possessed those advantages, has given way to openly voiced admiration.

Essex Performance Is Always Mentioned

They know they can match the performance of other cars and that their cars will meet any acceleration or endurance test they impose.

They are always in the lead when quick acceleration is desirable. They hold their own on the road against cars regarded as the fastest. They keep going and require little attention.

The repair shop is no place to learn about the Essex, for it has little need to know the repairman.

Won't you make some inquiry about the Essex? You will find it interesting and convincing.
